

NEW REBELLION BEGUN IN MEXICO

Carranzistas Force All Civilians in Juarez to Disarm.

HUNDRED PLOTTERS HELD, TO BE SHOT

Torreon Practically Under Control of Conspirators—Revolt in Chihuahua.

El Paso, Tex., Aug. 12.—Carranzista army officers at the head of squads of Carranzista soldiers to-night disarmed all civilians in Juarez. More than 3,000 rifles, which had been given to the civilians to use against Americans, were taken from them to-night.

To-night Carranzista troops are guarding every approach to Juarez in anticipation of an attempt to take the town. In the town all who are suspected of disloyalty to Carranza are being put under arrest.

Discovery to-day of a widespread plot of Legalist to inaugurate a new revolution in Northern Mexico by the seizure of Chihuahua City, Juarez, Villa Ahumada and Ojinaga was followed by the arrest of more than 100 former Orozco and Villa followers, including General Ynez Salazar, all of whom had been granted amnesty by the Carranza government in the last three months.

The first arrests were made in Chihuahua City, where, it is alleged, General Salazar had organized a force to seize the capital, imprison the Carranza officials and inaugurate a new provisional government, with Manuel Galero as Provisional President.

Plotters Gaining Strength.

Legalist plotters have gained strength in Torreon, according to reports from there to-day, and the efforts of the Carranza officials to check the movement there have failed, the city being practically under control of the new revolutionary element.

Advices from Chihuahua to-day say all now under arrest there are to be put to death to-morrow morning, and that hundreds of additional arrests are being made by Carranza soldiers, who are searching the city for plotters.

Discovery of the plot was followed by an order by General Trevino for the disarming of all civilians throughout the state of Chihuahua, and the issuing of an order by General Gonzales, in Juarez, for every civilian in the city to turn in to the commandancia whatever arms he had.

Only two men obeyed the order to-night, and arms were being forcibly taken from the civilians.

General Felix Terrazas, one of the leaders in the new revolution, is held with General Salazar as an instigator of the plot to seize Chihuahua City. He formerly was a leader in the Pascual Orozco revolt against Madero.

Several Villistas Held.

A number of Villistas, including General Ortiz and Colonel Ventura Rodriguez and Felix Delgado, also are held as plotters.

In Chihuahua and in Juarez the plot, it is learned, had progressed to the point where a general revolt was planned for to-morrow, simultaneously in the two cities.

Canuto Reyes, a former Villa haidit leader, who had been given amnesty when he surrendered near Torreon, is said to have been implicated in the revolutionary plot, but withdrew following a quarrel with Salazar and gave the Carranza officials warning of the conspiracy.

Conditions in Mexico City are bordering on anarchy because of food shortage, according to arrivals from the capital here to-day. The refugees, all of whom are Mexicans, said that plotters had seized the electric lighting and power plant outside the city and that as a result the town had been without lights or streetcar service for more than a week before their departure.

"On my 12,000 mile trip they never refused me a spark"

In an account of his 12-months, 12,000-mile motor boat cruise through the Mississippi River, Great Lakes, St. Lawrence River, Atlantic Ocean, and Gulf of Mexico—that's what Chas. E. Wellman says of the

SPLITDORF SPARK PLUG

With the Green Hexagonal Jacket

These plugs are practically indestructible. They are positively gas and oil tight, and as nearly soot-proof as human ingenuity can make any plug. Numerous cases are on record in which cars equipped with Splitdorf Plugs have run 20,000, 25,000 and 30,000 miles without the plugs ever having been removed from the cylinders.

SPLITDORF ELECTRICAL COMPANY

25 DIE, 63 HURT IN TROLLEY CRASH

Motorman Loses Control of Loaded Car on Grade Near Johnstown, Penn.

PLUNGES HEAD ON INTO ONE AT BOTTOM

One Entire Family Succumbs to Injuries Before Aid Arrives.

Johnstown, Penn., Aug. 12.—Twenty-five persons were killed and sixty-three injured to-day in a head-on collision between trolley cars on the Southern Cambria Traction Co.'s line, between Echo and Brookvale, seven miles from here. Fourteen died instantly, eleven after being removed from the wreckage. Several more will probably die.

The cause of the accident has not been determined. The company said it was without data.

As soon as word of the wreck was received here physicians and nurses were rushed to the scene, followed by motor trucks hastily fitted up as ambulances, and motor fire apparatus. Because of the lack of doctors, many of the injured waited nearly two hours for treatment. The victims were taken to Southfork and Johnstown.

According to witnesses, one car was standing at Echo, when the other car ran down a steep grade into it. Both were demolished. Shortly before the accident the moving car rushed past Brookdale, with the motorman frantically waving his arms. Believing the car, which was going thirty miles an hour, was not under control, officials had the current shut off, but it was too late to prevent the crash.

A majority of the victims were members of the Dishong and Ribblett families going to a reunion at Woodlawn Park.

Darrell Dishong and his entire family were killed. Alda, aged twelve, and Chester, five, died shortly after the accident. Mrs. Dishong expired after being brought seven miles to a hospital.

FOSDICK MAKES BORDER INQUIRY

Former Commissioner of Accounts Back from Secret Mission in Texas.

Raymond B. Fosdick, who was Mayor Gaynor's Commissioner of Accounts, has been on the Mexican border for three weeks on a special mission for Secretary Baker of the War Department. Not until yesterday, several days after Mr. Fosdick's return, did his trip become known.

As to the purpose of his visit neither Mr. Fosdick nor officials of the War Department would give any information. Most of those in the War Department generally conversant with its affairs professed utter ignorance even of the fact that Mr. Fosdick had been sent to the border. Secretary Baker would not discuss it. The mission was a confidential one, he said.

Dr. Thomas J. Darlington recently investigated medical conditions in the camps, representing the National Civic Federation.

Commissioner Fosdick's experience would fit him to examine into the state of the troops guarding the frontier from almost any point of view. As Commissioner of Accounts, charged with scrutinizing all parts of the city government for waste, few departments escaped his notice. At one time or another he dug into the furthest corners of most of them. His marvellous grasp of detail and ability to correlate facts in orderly and significant array led to his association with the Rockefeller Bureau of Social Hygiene.

As a representative of the bureau he went to Europe in 1913 and made an exhaustive study of the police methods in various countries. Later he conducted similar investigations in the United States.

WHITMAN AT PATCHOGUE

Governor Opens First Elks' Carnival at the Lodge There.

Patchogue, Long Island, Aug. 12.—Governor Charles S. Whitman opened the first carnival of the Elks Lodge here to-night.

The Governor motored to Patchogue from New York, stopping at Sayville on the way. He was escorted from that place by a squad of automobilists and through Patchogue to the Elks grounds by officials of the lodge, village officials and the uniformed rank of the Junior O. U. A. M. Lodge, the only military organization in Suffolk County.

MORE MILITIA ORDERED SOUTH

Continued from page 1

pursuits. In the mean time this department has taken steps to mitigate and relieve as far as possible the unusual and exceptional hardships which have arisen in cases especially subject to distress by reason of the service demanded. To the extent that that can be done in fact it will be done, but the primary consideration must be the safety of our border and the preservation and protection of the lives of our citizens there.

"It will be a source of great happiness to me when full relief can be given to these men, who have placed themselves subject to this call of duty and in the mean time I am filled with admiration for the spirit with which the militia has met the call and with which they are performing an important and necessary service to their country at this time."

Stotesbury in Texas to Pay Off Guardsmen

McAllen, Tex., Aug. 12.—Adjutant General L. H. Stotesbury arrived here to-day, coming in a special car from Harlingen. With him were Major P. L. V. Hoppin and Lieutenant Frank Kerwin, of the quartermaster's corps, and seven of the pay squad from New York headquarters. It is expected that the paying off the men will begin on Monday, and Adjutant General Stotesbury anticipates that all hands will be paid in ten days.

When the Adjutant General arrived at Houston, last night, Governor Ferguson and his staff were there to meet him. The Governor had heard a rumor that Governor Whitman accompanied the pay-day party.

Lieutenant Colonel Clarence S. Wadsworth has resigned from the 12th Regiment. He was colonel of the organization until relieved by Colonel Gordon Johnston. The retiring officer gives pressing business as his reason for resigning. He had been with the 12th for thirteen and half years, having risen from Second Lieutenant to the command.

Colonel Haskell, the new commander of the 6th, has not arrived, but it is thought that he will get here before the regiment starts on its ten day hike next week. A troop of Squadron A left for Monte Cristo to-day and the remaining troops will hike to San Fordyce on Monday.

To-night an entertainment by the squadron was given at division headquarters. It consisted of music, singing and boxing. To-morrow the 71st Regiment teams will play baseball.

O'Ryan Denies Troops Have Been Mistreated

Washington, Aug. 12.—Major General O'Ryan, commanding the New York division on the border, in a report made public to-day by the War Department, denounces statements published in New York City that Guardsmen from the Empire State have been improperly treated in Federal service on the border. In detail he denounces allegations regarding equipment, medical attention and rations, and declares it is actually difficult to persuade men who have dependents to muster out. Statements from officers and men are appended in support of the general's report.

Major General O'Ryan declares that publication of a letter from a Guardsman discouraging enlistments, while not treasonable, is reprehensible.

Met. Cricket Team Chosen.

Announcement was made yesterday by the Metropolitan District Cricket League of the personnel of the team which will represent it in the annual match with the New York and New Jersey Cricket Association, Thursday, on the grounds of the Staten Island Cricket and Tennis Club, at Livingston. The eleven will be made up as follows: R. C. M. Browne, captain; J. L. Poyer, H. Poyer, J. H. Briggs, H. A. Meyer, C. M. Lauder and H. Rushton, Brooklyn C. C.; A. Hoskings and L. Miller, Manhattan C. C.; R. Comacho and T. O'Connell, Columbia Oval C. C.
