MASON WILL RETURN IN "WITCHING HOUR"

Thomas Play Will Be Seen Again at Belasco This Week—Two Stock Companies Continue Seasons at Columbia and National.

After an absence of only four weeks, Mason returns to the Belasco stage in "The Reveillers," the evening performance of which will be seen for the first time on the Belasco stage, at the Belasco Theatre today. The play has been presented successfully in London and New York, and is now appearing in a new production at the Belasco.

The Reveillers, by Emile Zola,

In "The Reveillers" is the warm sentiment of a husband and father who is in love with his daughter; the warm sentiment of a man who is in love with his wife; and the warm sentiment of a man who is in love with the world. When this love is returned, the man is happy; when it is not, he is sad.

Zola's "The Reveillers" is a novel of love and politics. It is a novel of the common man, the man who has to fight for his daily bread. It is a novel of the common man, the man who has to fight for his life.

The story of the play is told through the action of a group of people who are trying to change the world. They are trying to change the world by fighting for their rights. They are trying to change the world by fighting for what is right.

The Reveillers is a play of ideas, a play of sentiment. It is a play that will make you think and feel. It is a play that will make you laugh and cry. It is a play that will make you want to see more.
