Lake Steamer With 18
Reported Lost In Storm

The steamer "Mr. Oldham," which was reported as
lost in a storm, was stranded on the shore of Lake
St. Clair on Saturday night. The steamer, en route
to Detroit, was blown off course by the storm and
stranded on the shore. It is estimated that the steamer
sustained damage to its hull and machinery.

Science in Business

Held Prosperity Builder

And prosperity due to the wise
management of the enterprise by
Dr. Glenn Lewis Waggren, presi
dent of the company, has been
achieved. The company has been
able to maintain its position as
a leader in the field.

ADVERTISMENT

NEW LAMP BURNS
94% AIR

Beats Electric or Gas

A new innovation has been
introduced to the market. The
new lamp burns 94% of its air.
It is said to be the most efficient
lamp yet devised.

ADVERTISEMENTS

ΤHE Hub Furniture Co. gladly takes advantage of this
opportunity to extend to its many friends and cus
tomers sincere wishes for a New Year of Health,
Wealth and Happiness.

ΤHE year just terminated has been gratifying—it has
brought us our full share of patronage—not only
from those whom we have been privileged to serve
for many years—but from scores of Washingtonians
just embarking on the important business of Home
Making.

WE are about to enter a New Year, we deem it a fit-
ting time to renew our pledge that we will at all
times strive to protect the faith placed in this institu-
tion by those who approve of the Hub's policy of
liberal credit privileges coupled with underselling
prices on Quality Merchandise.

Start the New Year
with a New Gas Range

Include HER comfort in forming your plans for improvement
this year. A new, up-to-date Gas Range will greatly lighten
her labor.

We will be glad to have you call at our salesrooms for a de
monstration. Your selection may be installed and payments made
monthly with your gas bill, or 5% discount for cash.
