Resolutions

Whereas, The city of Ocala has an outstanding indebtedness in bonds and floating scrip to the amount of \$24,000; and

Whereas, The scrip system of Ocala is a menace to the credit of the city and takes money from legitimate channels of business and invites speculation upon the credit of the city; and

Whereas, Said speculation and scrip system floats the indebtedness of the city on paper that is discounted in the markets ten per cent. upon its face value, and at the same time bears eight per cent. interest; and

Whereas, This condition of the financial affairs of the city is prejudicial to the best interests of the city, and is liable to depreciate the value of the electric light bonds voted by the citizens; and

Whereas, The plan of issuing depreciated scrip in payment of city debts is unbusinesslike, and in fact is a dishonest principle in business; and

Whereas, The city council has been entrusted with the affairs of the municipal government to make laws and submit plans for the betterment of the government; and

Whereas, The city council in conjunction with the mayor, has caused an election to be held on June 20th, 1898, to vote on the question of issuing bonds to the amount of \$24,000 bearing six per cent. interest; and

Whereas, The issuance of these bonds will put Ocala on a cash basis and stop the issuance of discounted scrip at ten per cent. and bearing eight per cent. interest; and

Whereas, The city council, now assembled on June 14th, believes the issuance of these bonds will put Ocala in good business form, and make it an inviting field for legitimate business investments; therefore be it

Resolved, That it is the sense of the council, that it should not only call the election for the issuance of the bonds, but it now declares this to be the best policy and an honorable plan upon which to secure to Ocala an A 1 credit in the money markets, whereby the city is listed for good investments, and at the same time establish a cash basis at home; be it further

Resolved, That the citizens of Ocala are requested to co-operate with the council in the issuance of these bonds to uphold the credit of the city and maintain a strong financial policy by voting for bonds, not to exceed \$24,000 at the special election, Monday, June 20th; and be it further

Resolved, That all the newspapers published in the city of Ocala be requested to print these resolutions, and otherwise assist the city council in placing the city government of Ocala in a healthy financial condition.

Passed by the city council June 14th, 1898. SIMON BENJAMIN, President of the City Council. Attest:—L. DOZIER, City Clerk.

Rev. W. E. Bogart will leave in a few days for a business trip to New York.

Catarrh, which very often comes from a chronic affection of the circulation, is a constant offense to one's self and all his friends.

Republican Convention

The republican executive committee of the second district of Florida held a meeting in Jacksonville last Wednesday and decided to hold a convention in Ocala August 10th, for the purpose of nominating a congressman. In the absence of Chairman Garrett, Hon. Henry S. Chubb of the United States land office at Gainesville was made chairman of the committee.

The proceeds of the gathering plainly denoted that the Gunby-Chubb wing of the party were strictly in control of the organization. The committee passed a complimentary vote of thanks to the Hon. John G. Long, who for the past thirty years has been the executive committeeman representing the state in the councils of the national committee of the G. O. P. Those who participated in the deliberations of the meeting from Marion county were, H. W. Chandler of Ocala and Reverend Wilkerson of Flemington. Of course Ocala feels gratified for the compliment paid her in selecting her for the meeting of the convention.
