PENSACOLA BOY IS WITH TROOPS IN PURSUIT OF VILLA

CHARLES BRYARS, WELL-KNOWN IN PENSACOLA, IS WITH THE THIRTEENTH CAVALRY IN MEXICO.

A Pensacola boy, Charles Bryars, the son of Mr. and Mrs. Charles F. Bryars, of 1321 North Davis street, is with the United States troops in Mexico, a member of the Thirteenth cavalry, now in pursuit of the bandit, Villa. He was with the troops when the attack was made upon the soldiers at Columbus, N. M., some time since, and which resulted in the present expedition being ordered into Mexico.

The first news which his parents heard from young Bryars has reached his mother, under date of April 13. This letter was written on the wrapper of a cracker box, which had been folded over and pinned. It had been sent from the present location of the cavalry by auto to the states and mailed at Columbus.

Needless to say, the mother, to whom the missive was addressed, prizes the note very highly.

The young man wrote that he "was having a good time, and was really happy." He said that the weather was very cool where he was, and that he was satisfied, as far as the force had penetrated into Mexico. The note was a short one, but as it was the first received by his parents since he had ridden across the border from Texas, it told a lot to them.

ANOTHER ALLEGED WHITE SLAVE CASE

GEORGIA MAN NAMED B. T. BELLFLOWER LOCKED UP TO AWAIT ACTION OF THE FEDERAL GRAND JURY.

Another alleged white slave case came to light yesterday when a white man named B. T. Bellflower, of Bainbridge, Ga., was brought to the city and placed in the county jail, to await the action of the next federal grand jury.

Not much was learned about the matter, except that the case was made in one of the counties in West Florida and in the jurisdiction of the federal court for the northern district of Florida. The alleged violation of the white slave statute consisted in transporting a female into Florida for immoral purposes.

The prisoner has his left hand off, and appears to have been a farmer.

BANKERS AID FARMERS TO SECURE MARKETS FOR CROPS, AND DIVERSIFICATION BRINGS SUCCESS.

(By J. C. HARRISON.)

Bonifay, April 20.—To draw a word picture of the exact conditions prevailing in this thriving section of the "Land of Flowers" would require about all the words used in the English language to express progress and prosperity.

There has been a close organization perfected among business men generally which has touched and which is still touching the agricultural interests of this entire section.

When it became known that cotton could not be grown here any longer, owing to boll weevil conditions, the business men became interested in a plan to aid farmers who might desire to diversify.

About one year ago a meeting of bankers and business men was called at Chipley for the purpose of taking concerted action in the interest of all farmers of this section.

At this meeting which had to do with securing a market for the agricultural produce of the section, the bankers and leading business men of Chipley, Bonifay, Graceville, and Cottondale, were present, and it was determined to raise only what had a ready cash sale.

Chipley interests agreed to handle the corn and velvet bean crop of this section and to pay cash for the whole crop on delivery.

Bonifay interests agreed to handle all the rice and meat which the farmers could grow here.

Graceville and Cottondale assured the meeting that either rattle, hogs, corn, beans, potatoes or feed stuff would find a ready sale at either of those places at any time.

As a consequence of the Chipley meeting a rice-cleaning mill and a general feed plant was erected at Bonifay. This rice mill has cleaned and prepared more than 2,000 bushels of rice during the past winter. This rice and much more was grown in this section of West Florida last year. It is expected that a much larger amount will be grown this year.

Cattle raising has taken a hold upon the farmers of this section, while hogs, corn, beans, potatoes, syrup and many other articles raised on the farm are finding ready sale for cash in every town of any consequence in Holmes, Washington, or Jackson counties.

Yesterday Mr. William Sessoms shipped a car load of hogs from here to New Orleans and he expects to make other shipments to that market again in the near future. In yesterday's shipment there were ninety-

SPLIT A CONTRACT FOR CITY UNIFORMS

ONE FIRM WILL FURNISH SUMMER CLOTHING TO THE POLICE AND ANOTHER TO THE FIRE DEPARTMENT.

After examining a number of samples which had been submitted by half a dozen dealers, the contract for furnishing uniforms to the police and fire departments was split yesterday, the M. & O. Clothing Store to furnish suits for the firemen at \$15.75 per suit, and \$1.25 for caps, while Jos. Coleman will furnish the police uniforms at \$18.50 for suits and \$1.50 for the caps.

The bids were advertised for opening at 3 o'clock yesterday afternoon, and all bidders, in addition to sending letters as to the quality of the clothes which they promised to furnish, enclosed a check for a certain percentage of the contract, as well as submitting samples of made-up suits and materials, which they offered to use at certain prices in the clothing.

To amicably settle the uniform question, which has been a bone of contention for one season to the other, six members of the police and six members of the fire department were named to select the clothing. This is expected to end any dissatisfaction which might arise when the clothes are received.
