

INSPIRING SERMON BY FATHER ALLARD ON GOOD FRIDAY

SUFFERING AND DEATH OF THE REDEEMER FOR THE SALVATION OF MANKIND IS DIVINE'S THEME.

The solemnity of the services at St. Michael's church last night were fully in keeping with the spirit of Good Friday.

He showed that the cause of this suffering, anguish and death itself, was sin; and furthermore, that it was the contemplation of the sins of mankind and the ingratitude of sinners that sent the keenest pangs of sorrow through His Sacred Heart.

In conclusion he said: "There are perhaps some here tonight who are sin-stained, who have on their consciences the guilt of horrible sins, who feel that they have their counterpart in the traitor Judas, in Pilate, in the soldier who rudely struck Him with the ironclad hand."

A SWAT IN TIME MEANS DEATH TO BILLIONS OF FLIES!

THIS IS MESSAGE OF AMERICA'S CHAMPION WOMAN FLY-SWATTER IN NATION-WIDE FLYLESS CITY CAMPAIGN

Have a fly swatter handy in the kitchen—and use it—for the female fly cannot lay her eggs until she has had a meal of rich food, such as milk, eggs or meat.

(This is the first of a series of "Swat the Fly" articles in which Dr. Jean Dawson, known as America's champion woman fly fighter, will tell

By DR. JEAN DAWSON, (America's Most Famous Woman Fly Fighter.)

Author of "Fighting the Fly in the Interest of Public Health" and "Eliminating a City's Filth and Flies."

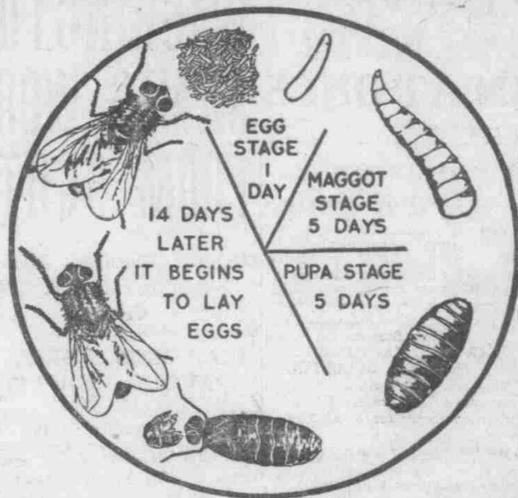

The first rule for fly fighting is—BEGIN EARLY! If the first "holdover" flies are killed there will be few descendants to spread disease in your home and city!

THIS MEANS: 432,000 Flies by June 20. 25,920,000 Flies by July 10. 98,312,000,000 by August 18. 5,598,720,000,000 descendants of this wicked female fly by September 10.

When the firm warm days come the female fly creeps out and soon has laid 120 eggs, the start of her family of more than 5,000,000,000,000.

You will first notice her in your kitchen when you are preparing a meal. When you do, swat her. First, because the house fly is now called the "typhoid fly," for it has

been proved to spread much of our typhoid fever, as well as cholera infantum, dysentery, tuberculosis, spinal meningitis and many other diseases.

Secondly, because a fly cannot lay eggs until after it has had a meal of rich food like milk, eggs or meat. It is important then that you keep a swatter handy in the kitchen. Also keep all foods covered against flies.

One fly can bring death to a whole family by contaminating food with

YOUR SICK CHILD IS CONSTIPATED! LOOK AT TONGUE

HURRY, MOTHER! REMOVE POISONS FROM LITTLE STOMACH, LIVER, BOWELS.

GIVE "CALIFORNIA SYRUP OF FIGS" IF CROSS, BILIOUS OR FEVERISH.

No matter what ails your child, a gentle, thorough laxative should always be the first treatment given.

If your little one is out-of-sorts, half-sick, isn't resting, eating and acting naturally—look, Mother! see if tongue is coated. This is a sure sign that it's little stomach, liver and bowels are clogged with waste.

Mothers can rest easy after giving this harmless "fruit laxative," because it never falls to cleanse the little one's liver and bowels and sweeten the stomach and they dearly love its pleasant taste.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs"; then see that it is made by the "California Fig Syrup Company."—Adv.

EASTER SERVICE AT ST. MICHAEL'S

ATTRACTIVE MUSICAL PROGRAM WILL FEATURE BOTH SUNDAY SCHOOL AND THE MORNING PREACHING HOURS.

Quite an attractive musical program has been prepared for the First Methodist church Sunday morning, for both Sunday school and the morning service. During the Sunday school hour there will be rendered a delightful program by the children, in keeping with the day, consisting of special music, songs, recitations, etc.

Special music will also feature the 11 a. m. service, which will be conducted by the pastor, Rev. D. P. Slaughter. The special music has been carefully prepared, and some of the best singers of the city will take part. The pastor will have an Easter message for his congregation.

Special services will also be conducted at 7:45 p. m. The pastor will also be heard at this time, and he extends a cordial welcome to all to attend all of these services. The complete programs will be published tomorrow.

NEW DYE MINE IS PROSPERITY SIGN

INDUSTRY RECENTLY ESTABLISHED NEAR GARNIER'S BAYOU MAKING GOOD, AND EMPLOYING LOCAL LABOR.

Among the many new industries which are putting West Florida on the commercial map, may be mentioned the dye mine, recently opened at Black Point, near Garniers Bayou, under the management of Prof. Jas. A. Wright.

The following account of the new mine is taken from the Laurel Hill Gazette:

Though somewhat handicapped and working at a great disadvantage the mine is already turning out quite well and very satisfactorily, and when the plant is fully installed and in good working order, this will no doubt be a fine thing for Garniers and the surrounding territory, as it will furnish work at fair price for some time to quite a few laborers.

Through misrepresentation, whether intentional or otherwise, the impression has gone through the upper part of the county and elsewhere, that this dye mine is located at Camp Walton and for the benefit of the misinformed we will state that this is at least five miles from Camp Walton, Black Point being situated on Choctawhatchee bay beach, near the mouth of Garniers bayou and just three miles straight from the Garniers postoffice and the operators of the business are patrons of the Garniers postoffice. Besides that, one, at least of the partners in the mine, own large property interests at Garniers.

GREEK CHURCH CELEBRATE EASTER

Saturday and the second between 1 and 2 Sunday. All the Greek stores will be closed Sunday after the second mass at 3 p. m.

The association will give a reception at W. O. W. hall Sunday afternoon and all the Greeks of the city are invited to attend, bringing their friends as well.

BLUEJACKET SAYS HE TOOK BICHLORIDE OF MERCURY

A bluejacket, giving his name as Ray Walsh of the monitor Tallahassee, swallowed some bichloride of mercury tablets at a late hour last night, while on South Baylen street. He was taken into a home nearby for treatment, and had practically recovered this morning.

VESSELS CARRIED FLAG HALF-MASTED

SHIPS OF FOREIGN NATIONS IN THE BAY WERE IDLE DURING GOOD FRIDAY—NO WORK IN THE HARBOR.

Practically every foreign vessel in the bay yesterday carried their flags at half mast, in commemoration of Good Friday. The flag of the S. B. A. station was also half-masted and there was no work in the organized labor circles of the harbor.

The two German and Austrian steamers, which have been anchored here two years, did not forget the date, but carried their colors half-masted as well.

REVIVAL SERVICES TO CLOSE SUNDAY

SERIES OF MEETINGS CONDUCTED FOR PAST TWO WEEKS AT GADSDEN STREET CHURCH, COME TO END.

Announcement is made that the interesting series of revival meetings, which have been conducted at the Gadsden Street Methodist church for the past two weeks, will be brought to a close on Sunday, the final service to take place at 7:45 o'clock, when Rev. Mr. Rice, the pastor, will be heard.

The meetings have been crowned with much success, and have interested many people in taking an active part in church life, of whatever denomination they chose. All who have signed their intention of joining the Gadsden Street Methodist church will be received into the care of that church at the morning service, which will also be conducted by Rev. Mr. Rice. The service will be followed by the infant baptism.

Rev. Mr. Chalker, of Demopolis, who started this helpful service, received word a few days ago that his wife was quite ill, and left Thursday night. The pastor therefore, conducted the last few meetings.

A CREDITABLE ENTERTAINMENT

(Special Staff Correspondence.) DeFuniak Springs, April 21.—One of the most creditable theatrical entertainments ever given by local talent in this town was that witnessed at the Chautauqua Auditorium tonight. The performers were pupils of the DeFuniak High School and the play was a catchy drama entitled "Won by Wireless." The pupils taking part in this splendid entertainment showed exceptional histrionic talent and special training of the highest class.

The entertainment tonight marked the beginning of the closing exercises of the DeFuniak High School. The exercises will be continued at intervals until the last of next week.

This school is closing one of the most successful sessions in its history.

for a withdrawal of American troops. The progress of the Felix Diaz revolution, which is reported to be growing in the Carranza section of Mexico, is being watched here anxiously.

OPERATIONS AGAINST MEXICO ARE BEING HURRIED.

Columbus, April 21.—Preparations to continue operations in Mexico from this base were put under way here tonight. It is said they would continue pending the outcome of conference between Generals Scott and Funston at San Antonio. Two heavily laden motor trains, consisting of twenty-seven trucks, each left for the front tonight. The erection of the barbed wire stockade for Villa prisoners was completed tonight.

Though she is younger than many of the society buds she entertains, Mrs. Edgar Prochnik, wife of the Austro-Hungarian consul of the northwest, serves as official hostess at all the public social functions of the consular department, which is located in St. Paul, Minn. She is an American girl and noted for her beauty.

What Would America Do In the Event of War?

guarantee against it. The coast defense scheme is political and has virtually no military significance.

From Cape May to Gloucester is the probable zone within which a landing would be effected, because behind this line ARE CONCENTRATED MOST OF THE ECONOMIC RESOURCES OF THE COUNTRY.

The conduct of war, as the German staff understands it, is an economic game. Poland means a dense industrial country, the headquarters of six Russian army corps. Lille and Valenciennes mean the coal and of France, without which she must eventually starve.

So does New York mean the heart of gold of this country, and New York ransomed, might more than pay the cost of the European war!

The only valid defense is an army capable of meeting and defeating any force landed on our eastern coast. The very least force we can reckon on is six available army corps of regulars (at 42,000 to the corps) backed up with about the same number of second line troops. Without regulars it is practically impossible to meet the emergency.

What we must do is to raise our regular army as soon as possible, and at the same time to send it to school, especially the higher ranks. We have a few scholars and thinkers in the army, an eminent tactician like Col. Morrison; such men must be set to work to educate our officers and make them capable, which they are not now, of the control of armies. The militia or volunteers—half a million of them would be enough—should have their officers trained to a high enough standard to make decent second line troops.

ODD FELLOWS WILL GIVE ENTERTAINMENT

There will be an entertainment at the Odd Fellows hall, corner Baylen Belmont streets Monday night, given by the Rebekah branch of Odd Fellows, camp No. 10 for the benefit of grand lodge officers who have just returned from Sanford, Fla., after attending a session of all grand lodges of Florida.

MERCHANTS ASKED TO DRESS STORES

MEMBERS OF THE LADIES' CONFEDERATE MEMORIAL ASSOCIATION ASK THAT COLORS BE DISPLAYED.

Merchants of the city are urged by the members of the Ladies' Confederate Memorial association to dress their places of business for Memorial Day, which is Wednesday of next week. While the colors of the Confederacy are preferable, the ladies would appreciate any effort to honor the day, even if but the red and white are the only decorations used.

The ladies of the association named urge that this request be observed and granted as widely as possible.

Coal Laden Ship Reported Sinking Off 'Frying Pan'

Norfolk, Va., April 21.—The schooner Caroline Gray, which sailed from here last week with a cargo of coal for Cienfuegos, Cuba, is reported waterlogged and abandoned off Frying Pan shoals. The United States coast guard cutter Seminole has gone to her assistance.

Germany Will Give American Note Attention

(Continued from Page One.)

today the government's willingness to return to the German embassy all the papers seized in New York with the arrest of Wolfe von Igel, which Count von Bernstorff will identify as official. Photographs of the seized documents have been made and will be returned.

Count von Bernstorff has protested vigorously against the taking of the papers and it was said at the state department that Secretary Lansing was considering the necessity of an official apology. Should the Ambassador assert that all the documents are official, it is understood that they will all be returned to him, but it was said to be the present intention of officials to keep all the photographic copies. Officials were interested today in learning if Count von Bernstorff would declare any documents to be the property of the German embassy. The papers were said to disclose several subjects of an unusual nature which had not before come to the attention of this government. Definite connection with the German embassy would be confirmed, it was said, by a declaration that the documents are official. If none of the documents are declared official, it was understood the United States will use them all in the prosecution of von Igel, his associates and possibly others as yet unnamed.

Whether Secretary Lansing would send a note to Ambassador Bernstorff expressing regret for the seizure was not announced, but such action is believed probable. It also was suggested that the state department might delay action until the result of the submarine dispute with Germany assumed a definite state. District Attorney Marshall later announced that he had been directed to forward the originals of the von Igel papers to the state department and that the request would be complied with. Photographic copies have already been sent to Washington.
