

CHAMBER OF COM. TO SELECT OFFICERS FOR THE NEW TERM

At four o'clock tomorrow afternoon a meeting of the Board of Directors of the Chamber of Commerce will be held for the purpose of selecting a nominating committee to place the names of officers for the next year before the organization.

The following notice was sent out yesterday:

January 14, 1918
Board of Directors,
Chamber of Commerce,
Pensacola, Fla.

Gentlemen—There will be a meeting of the Board of Directors at 4 p. m., Wednesday, January 16th, to elect a nominating committee to be composed of two members of the Board of Directors and three members of the Chamber of Commerce, not members of the Board of Directors, which committee will place in nomination the names of twenty members of the Chamber of Commerce to be voted on at the annual election of the Chamber of Commerce to be directors during the coming year.

Yours very truly,
MRS. A. R. BECK.

AGED BAGDAD MAN EXPIRED IN CITY

Joseph St. Mary, aged 76 years, expired yesterday at 11:30 o'clock, at the home of a relative, on Ninth avenue, between Chase and Gregory streets. He has been ill for a long time and his demise was not unexpected by friends who knew of his condition.

Three daughters and two sons survive. They are Mrs. Pauline Lewis, Mrs. Josephine Lewis and Mrs. Dell Kimmons; and Messrs. Joe and Frank St. Mary. Remains will be sent to Bagdad this morning for interment, the funeral to take place this afternoon.

Rheumatic Aches

Drive them out with Sloan's Liniment, the quick-acting, soothing liniment that penetrates without rubbing and relieves the pain. So much cleaner than musky plasters or ointments; it does not stain the skin or clog the pores. Always have a bottle in the house for the aches and pains of rheumatism, gout, lumbago, strains, sprains, stiff joints and all muscle soreness.
Generous size bottles at all druggists.

STREET LIGHTING FOR CARNIVAL BE ON LAVISH SCALE

Indications that the city will be more beautifully and profusely decorated than ever before for the patriotic pageant which the carnival association will present during Mardi Gras. The association has contracted for decorations to be strung across Palafox street and Geo. A. Emanuel and B. E. Clutter, of the decorations committee, have secured the assurance of practically all merchants in the business district that their places of business will be decorated for the occasion.

At the meeting of the carnival association directors held last night it was reported that excellent progress is being made in the construction of the floats, each of which will be of striking beauty.

The automobile parade promises to be a great success this year, as a spirit of friendly rivalry is developing among car owners who will strive to present the most artistic auto in the parade. A number of entries have been promised and the committee is confident that the largest number of cars ever in a local parade will be decorated for the occasion.

The carnival association is being commended for its action in eliminating all objectionable features from the Mardi Gras celebration this year. There will be no masking and no confetti, and the celebration will be strictly of a patriotic nature.

12-YEAR-OLD GIRL INJURED BY AUTO

Elizabeth Maurea, 12 years of age, was knocked down and her knee cap painfully injured, last night at 6:45 o'clock, at the intersection of Palafox and Romana streets, and P. S. Haynes, driving car No. 16955B, was arrested by Officer Burke, who happened to be nearby, but who was not on patrol duty. Mr. Haynes was charged with violating the traffic ordinance, and appears for trial in the city court this morning.

Officer Ellertsen was the man stationed on that beat, but a call for the patrol wagon caused him to leave the beat temporarily, as a policeman was needed to make the trip with the patrol.

SUSPECTED MAN IS HELD ON SUSPICION

Norfolk, Va., Jan. 14.—Under a heavy guard, a man who gave his name as Walter Spormann, suspected of being connected with the Captain Floyd-Ed plots, as launched here, was taken to Baltimore tonight where it is understood he was turned over to agents of the department of justice. He is said to have been arrested Saturday near Newport News while attempting to blow up a magazine of the army unfinished aviation camp.

NO REPORT FROM VESSEL IN DISTRESS

Washington, Jan. 14.—No reports were received at the navy department tonight from vessels ordered to the assistance of the American Steamer Texan reported in distress off the Atlantic coast as a result of a collision. According to naval advices, on lives were lost.

A SUCCESSFUL REMEDY.

All things succeed which really deserve to.—which fill a real need, which prove their worth. The fact that the famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, has for three generations been relieving women of this country from the worst forms of female ills and has won such a strong place in our American homes proves its merit beyond the question of a doubt. It will pay any woman who is in need of such a medicine to try it.—Adv.

FIRST WOMAN MACHINISTS' UNION IN WORLD FORMED BY MUNITIONETTES

BY J. H. DUCKWORTH.

Lowell, Mass., Jan. 12.—Munitionettes, trousered and otherwise, in Lowell, have formed the first women's union in the metal industry.

This enterprising band of young women, 2200 strong, is now part of the International Association of Machinists and is known as Local 738. Its officers are all women and they are doing their work the men tell me, like experienced old campaigners.

Mrs. Alice Shea is THE woman behind these women. Mrs. Shea is a machine operator and like all the other members of her union works at the United States Cartridge Company's plant. Her husband is a union man.

"We started this thing for two reasons," Mrs. Shea explained.

"We are in direct competition with the men so we decided that we would organize so as to get the same treatment as the men and so as not to hurt the men. We don't want to cause any suffering here in Lowell. The girls in our union inspect

work, gauge, sort and run presses, heading machines and drawing shell machines. We are machine operators and are organized as specialists. "Women are doing men's work nowadays and will continue to do so after the war so we thought we would come in before it started to rain."

William Larkin, one of the I. A. of M. organizers, says: "The women came to us. They asked to be organized. Most of them are the wives, daughters or brothers of union men. An inspector is to be sent to these two towns at once and if the residents will do their part in naming the streets and numbering the houses as required by the postal regulations village mail delivery will be established there very shortly, the postoffice department states.

Itching, Scratching Skin Diseases That Burn Like Flames of Fire

Here is a Sensible Treatment That Gets Prompt Results
For real, downright, harrassing, discomfort, very few disorders can approach so-called skin diseases, such as Eczema, Tetter, Boils, eruptions, scaly irritations and similar skin troubles, notwithstanding the lavish use of salves, lotions, washes, and other treatment applied externally to the irritated parts.
No one ever heard of a person being afflicted with any form of skin diseases whose blood was in good condition. Therefore, it is but logical to conclude that the proper method of treatment for pimples, blotches, sores, boils, rough, red and scaly skin, is to purify the blood and remove the tiny germs of pollution that break through and manifest their presence on the surface of the skin.
People in all parts of the country have written us how they were completely rid of every trace of these disorders by the use of S. S. S., the matchless, purely vegetable, blood purifier. S. S. S. goes direct to the center of the blood supply, and purifies and cleanses it of every vestige of foreign matter, giving a clear and ruddy complexion that indicates perfect health.
