**NUXATED IRON**

"Say Doctor This Prescription Works Like Magic"

Physician Says Nuxated Iron Quickly Restores Strength and Energy into the Veins of Men and Brings Roses to the Cheeks of Nervous, Run-Down Women.

Ask the first hundred strong, healthy people you meet to what they owe their strength and see how many reply "Nuxated Iron." Dr. James Francis Sullivan, formerly Physician of Bellevue Hospital, (Outdoor Dept.) New York, and the Westchester County Hospital, says: "Thousands of people suffer from iron deficiency, but do not know what to take. There is nothing like organic iron—Nuxated Iron to quickly enrich the blood, make healthy, healthy women, and strong, vigorous iron men. To make absolutely sure that my patients get real organic iron and not some form of the metallic variety, I always prescribe Nuxated Iron in its original packages. Nuxated Iron will increase the strength and endurance of weak, nervous run-down folks in two weeks time. In many instances."

Messrs. Ross' Nuxated Iron recommends a dose of two pills three or four times a day. Dr. Sullivan can be obtained from any good druggist, with or without a physician's prescription on the wrapper. Manufacturers' guarantee of success or money refunded.

**MAIDENHOOD.**  
Maiden! with the deep brown eyes  
In whose orb a shadow lies  
Like the dusk in evening skies!  
Thou, whose locks outshine the sun,  
Golden tresses wreathed in one,  
As the braided streamlets run!  
Standing with reluctant feet  
Where the brook and river meet,  
Womanhood and childhood feet!

Deep and still that gliding stream  
Beautiful to thee must seem  
As the river of a dream.

Then why pause with indecision,  
When bright angels in thy vision  
Beckon thee to fields elysian?

Seest thou shadows sailing by,  
As the dove, with startled eye,  
Sees the falcon's shadow fly?

Hearst thou voices on the shore,  
That our ears perceive no more,  
Deafened by the cataract's roar?

O thou child of many prayers!  
Life hath quicksands, life had snares,  
Care and age come unawares!

Like the swell of some sweet tune,  
Morning rises into noon,  
May glides onward into June.

Bear through sorrow, wrong and truth  
In thy heart the dew of youth,  
On thy lips the smile of truth.

Oh that dew, like balm, shall steal  
Into wounds that can not heal,  
Even as sleep our eyes doth seal.

And that smile, like sunshine, dart  
Into many a sunless heart,  
For a smile of God Thou art.

—Henry W. Longfellow.

Cincinnati Man Tells How to Shrive Up Corns So They Lift Out.

Ouch ! ! ! ! ! This kind of rough talk will be heard less here in town if people troubled with corns will follow the simple advice of this Cincinnati authority, who claims that a few drops of a drug called freezezone when applied to a tender, aching corn stops soreness at once, and soon the corn dries up and lifts right out without pain.

He says freezezone is a sticky substance which dries immediately and never inflames or even irritates the surrounding tissue or skin. A quarter of an ounce, which will cost very little at any drug store, is said to be sufficient to remove every hard or soft corn or callus from one's feet. Millions of American women will welcome this announcement since the inauguration of the high heels.—Adv.

## UNCLE SAM ASKS PUBLIC TO ASSIST IN FOREIGN TRADE

Washington, May 7.—The business public was asked today by the Department of Commerce to assist in carrying out a radical revision and extension of the government's foreign trade statistical classification which has been undertaken by the Bureau of Foreign and Domestic Commerce. Immediate suggestions are wanted as to new classes of goods that ought to be shown in the statistics or new subdivisions of the present classes.  
The immediate object of the revision is the furnishing of more detailed and accurate information for the war boards engaged in licensing imports and exports, conserving tonnage, foodstuffs and raw materials. It is Secretary Redfield's idea, however, that the statistics should be of the largest permanent value to the nation's foreign trade after the war, which is why the views of business men generally are being sought to indicate the lines on which the revision should be carried out.  
"In making suggestions for the export classification," The Bureau of Foreign and Domestic Commerce announced, "the business man should bear in mind that the statistics are based on the description of merchandise as shown in expert declarations filed by the shipper with the collector of customs at the port of clearance. A too detailed classification going beyond commonly used commercial terms must therefore be avoided. Likewise, suggestions regarding im-

ports should be made with due regard to the fact that statistics of imports follow the tariff classification and that subdivisions for statistical purposes beyond customs requirements are difficult to obtain and are apt to result in inaccurate and misleading figures."  
The Tariff Commission, the Food Administration, the War Trade Board, the Shipping Board and other war bureaus are cooperating in the effort to obtain a more detailed classification and will take measures to insure compliance with the official classification.

**SUFFRAGE RESOLUTION SCHEDULED FOR FRIDAY**  
Washington, May 6.—Although the motion to make the house suffrage resolution a special order of senate business Friday was lost, its consideration at that time is virtually certain. When Senator Jones renews the motion Friday, only a majority vote will be necessary to begin debate. The special order resolution lacked only one of the two-thirds vote today, the vote being forty-one to twenty-one.

## To Sew is One Way to Help

Perhaps you are only a novice at sewing or perhaps you are a good plain seamstress, but lack the knowledge of the fine points that would give distinction and finish to your work. In either case you can learn much here.

Bring your material for your summer dresses here. I will help you design, cut and make them. You will work with me learning dressmaking and making your dresses at the same time.

I teach S. T. Taylor System of Dressmaking. It will be highly profitable for you to learn it and in these war times it is a patriotic duty to do your own sewing. You will find the work intensely interesting.

Won't you drop in to see me.
