U. S. BOYS WHIP THE GERMAN RHEIMS AND SOISSONS IN TO A FRAZZLE ENEMY HANDS

Enemy Tried to Reach Lines at Three Points But Were Repulsed With Heavy Losses.

WENT FOR HUNS WITH KNIVES

Americans Were Fighting Mad and Made Short Work of the Boches in Attack.

With the American Army, May 29.—The enemy launched another heavy gas attack against our troops in the Lunerville sector early this morning and attempted to reach our line at three places. They were repulsed with comparatively heavy losses. The first attack broke down under hot machine gun fire from the American trenches, and the Germans are retreating. Both Germans and Americans fought in gas masks. Soon afterward the enemy put down a heavy barrage one kilometer to the west, and fourteen Germans managed to penetrate a trench in which the Americans Monday were subjected to a gas attack, and who were fighting mad. The Americans emerged from dug-outs, and fierce hand-to-hand fighting ensued, the Americans going for the enemy with knives and bayonets. The Germans had been ordered to take prisoners at any cost, but failed to get any. The American losses are insignificant. The enemy lost all of the fourteen men who penetrated the American position, nine killed, one died of wounds, and four made prisoners.

\$43,000 FOR THE RED CROSS

Chairman W. K. Hyer stated yesterday that receipts already in hand in the Red Cross drive totalled \$43,000, many counties not yet having sent in their full reports. The men of the L. and N. shops, the engineers and firemen, subscribed over nine hundred dollars, through J. E. White, showing them to be one hundred per cent patriotic. Reports were also received from Perry Pass, Roberts, Gonzalez and other rural communities which were most gratifying.

SUCCESSFUL OPERATION REPORTED BY PERSHING

WASHINGTON, May 29.—Reports of successful operations by American soldiers are coming to the war department Secretary Baker said today. Details of the action are expected in the regular official communiques from General Pershing.

The secretary made this statement when asked to comment on the situation in Europe.

"I cannot comment on the general situation," he said. "We are constantly receiving reports of splendid valor and successful operations by our American soldiers and I am very proud of the part they are now playing. The details of these actions will appear in the communiques from General Pershing."

MORE VALIANT WORK OF THE AMERICAN TROOPS

Washington, May 29.—In addition to General Pershing's communique for yesterday, given out by the war department today, reports were received that two German patrol attacks on May 26 and 27, were repulsed by American troops.

Lieutenants Rickenbacker and Campbell, American airmen, downed one enemy machine while fighting six. General Pershing cited an American sergeant, who, although wounded, drove off an enemy patrol of four men.

LAST NIGHT'S REPORT FROM GENERAL PERSHING

Washington, May 29.—Consolidation of positions taken yesterday by Americans in the Cantigny salient and repulse of counter attacks, are announced in Pershing's communique tonight. It also tells of the repulse last night of three raids in Lorraine, in which several prisoners were taken and a number of the enemy killed.

WAR OFFICE ANNOUNCES EVACUATION OF SOISSONS

PARIS, May 29.—After a desperate resistance, the French have evacuated Soissons, which Germans occupied, the war office announces.

TRANSPORT SINKS AND 101 PERSONS ARE DROWNED

LONDON, May 29.—The Transport Leasowe Castle has been sunk in the Mediterranean by an enemy submarine. On hundred and one persons were drowned.

ALLIES FALLING BACK FURTHER

Germans Continually Throwing Fresh Divisions Into Great Battle.

(Associated Press Summary.) In their violent attacks on a thirty-five mile front, from Soissons to the region of Northwest Rheims the Germans are continuing to force back the French and British on nearly every sector. The fortified town of Soissons, on the extreme left flank of the allied battle line, has been occupied by the enemy, although the French are still holding its western environs, through which emerge the railway lines leading to Paris and Compiègne. Seemingly Rheims is also doomed to fall into enemy hands, as the French war office reports that troops have withdrawn behind the Aisne canal, northwest of the town. On a sector directly southeast of Soissons the Germans are now fighting relatively twelve miles from where they started the drive Monday, from Vauxaillon, while further east near Loupigne and in the center, and in vicinity of Savigny wedges were driven in approximately fifteen miles. Germans are continually throwing fresh divisions into the battle, but British and French continue tactics giving ground only when impossible to longer hold under tremendous pressure, and inflicting heavy casualties on the enemy as they retire. The bringing of Soissons into the battle area may indicate that the weight of the German blow has been shifted in this southwesterly direction and is being exerted along the railway that leads to Paris from that town. The possibility of the trend of the enemy push being turned in this direction has been forecasted by the commentators.

The Americans west of Montdidier have further proved their worth by resisting another German counter attack on the new positions won by the American troops yesterday when they drove in to a depth of nearly a mile and captured the village of Cantigny. The Germans were repulsed in their second effort, as in their first and suffered heavy losses.

GOVERNMENT'S WAR EXPENSES ARE HEAVY

WASHINGTON, May 29.—Government war expenses, including loans to allies, will run above one billion and a half this month, and set a new high record for any belligerent nation. Tentative estimates are that eleven billion will be spent from July 1 to December 31, and more than twenty-three billions in next fiscal year, or nearly twice as much as in the year ending with June.

BRILLIANT WORK BY THE ITALIAN ARMIES

ITALIAN ARMY HEADQUARTERS, May 29.—(Associated Press)—One of the most brilliant mountain operations since the beginning of the war was carried out by the Italians in the Tonele, northwest of Trent, early this week, particulars regarding which are being received. The main this week, particulars regarding which are being received. The basin which are being received. The basin Presna lake were captured by Italian Alpini after forty hours of fierce fighting against a numerically superior enemy.

The Austrians were well entrenched, having at their disposal strong fortifications built before the beginning of the war and greatly strengthened since then. The great Presna mountain was reached by the Alpini after attacking four times under a heavy fire. The enemy was finally overwhelmed by a bayonet drive. The fight was rendered more difficult by the condition of the ground which was hard and slippery with late spring snow. The Italians advanced up steep ascents, down precipices and over glaciers. The brilliant victory of the Italians in the Tonele region was won in fighting on ground about 12,000 feet above the sea, amid melting snows and everlasting glaciers. The battle was remarkable on account of the highly specialized troops engaged and the mechanical devices applied. The vast waste of Tonele mountain, dominating the Camonica plateau and the Alps to Paradise pass, has been neglected by both sides as a field for offensive operations, but now becomes more important. Among the results of the Italian attacks were the blowing up by artillery fire of an important Austrian ammunition depot and the capture of trow telegraph lines which ran through Paradise Pass.

FORM THOUSAND DOLLAR CLUB IN BIG STAMP DRIVE

WAR STAMP DRIVE IN THIS CITY TO BE FEATURED BY SUCH AN ORGANIZATION FOR WORK HERE. Chairman Charles B. Hervey of the city drive for War Saving Stamps, accompanied by Dr. J. M. Johnson of Washington, D. C., who spoke here Tuesday night in the auditorium of the San Carlos Hotel, as an initiatory to the campaign, yesterday called up a number of citizens in regard to joining the One Thousand Dollar Club, all members joining securing this amount of these certificates for \$332. They report success has attended their efforts and they will continue organizing this club until a sufficient number have joined. One thousand dollars is as much as anyone can subscribe for personally but if they desire to purchase this amount in these stamps for a member of the family or any other party, it is permissible. In joining the various clubs seven months is the time allotted in which to pay the amounts subscribed but the drive will close June 28, which has been designated by President Wilson as War Saving Stamp Day.

NAVY DEPARTMENT LOOKS WITH FAVOR UPON REQUEST FROM PEOPLE THIS SECTION

WASHINGTON, D. C., May 29.—Several locations in western Florida along St. Andrews bay and West bay have been trying through senator Fletcher to prevail upon the navy department to locate naval aviation stations there. The report of the helm committee, which thoroughly investigated the matter some months ago, recommended that if additional aviation stations are established, that the western Florida locations be given favorable consideration. Solicitation by senator Fletcher has brought from secretary Daniels the advice that the navy does not contemplate establishing additional aviation stations at present, but when such development is undertaken, western Florida will receive full consideration.

CONVICTED, SHE TRIES TO CHOKE THE PROSECUTOR

WAUKESHA, Wis., May 29.—Grace Lusk was found guilty of second degree murder tonight for killing Mrs. Mary Newman Roberts. When the verdict was delivered Miss Lusk attempted to choke Special Prosecutor Tullar, but was overpowered by court attendants and led, screaming, from the courtroom. The verdict carries a sentence of from fourteen to twenty-five years in the penitentiary.

WAR INDUSTRIES BOARD IS NAMED

WASHINGTON, May 29.—Under an executive order tonight the President formally created the war industries board as a separate administrative agency to act for him under his direction with all duties, powers, informally conferred by the President last month in letter to Brandegee, chairman of this board.

CLAIM ENLISTED MEN TOO FREE WITH THE WOMEN

Petersburg, Va., May 29.—Officers and men of the thirty-seventh division are confined to Camp Lee indefinitely under an order from General Farnsworth, the camp commander, which followed the posting of a bulletin calling attention to the fact that men of the division when on leave had accosted women on the street and called to others in passing automobiles.

MORE AVIATION STATIONS FOR WEST FLORIDA

ALIEN ENEMY PROPERTY HAS BEEN SEIZED

Washington, May 29.—Another tentacle of German control in American industry has been severed by A. Mitchell Palmer, the alien property custodian. Under arrangements now being completed between the custodian and the fur merchants credit association of New York City, the interests of the money paid turned into the United States treasury to be held until the end of the war for the Germans involved. In announcing today the forced retirement of German interests in the industry, Mr. Palmer said even rough estimates of the enemy holdings cannot be made until all the fur dealers have reported balances due the Germans.

MEMORIAL DAY HAS A DEEPER SIGNIFICANCE

Consecrated Anew to Thousands Who Recently Have Given Up Lives.

NOBLEST CAUSE EVER FOUGHT FOR

President Has Proclaimed Day One of Humiliation, Fasting and Prayer.

WASHINGTON, May 29.—(Associated Press)—Memorial Day this year has taken on a deeper significance. The day is consecrated anew to the thousands who recently have given their lives in perhaps the noblest cause for which America ever has fought. The nation thus will commemorate the sacrifice of her khaki-clad sons who sleep in France and of her boys who were swallowed in the cold waters of the North Atlantic when German torpedoes found their mark. Although even the vanguard of the expeditionary forces has yet to observe the first anniversary of its arrival at France, and even though a great part of the time of the American armies overseas has been given to training, the casualty list has begun to mount into the thousands. The blood of American youth has been spilled for the first time on a European battlefield. President Wilson formally has proclaimed the day one of public humiliation, fasting and prayer. Through the land, people are asked to gather at their places of worship and pray for the victory of the American armies. The President's proclamation says: "Whereas, the Congress of the United States, on the second day of April last, passed the following resolution: 'Resolved by the Senate (the House of Representatives concurring) that, it being a duty particularly incumbent in times of war humbly and devoutly to acknowledge our dependence on Almighty God and to implore his aid and protection, the president of the United States be and is hereby respectfully requested to recommend a day of public humiliation, prayer and fasting, to be observed by the people of the United States with religious solemnity and the offering of fervent supplication to the Almighty God for the safety and welfare of our cause, His blessings on our arms, and a speedy restoration of an honorable and lasting peace to the nations of the earth: 'And whereas it has always been the reverent habit of the people of the United States to turn in humble appeal to Almighty God for His guidance in the affairs of their commonwealth; now, therefore, I, Woodrow Wilson, President of the United States of America do hereby proclaim Thursday the thirtieth day of May, already freighted with sacred and stimulating memories, a day of public humiliation, prayer and fasting, and do exhort my fellow citizens of that day in their several places of worship and in their homes, to pray Almighty God that He may forgive our sins and shortcomings as a people and purify our hearts to see and love the truth, to accept and defend all things that are just and right, and to purpose only these righteous acts and judgments which are in conformity with His will; teaching him that he will give victory to our armies that he will give freedom, wisdom, and to those who take counsel on our behalf in these days of dark struggle and perplexity, and steadfastness to our people to make sacrifice to the utmost in support of what is just and true, bringing us at last the peace in which men's hearts can be at rest because it is founded on mercy, justice and good-will.' The observance of Memorial Day will not be confined to the United States and its insular dependencies. In every capital, particularly London and Paris, where are located even a handful of American veterans, a patriotic reunion will be held. Out on the battlefield of northern France, at a few points so close to the lines that the gathering may be menaced by shellfire from German batteries, there will take place simple ceremonies commemorating the sacrifice of those who met an honorable death during the first year of strife. On that field there will be drawn up their comrades and Allied troops who reverently will honor the first American dead. And, just as much as Gettysburg, Shiloh and the Wilderness live in the memories of the Civil war veterans at home, there has been implanted in the minds of America's first five hundred thousand the unforgettable recollection of Seicheprey, and Chemin des Dames. Throughout the North there will gather in practically every community the last remnants of the quota it

MANY EVENTS AT BIG TRACK MEET TODAY

Number of Leading College Athletes to Be Numbered Among the Contestants.

SERVICE MEN TO MAKE UP TEAMS

Student Officers Mechanics School, Beach Detail and Dirigible School to Race.

At Kupfrian's Park, beginning at 8 o'clock this afternoon, field and track events will be given, in which contestants will be from the naval air station, four teams, and among the entrants will be some of the leading athletes of colleges throughout the United States and various athletic clubs. Arrangements for the events have been under way for some time and F. C. Davis, an old Olympic star, has assisted Coach Moore in putting the final edge on all who will compete. Those entering the events are from teams composed of student officers, the mechanics' school, the beach detail and the dirigible school. The first prize for each event is a silver medal inscribed with the U. S. Naval Air Station, Pensacola, Fla., upon it. The second prize is a bronze medal similarly marked. The winning team will get a silver loving cup. Officers at the naval air station will be judges of the contests. The naval band will furnish the music. The track is in fine condition, Mayor Johnson having sent out rollers and scrapers to put it in shape. A special car service has been arranged to carry those who will attend, putting its passengers off at the entrance to the park. Autoists will find the best route by going from Palafox street west on Jackson street. The meet is free to all service men. Civilians will buy a program for 25 cents, which will admit them to the park. Each participant will be numbered, according to the program. There will be many interesting exhibitions and a number of surprises are in store for the folks who attend this field and track meet. The events will be run off as follows:
