MY COUNTRY 'TIS OF THEE—One grand way of helping our government at the present time, is by shopping EARLY, and this is not said in the usual way as is custom before the holidays, but—because the consumer has not begun to feel the real high prices yet, and the scarcity of merchandise is beginning to dawn on us and yarns will be higher, and there will be no wool for civilians, and you will have a difficulty in getting the things you need most, later on. Therefore—shop now—while goods are really to be had, and still at fair prices, your winter merchandise—get it now while the railroads have a "clear track" ahead!

For the Man Who Has Quit Trying By DR. LIVINGSTONE

HAVE this to say. YOU may think your case incurable. YOU may have made an honest effort and yet have been unsuccessful in finding the proper treatment. BUT, have you consulted a specialist in the treatment of diseases like that with which you are afflicted? Have you been thoroughly examined? Are you SURE your case has been properly diagnosed? Do you want to be cured? Are you willing to make ONE MORE honest effort to be restored to health?

DR. LIVINGSTONE

FOR OVER NINETEEN YEARS I have made a close study of the special diseases with which men are afflicted. That study and research and experience ought to be of GREAT VALUE to you. For a small consideration I am willing to give you the benefit of my skill and knowledge that has taken me the best part of my life to acquire. I don't want any of your money unless I can benefit you. BUT IF I CAN CURE YOU I know you will be pleased with the remuneration you make me for my services.
I have restored hundreds of men to health who have been merely dragging out a miserable existence, and who have been unsuccessfully treated by other physicians, and it is reasonable to suppose that what I have done for others I CAN DO FOR YOU. Then why not come and see me? I don't charge you anything for consultation and if I cannot benefit you I WILL HONESTLY TELL YOU SO. If I can CURE you it will be time well spent on your part.

My facilities for examination are unexcelled. I learn the exact condition of the rectum, bladder and every organ of the genito-urinary system. This is of the highest importance, inasmuch as a broken-down nervous system and many or most of the troubles of the stomach, liver, kidneys, etc., are reflex, and are the direct result of some PELVIC LESION or disease.
Now, don't wait until your case is incurable, but come NOW while the restoration of your health is within the power of human skill and endeavor. Hours 9 to 6 daily and Wednesday and Saturday evenings, 7 to 8 also. Sundays, 9 to 1 only. Graduate of leading medical colleges and licensed to practice in Florida and many other states. Consultation and blood pressure test absolutely without charge. Dr. Livingstone, second floor, Masonic Temple, Telephone, 706.
