THE GIRL WHO SMILES.

The wind was east, and the chimney smoked, and the old brown house seemed dreary. For nobody smiled and nobody joked. The young folks grumbled, the old folks croaked. They had come home chilled and weary.

Then opened the door, and a girl came in: Oh, she was home—very; Her nose was pug, and her cheek was thin. But her smile was bright and cherry.

She spoke not a word of the cold or damp. Nor yet of the gloom about her. But she mended the fire and lighted the lamp. And she put on the place a different stamp.

From that it had without her. They forgot that the house was a dull old place. And smoky from base to rafter. And the gloom departed from every face.

As they felt the charm of her mirthful grace. And the cheer of her happy laughter. Oh, give me the girl that will smile and sing. And make all glad together!

To be plain or fair is a lesser thing. But a kind, unselfish heart can bring Good cheer in a darkest weather.

LOVELY DANCE FOR MISS PATTERSON.

The entire lower floor was thrown together and the artistic decorations lavishly carried out with sweet peas, ferns and handsome polka plants and palms, created an atmosphere delightfully suggestive of summertime.

WORKERS NEEDED AT HEADQUARTERS WOMENS LIBERTY LOAN COMMITTEE.

With only a few days more in which to make their quota and just a little over half of the amount subscribed the Escambia County Women's Liberty Loan Committee have some hard work ahead for them if more women do not respond to the need for workers.

Pensacola cannot go down in history as having failed to make her quota in the Victory drive and every effort is being made to put her "over the top."

Yesterday was a very good day for Miss Mollie Brent and her workers and the solicitors are meeting with a more liberal and patriotic response as the people realize the necessity of the drive being put over.

Good reports are expected today from Mrs. Dave Kugelmann and her corps of workers which include: Mrs. Hirsch, Mrs. Moog, Mrs. Ike Heilbrone, Mrs. Levitan, Mrs. Sam Kahn, Mrs. Lep Meyer, Miss Daisy Rosenau, Mrs. Harry Wagenheim, Mrs. Claude Kindred, Miss Ethel Friedman and a number of girls from the High School who have volunteered their services.

WHAT PRICE ARE YOU WILLING TO PAY FOR PEACE?

Are you willing to give your life or sacrifice everything you have to insure world peace and democracy through the coming ages? That has already been done by our boys and their loved ones and our wonderful allies.

Now we are to sacrifice? A few luxuries, perhaps by subscribing to the Victory loan (a safe and sound investment for our soldiers) in order to make safe and secure the object gained by them.

Under the auspices of the publicity committee for the Victory loan drive, "The Price of Peace" is being shown today at the Isis free of charge.

This is the first time that this picture depicting some of the most thrilling scenes of the war has been released to the public and all are urged to avail themselves of this opportunity.

The picture closes with a husky American soldier seen keeping "Die Watch am Rhine" and urges America to back him up with bombs.

For those who have not had the opportunity of subscribing before Mrs. Dave Kugelmann and her workers will be at the theatre to take any subscriptions.

On May 9-10, another picture will be shown at the Isis in the interests of the Victory loan. "The Girl Who Stayed at Home" produced by D. W. Griffith which reflects the spirit of the fighters who crossed the ocean and of their womankind who stayed at home in a series of scenes bringing out of the humorous as well as the tragic side of the war woven together in a stirring romance of the times.

Face Peeling Habit Becoming Fashionable

Women of fashion and refinement seem to have been acquiring the peeling wax habit, depending less and less upon cosmetics for their complexion difficulties. It does seem a lot safer to just peel off the worn-out skin when it loses its youthful color and appearance—now that this can be done so easily, safely, painlessly and economically.

There's no trouble getting marcolized wax at any drug store (an ounce will do), since its virtues have become generally known here, and there's no trouble using it—just as you use cold cream, applying at night, washing it off next morning. The wax takes off the old scarred, dry, tiny flakes, a little each day. The new under-skin which gradually appears, is velvety soft and beautifully white, radiant with girlish loveliness. Any surface trouble like pimples, red or yellow patches, freckles, etc., vanishes of course with the discarded outside.

He was with the 32nd, in Italy, in the Italian offensive on the Piave river and his regiment was part of the forces that advanced into Austria and guarded what is now the present boundary between Italy and Austria. They also occupied Fiume.

After the return of his regiment from overseas they paraded in New York, marching down Fifth avenue in platoon formation. They also paraded in Cleveland, where they were guests at a big banquet.

A wonderful part of their experience abroad was when the regiment was received by the king of Italy and General Diaz, commander of the Italian armies. The entire regiment was decorated by the Italian government with the Italian campaign bar, which is only given to troops serving for more than six months on the Italian front.

Judge Makes Erroneous Prediction Regarding Lawyer

"About one clean shirt is all I thought he would ever wear. He had fallen away to a mere shadow; was as yellow as saffron and often doubled up with pain. Doctors continually gave him morphine and were about to operate for gall stones. Hay's Wonderful Remedy quickly restored him to perfect health again." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded.

WHEN TO GATHER ROOTS AND HERBS.

For medicinal purposes, roots and herbs should be gathered when their medicinal properties are at their best. For instance, roots of annual plants should be dug just before their flowering season, and roots of biennial or perennial plants after the tops have dried. All these things are taken into consideration in gathering the roots and herbs, many tons of which are used annually in preparing that most successful of all remedies for woman's ills, Lydia E. Pinkham's Vegetable Compound.—Adv.

"Spoiling the Ship for a penny's worth of Tar"

You know the old saying—Don't let this happen to our American Ship of State.

Our country has never stood higher in the eyes of the world than it does today. A place second to none among the nations has come to us—a place in the sun calling upon us Americans to be teachers and exponents instead of followers.

We fought to make the world a decent place to live in, now we must pay to keep the world a decent place to live in—the eyes of all people are upon us, we must put this Victory Loan over in double quick time.

Remember, 4 3/4%—a quarter more this time, and with America's whole resources behind you. Do it now. Do your bit towards steering our American Ship of State towards the greatest smooth sailing prosperity the world has known—and finish this war in a businesslike way.
