REVERIE.

Build me a cot in some quiet glade
Away from the mortal thought;
Where I may—in the life's silence—
think
Of things with all beauty fraught.
Every thought
With beauty fraught.

Thoughts that will bring to some lone-
ly heart
Gladness and joys sweet ring,
Where I may list to the lark's free
note
Or rest whilst my brothers sing.
Gladness brings
Whilst others sing.

Build it so simple that none may
see
To seek it for worldly quest;
But if they enter by chance some day
May the peace there found tull their
hearts to rest
In my nest.
All is rest.

—By Agnes Greene Foster.

There's a song in my heart
That God forms the friends
And sent YOU for mine.

MRS. GUILFORD DUDLEY RECEIVING DESERVED RECOGNITION.

Those who met Mrs. Guilford Dudley of Nashville, Tenn., on her visit to Pensacola, and who found her not only a woman of wide knowledge of public affairs, but charming socially, will be interested to know that her work for suffrage is receiving well deserved recognition.

Under the caption of "A Noted Suffrage Leader," the Atlanta American gives her credit for being the "Beautiful southern woman who has broken the southern opposition to women voting," referring to the fact that "On April 14 Tennessee legislature granted both presidential and municipal suffrage to the women of the state. Credit for this victory is largely due to Mrs. Dudley, who has been leading an active fight for woman suffrage in her state for eight years."

Atlanta women now have the balance of the women of that city are planning an extensive educational campaign to prepare the new citizens for the exercise of their suffrage. A mass meeting of women, eligible to vote in the next city primaries, will be held in the Y. W. C. A. next Thursday morning when City Attorney James L. Mayson will address the women on their status in the primaries.

A measure has been drawn by the Georgia Woman's Suffrage association for a meeting of the executive committee for the introduction at the Georgia assembly this fall by John Y. Smith, granting the women of the state suffrage in all primary elections. Representative Smith has expressed hearty approval of the bill and promises to get it through.

LAST MEETING FOR THE YEAR OF PARENTS-TEACHERS ASSOCIATION A. V. CLUBS GRAMMAR SCHOOL MOST SUCCESSFUL ONE.

At the last meeting for the year of the Parents-Teachers association of the A. V. Clubs grammar school Tuesday afternoon a special vote of thanks was extended to the faculty for the splendid work accomplished by them during the past term, despite unfavorable conditions. A committee was appointed to ask the cooperation of the presidents of the other Parents-Teachers associations of the city in the presentation of data and facts to the County School board showing the necessity for a nine months term of school. Those appointed on the committee were Mrs. C. J. Levy, chairman; Mrs. Felo Turner and Miss Marion Anderson.

A splendid address by Dr. Josie Rogers of the Public Health Service was an interesting feature of the afternoon.

An encouraged report was made by the committee on text books of which Miss Fedelia Sublette is chairman and a letter read from the School Book Depository of Jacksonville in relation to furnishing enough School books in time for the next term.

It was suggested that this committee urge the school board to make timely arrangements with some local firm that the school books for next term may be immediately available upon the opening of school.

A splendid financial report for the year was made by Miss Pauline Reese principal of the school in which she stated that the new \$350 piano bought by the school the first of the year was easily paid for by May and a good deposit is now in the bank to begin the next year with.

The school has also renewed its Junior Red Cross membership and provided for the support of their adopted French war orphan for another year. These sums being realized by voluntary subscriptions from the children.

Fine progress has been made in the musical department of the school with Miss Vera Keller music instructor and the year's work will find its culmination in a lovely "Spring Festival" to be given on the east campus of the school Friday. Splendid work has

Bitter or Better Baking

A letter makes a great difference in a word. A word makes a great difference in baking powders.

If the little word "alum" appears on the label it may mean *bitter* baking.

If the word ROYAL stands out bold and strong, it surely means BETTER baking.

This is only one reason why it pays to use

Royal Baking Powder

Absolutely Pure

Made from Cream of Tartar derived from grapes

ORPHAN CHILDREN PEARL EAGAN HOME REMEMBERED BY FRIENDS.

It takes so little to make the period of childhood happy and a pleasant memory for the years to come, little things that in adult life never bring the exquisite thrills of pleasure enjoyed by children and a little thoughtfulness shown from friends can do much to brighten the lives of the fatherless and motherless little children we have with us in the Pearl Eagan Orphan home who are being tenderly cared for by their home mother, Mrs. Eldridge. An act of thoughtfulness contributing much to their pleasure was when Elizabeth Edwards and Marjorie Pierpont in behalf of the Junior class presented the children with some delicious sandwiches and cake.

While in Jacksonville Mrs. Shepard was a guest at the home of Mr. Scott M. Loftin.

Mr. and Mrs. Edward Forcheimer were recent guests at the home and before their departure gave each child a quarter to spend as they liked. On Tuesday evening the children were the recipients of some delicious fruit and candy presented by Mr. D. McMillan.

A visit was enjoyed from Miss Elizabeth Adams, executive secretary of the Patriotic League, Mrs. Albert Davis, Mrs. Henry Judevine and Miss Myrtle Johnson this week. NORTHUP & WOOD ADD SOME FINE NEW EQUIPMENT

A superb limousine hearse and an equally modern convertible motor funeral car and ambulance were displayed with pride yesterday by Northup & Wood, undertakers, and form a distinct addition to the funeral equipment of the city of Pensacola.

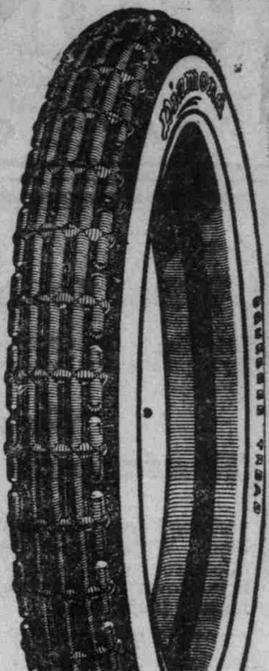

The hearse is furnished with floral rack, ceiling light and all modern appointments; while the funeral car is supplied with luxurious seats for nine persons, making it possible in most cases, for the entire family or immediate relatives to make the trip together in one car. The seats are easily removable, converting the car into a commodious and most comfortable ambulance. This car also is splendidly lighted and has all the best of equipment.

It is the intention of the company to use their older motor equipment for service as formerly, and to place the better vehicles at the service of patrons who desire the best that modern genius affords. When congratulated on the improvements installed, Mr. Northup modestly stated that the use we live in demands such things, and they must be supplied. He said that the new service will be subject to call at all hours of the day and night.

Between New York and Savannah there are now two sailings a week, from New York on Mondays and Thursdays, and from Savannah, Tuesdays and Saturdays. This will give pre-war schedules.

Diamond SQUEEGEE TREAD Tires

Even Taxis get over 5000 miles on Diamonds

You know what the taxi driver hears — "only eight minutes to the train! Drive now if you never did before."

Taxis get punishment that your car never gets. Tires dare not fail. Further, they must give maximum mileage per dollar of cost. Else "overhead" will eat up profits.

The Quaker City Cab Co., Philadelphia, solves its tire problem with Diamonds—Diamonds average over 5000 miles in winter work with chains for them.

The Portland Taxicab Co., Portland, Ore., using Diamonds on its fleet, gets an average of over 6,000 miles. The Terminal Taxi Co., Washington, D. C., has been getting 6000 miles on its Diamonds. These specific instances are typical of many others under hard service.

We can cite you just as interesting instances right in this town, among our customers. Give us the opportunity.
