

EXIT THE OLD SWIMMING HOLE BATHING IDEA

BILL PROPOSING DRASTIC REGULATION UNDER BOARD OF HEALTH SUPERVISION PROPOSED.

(By HERBERT FELKEL)

Tallahassee, May 12.—The old swimming hole, where most crackers learned to swim is a thing of the past, and where men may dip themselves will be regulated by law if the Hamblin bill that passed the house today receives favorable action at the hands of the senate and becomes a law. The measure places all bathing places, artificial or natural, under the state board of health, provides for their inspection as to source and cleanliness, requires dressing rooms to be sanitary and bath suits and towels to be washed out and dried instead of only dried out, provides that a permit be secured from the board to operate any bathing pool, gives the board of health powers to close up places improperly conducted and provides penalties for the violation of the act.

Representatives Watson and Harris spoke in favor of the bill, but Mr. Phillips of Columbia, said it took in too much territory.

It was on second reading but by motion of Mr. Hamblin of Hillsborough, the bill was put on third reading and final passage.

Other board of health measures introduced by Mr. Hamblin were read a second time and went to the calendar of bills on third reading.

ASSERT GERMANS ARE CAUSE OF MEXICAN UNREST

Washington, May 15.—German Propaganda is believed by officials of the Japanese embassy here to be responsible for the reports reaching Mexico City of the heavy immigration of Chinese and Japanese into Mexico. It was said at the embassy today that no such number as five thousand Asiatics had been sent into Mexico in March or any other recent month as stated in reports from Mexico today.

Greeks Plan to Call Mass Meeting Here

(Continued from Page One)

several other women who were protecting the Greek flag, was killed and a priest was shot by the Italians.

"In the village of Menetes three old men and sixty women who were protecting a flag were starved out and compelled to surrender. The Arch-bishop of Scarpanto is reported to have been seriously wounded by Italian carabinieri.

"A Greek sailing vessel off the Gasosa islands reports a devastating fire by guns on the villages of Arvanitohori and Marina. The vessel was prevented by gun fire from approaching the scene."

Anti-Turk Worker Murdered.

"Dr. Guinis, who for thirty years had worked for the deliverance of Northern Epirus from the Turk and for its union with Greece, was assassinated several days ago at Karyisa by a Moslem."

The funeral, which was attended by 10,000 persons, according to despatches to the Athens News Agency, resolved itself into a manifestation in favor of Greece. Women and children carried Greek flags and buildings were decorated with the Greek colors.

"The commander of the French military forces in Koritsa and three Americans there attended the funeral. The assassin, who was named Ibrahim and is said to have been assisted by two others, the despatches declare, is an agent of Italian propaganda in Northern Epirus. It is asserted that the Italians have been inciting the Moslems against the Greek Christians.

"The French authorities continue their investigation of the assassination."

"On Easter day the peaceful of the twelve Greek islands occupied by Italy since 1911, went to their churches, and during mass the priests spoke of the peace conference and of America's principle of nationality. They asked their church people to express publicly their national aspirations. The people, unarmed and in good order cheered for Greece, and raised the Greek flag side by side with that of soldiers dragged down the Greek flags, boat and maltreated the worshipers. When women refused to surrender the Greek flag to be insulted, they were stabbed."

"Two children of not more than thirteen while struck in the breast with bayonets cried out: 'Greeks were we born, and Greeks we will die. Your bayonets will not make us Italians.'"

"The Greek islands were occupied in 1911 during the war of Italy and Turkey. Italy promised to evacuate them. Instead, she forced the allies in 1915 to award them to her in the secret treaty. The inhabitants are 102,000 Greeks, and 15,000 foreigners. There are no native Italians. The popula-

Vigor
SUCCESS IS ACHIEVED by vigorous men and women. When one is lacking in strength and endurance, when good health is wanting, when physical power is at low ebb, it is impossible to accomplish one's work.

One of the causes of ill health and low vitality is the improper functioning of the kidneys. Trouble results when they fail to eliminate waste and poisonous matter from the system, and rheumatic pains, backache, stiff joints, sore muscles, and other symptoms quickly follow.

Foley Kidney Pills
banish effects of kidney and bladder trouble by removing the cause. They are healing and curative. They tone up and strengthen the weakened or diseased organs.

H. L. Castleberry, Machine Engineer, Port Vincent, La., writes: "I consider Foley Kidney Pills the greatest medicine for kidney and bladder trouble I ever used. I recommend them to all who suffer with kidney and bladder trouble."

Sold Everywhere.

SHORT COURSES TO BE GIVEN IN HOUSEKEEPING

Next week two short courses in housekeeping will be given in Escambia county under the direction of Miss Myrtle Floyd, county home demonstration agent, the first at Pig City, May 19-21, and the second at Molino, May 22 to 24. The schools will be conducted by Miss Lola Snider, from the state college at Tallahassee, who will be assisted by Miss Minnie Floyd, state poultry specialist, sister of the local county agent, and by Miss Myrtle Floyd.

These schools are free; the information to be imparted is scientific and the very latest and best that the state can supply; it is practical and will show the people how to have better success in raising food products and how to prepare their health and prevent, so as to promote better health and prevent disease; and it is certain that if all the people could realize the need of such work and the importance of it, they would arrange to be present at all the sessions. One of the things most needed today, especially in the south, it is contended, is a better knowledge of dietetics, and it is fortunate that this state and county are giving it free.

The following is the detailed course:

First Day.
"What the body needs."
Demonstration of dinner cooked in steam pressure cooker and of canning with steam pressure cooker.

Second Day.
Demonstration of better bread cooking and drying vegetables.

Third Day.
"Fruits and vegetables."
Demonstration of preserving eggs in water glass and making better salads and dressings.

The meetings at Pig City will be held in Community hall, and at Molino, in the hall above Binion's store.

The county demonstrator urges all the people of the communities named to come and get the benefits offered.

MAN IS HELD FOR ALLEGED PERJURY IN SALE OF ORGAN

G. B. Wilson, well known in the city, was arrested yesterday on a charge of perjury, and was released on bail to appear in the court of record, perhaps at the present session. The case is said to be based on the valuation of an organ which was the subject of litigation at the previous session of the court.

TEXAS BUILDER PRAISES TANLAC

San Antonio Business Man Suffers for Years—Takes Tanlac—Troubles Disappear and He Gains Ten Pounds.

Robert Schulze, of 818 West Poplar street, San Antonio, Tex., a resident of that city for more than fifty years and a contractor and builder there for twenty-five years, made an interesting statement regarding his experience with Tanlac.

"About two years ago," said Mr. Schulze, "rheumatism got hold of me, I lost weight and all my energy seemed to leave me. I suffered so terribly that I couldn't work an hour without my shoulders giving out completely. I was all unstrung and nothing seemed to do me any good, and I had gotten to the point where I didn't know which way to turn for relief."

"After seeing the fine results of using Tanlac in the case of some of my relatives, I began using it myself and am now entirely free from all aches and rheumatic pains. I have gained all of ten pounds and have as much energy and vim as I ever had and can work hard all day. I am simply feeling fine and wouldn't hesitate to recommend Tanlac to anybody."

Tanlac is sold by leading druggists everywhere. Adv.

BAPTISTS WILL RAISE FUND FOR PASTORS' RELIEF

Atlanta, May 15.—Southern Baptists today approved plans for a conference of all Baptists of North America to study Christian problems and voted to raise five million dollars for a ministerial relief fund. It approved the committee reports recommending greater co-operation in education of the negro.

During the discussion of plans for greater aid to the education of negro preachers, for which the convention ordered its committee to continue to carry on the work, Dr. Gambrell, president of the convention, demanded that the negro shall have "equal protection of law with every other citizen of this country." We have had some politicians in the South who have ridden into office on the backs of the negro and made themselves popular by inciting prejudice between the races. I wish the government would grant them passports. We don't need them in this country," he said.

Vinol will Stop a Cough and Break Up a Cold

A constitutional remedy that removes the cause by building up the system. These elements contained in Vinol—Beef and Cod Liver Peptones, Iron, Manganese and Glycerophosphates—soon create an energy that throws off the cold and prevents its recurrence. It has given ninety per cent satisfaction for sixteen years. **HERE IS PROOF:**

Dunn, N.C.
"I suffered with a chronic cold for four months, coughed day and night. Had to keep on working when I was not able to. I saw Vinol advertised and tried it, and I want to tell you it just cured that cold in a short time. It made me eat and sleep well, better every day."—J. C. Bagley, Dunn, N.C.

Lagrange, N.C.
"For years I suffered with a chronic cough, so I could not sleep nights and continued to lose flesh. My druggist asked me to try Vinol. It cured my cough, I can sleep nights and have gained twelve pounds. Vinol is the best tonic and tissue builder I have ever taken."—W. D. REN, Lagrange, N.C.

Vinol Creates Strength

CROP REPORTS SHOW ALABAMA NOT REDUCING

New Orleans, May 15.—After an address late today by Governor Harding, the federal reserve board, urging southern cotton interests to get together and support the formation of a hundred million dollar cotton exports corporation. Delegates assembled here to consider plans for such organization were told that the proposed charter would be submitted to them tonight.

Crop reports from the cotton growing states showed that every state had reduced acreage except Alabama which showed a five per cent, increase it was stated. The general reduction was estimated to be about twenty per cent.

AUTO ACCESSORY THIEF BELIEVED TO BE CAPTURED

Late last night Deputy Sheriff Harrison West Hill, having in his possession automobile accessories said to have been stolen. The case leading to the arrest was worked up by Sheriff V. Pelt, Deputy Hill and Captain Harp, the latter of the city police force, as it is thought by the authorities they have the person responsible for the thefts so much complained of recently and perhaps the store of stolen goods discovered in a closed building yesterday, as reported elsewhere.
