

VIOLATION OF "BLUE LAWS" IS CHARGED

THREE MEN, ONE IN CITY AND TWO IN COUNTY, WERE ARRESTED YESTERDAY BY DEPUTY SHERIFFS.

On the charge of violating the Sunday "Blue Laws," O. Sanders of Millview, Rose Holley of Gouling and D. C. Dutton of West Pensacola, were arrested yesterday by Deputy Sheriffs Hall and Brevton. They were later released on small appearance bonds. They are all alleged to have sold certain articles from stores they operate. The cases will be watched with considerable interest as these are the first actually made for violation of the Sunday laws, though the town has been "closed up" on Sunday for the past several months, as a part of the rigid law enforcement policies of County Solicitor H. J. Mackey of the county court of record. It is not known whether it is the intention of the defendants to plead guilty or fight the cases.

SALTS FINE FOR ACHING KIDNEYS

We eat too much meat, which clogs Kidneys, then Back hurts and Bladder bothers you.

Most folks forget that the kidneys, like the bowels, get sluggish and clogged and need a flushing occasionally, else we have backache and dull misery in the kidney region, severe headaches, rheumatic twinges, torpid liver, acid stomach, sleeplessness and all sorts of bladder disorders.

You simply must keep your kidneys active and clean and the moment you feel an ache or pain in the kidney region, get about four ounces of Jad Salts from any good drug store here, take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will be normal again. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and is harmless to flush clogged kidneys and stimulate them to normal activity. It also neutralizes the acids in the urine so it no longer irritates, thus ending bladder disorders.

Jad Salts is harmless; it is expensive; make a intelligent effort to prevent kidney water which everybody should take now and then to keep their kidneys clean thus avoiding serious complications.

A well-known local druggist says he sells lots of Jad Salts to folks who believe in overcoming kidney trouble while it is only trouble.

Use a Spoon!

That's the new way to use soap. No more cutting or chipping now. Use a tablespoonful of GRANDMA'S powdered soap—soap in the most economical form—to a pailful of water. That's all there is to it. You use just what you need and you don't waste any by having a whole bar lying around in the water and wasting away. Use GRANDMA for cleaning anything that soap will clean. It is perfectly safe. Just the thing for washing those special things that you wouldn't think of letting anybody else touch but yourself.

Over There and Over Here

OVER THERE

HONEST now, did you really think that the pale, frail girl in the dark blue bonnet who begged a few pennies from the busy passer-by would ever do all she did for our boys? She surprised you. Yes, you'll admit she made a big sacrifice—took a big chance and made good.

And what do the doughboys think of her? Every one of them would go through a Hell ten times worse than even Prussianism could conceive to pay back his debt to her. Well, if she's his friend she's yours. Now show your gratitude for the work she did "over there" by making her work over here a little easier.

OVER HERE

When she comes back—and let's not overlook her bigger brother—there'll be plenty of the old work to do right here. Disease and crime don't call off their activities for even a world war.

Dank, dismal alleys reeking with destitution and despair loom up to take the places of the mud and blood soaked trenches of France. They are the battle ground on which Christianity must fight to redeem fallen humanity.

If you could grasp just an inkling of the good and happiness your money can bring, how glad you'd feel to give. So be a good fellow—help the Lass who fed doughnuts to our lads, for some day, maybe, one of these same lads who bled for you in France may need her help again. And you're not the kind who'll let money stand in the way of helping him and his, are you?

\$13,000,000

Every cent of it to be spent in America for Rescue Homes, Orphanages, Hospitals, Lodging Houses for the Poor, Day Nurseries, Infant Shelters, Industrial Centers, Free Clinics and Dispensaries, Fresh-Air Farms for Tenement Children, Shelters for the aged and helpless, Free Employment Bureaus, Prison and Rescue Work, Free Ice and Coal Stations, Comfort and Aid for the American boys who fought in the war and for their families and relatives.

With your money a man's body and soul can be held together.
Can you refuse to help?
