This Shoe of Comfort and Economy

This Top Notch Service Shoe is made of an especially durable, high quality brown duck, with neat trimmings of black leather. It's stylish extension soles of fine brown rubber look just like leather soles. They are springy and waterproof—two big advantages over leather soles. They relieve the jar and strain of walking or standing on hard floors and pavements.

Another great advantage of these soles lies in the fact that they require no "breaking in," while a durable cork insole provides ventilation and makes the mvery cool and comfortable.

The Top Notch Service Shoe is just the shoe for mechanics, factory workers and those who work in stores. It is a fine shoe for all classes of outdoor workers and it is also an ideal shoe for vacation use.

An interesting article on this nationally advertised SHOE can be found in the SATURDAY EVENING POST—issue of April 12th, page 140.

NOTICE!

WE SPECIALIZE TO OUT OF TOWN
PEOPLE

By Parcel Post

Send us your shoes to be mended or repaired. We will fix them in first class condition, and return to your home address, prepaid.

Pensacola Shoe Hospital

102 East Wright Street
Pensacola, Fla.

G. A. R. MEMORIAL SERVICES WILL BE CONDUCTED TODAY

Plans for the memorial services as a part of the Decoration Day observances for the G. A. R. in Pensacola, have been completed. These services will be held at the First Methodist church this afternoon at 3 o'clock and will be attended by the G. A. R. from the local post and the local Spanish War Veterans. The services will be conducted at the church by Rev. I. H. Chalker.

The Republic will leave their post at 29 North Spring street about 2:30 o'clock and will be joined by the Spanish War Veterans at the armory hall. The latter are requested to be at the hall at 2 o'clock or earlier. All comrades of the camp are urgently requested to be on hand.

MONEY TO LOAN

Am in position to loan on city or county property, large or small amounts.

Lee Daniel.

People Tell Us Our Store is Different

Of course it's different.

Because it's a service grocery. It's not just a store where groceries are sold.

It's a place where everything is done to make buying groceries a real pleasure.

A big stock of good things to eat. Courteous, intelligent clerks who understand their business thoroughly. Prompt deliveries.

A telephone that is always open to you.

A place where you can have a charge account if you so desire.

A store that sells quality goods which it can recommend without the slightest fear or hesitation.

Our delicatessen department is a delight to housewives, especially in this warm weather. Pay a visit to this department and you will find many palatable and tempting dishes that you will find cheaper to buy than to make yourself.

BRIDGES AND ROADSTALK OF COMMISSIONERS

DIPPING OF CATTLE AND LIVE-STOCK INDUSTRY ALSO WERE DISCUSSED AT SOME LENGTH.

Bridge building and road improvement held the center of the stage at the regular meeting of the board of county commissioners yesterday morning, and the commissioners expressed a very determined spirit to let nothing for a single day interrupt the various projects now in hand or in prospect.

A committee was appointed to proceed immediately to secure plans and specifications on the five permanent bridges contemplated in the act of the legislature granting the issuance of \$100,000 worth of warrants; so that as soon as the legislation is signed by the governor and the thirty days required by law for advertising for bids have passed, the board will be ready to begin at once to apply the granted money to the improvements. The committee was also authorized to make full investigation and recommend some competent man to the board for the position of county engineer of concrete bridge work. Commissioner Hardy expressed the opinion that with all the work in process now it would be a positive economy for the county to engage a first class engineer and provide him an office in the court house. Commissioners Hardy, Gandy and Soderlind constitute the committee.

A committee of citizens, headed by W. L. Moyer, appeared before the board and pressed the matter of improving the road between Milview and Lillian. An offer of a loan to the board, made through J. S. Reese, in the amount of \$20,000, made possible the decision to begin the improvement as soon as it can be reached by the road gangs. It was urged that this road would benefit Pensacola more perhaps than any other that could be worked at this time, diverting trade here which would otherwise go across the Alabama line.

The advisability of building bridges with concrete piers and steel spans in preference to solid concrete was discussed, and the fact developed that the steel span bridge is cheaper, more easily repaired and if well painted twice a year, will last for more than a generation. The board decided to investigate the matter further.

A resolution was passed calling on Dr. Brown, overseer of the dipping in the county, to supply the board with detailed information as to who are owners of cattle in the county and how many cattle have been dipped. This data will give a definite idea of the present wealth of Escambia county in livestock.

Another resolution which passed provides that owners of hogs which die of cholera must see to it that the carcasses are completely burned, so as to prevent spread of the disease by contamination. The commissioners wished the fact strongly impressed on owners of hogs that in view of what the state is doing in supplying vaccine serum and what the county is doing in keeping a demonstration agent in the field to oversee the application of the serum, it is highly essential that owners cooperate, in their own interest and the public interest as well, by faithfully cremating hogs lost by cholera. The possibilities of moneymaking in the hog industry are now so great it was said, that official aid should be much appreciated.

The county clerk was directed to secure a list of all owners of real estate abutting on the county concrete road between Bayou Chico and Bayou Grande, the U. S. road leading to the bridge across Bayou Grande, and notify them that the road is eighty feet wide and that they must at once move back their fences from land now trespassing.

By formal vote the commissioners authorized Farm Demonstration Agent Burnett to attend, at county expense, the state Swine Growers' Association meeting at St. Augustine, June 4 and 5, as he will be able to gather information there which will be of great value to Escambia county hog raisers.

County Attorney Reese reported that the commissioners have exactly the same rights possessed by the state board to shorten the terms of convicts for good behavior, and Commissioner McCurdy stated that he has two exceptionally good men who will soon be entitled to the favor and will receive it as an encouragement to good citizenship.

ELEVEN COUPLES MARRIED DURING THE PAST WEEK

Marriage licenses for the week ending May 24, were issued by County Judge Bellinger to the following couples:

- Edwin Joseph Dunham and Garnetta Palmatier.
- Rudolph Shelby and Martha Doris Redd.

- Joseph J. Hathaway and Irma Hickman.
- Herbert Garben and Florence Ethel McKenzie.
- Geo. Benj. Lent Green and Ruth Elaine McKenzie.
- Fred Gilmore and Carol Ray.
- John Walter Hanks and Cora Lee Wenzler.
- Julius Aubrey Brown and Millie Madonna Helton.
- Thomas Lee Harmon and Mary May Brown.

SUMMER SCHOOL PLANS MADE AT STATE COLLEGE

INSTITUTION WILL BE OPEN AT
STATE COLLEGE FOR BOTH
MEN AND WOMEN ON JUNE 16.

On June 16, 1919, the summer school for both men and women will open at the State College for Women in Tallahassee. Courses of study and review will be conducted in all the subjects required for the various certificates; first and second grade, state primary and state certificates for high school. In addition to these studies there will be special courses offered in order to give the public school teachers an opportunity to work for college and normal school credits. The professional courses in drawing, mechanics, industrial arts, physical training and sight singing are both practical and profitable. The home economics department offers excellent opportunities for persons desiring that line of work. Besides regular work in domestic science and art, there are training courses for teachers and county agents. The business department offers splendid courses in stenography, typewriting and bookkeeping.

The faculty is made up of men and women of the best education and training, besides, they are familiar with Florida conditions so that they enter their work in full sympathy with the aspiring teachers from the towns and country sections of the state.

The privileges of the state law in providing for extension of certificates upon condition of regular attendance and systematic study, will be in force in preceding summer sessions. There is no tuition except in the business department where a small fee is required. All boarding expenses are reduced to the minimum cost for comfortable living.

Life at the college is enjoyable. The climate is good; boarding accommodations all one could ask, and the association with so many teachers of the state is a benefit to all who attend the summer session. Neither men nor women need seek any place that offers more than does the College for Women. Is it not the privilege of the teachers of Florida to avail themselves of the advantages that are made possible by the state.

For detailed information write to President Edward Conrad, State College for Women, Tallahassee, Fla.

H. J. MACKESY HAS OPENED OFFICES IN BANK BUILDING

H. J. Mackesy, former solicitor of the county court of record, upon being relieved of the duties of that office, has announced that immediately he will begin the practice of law. He has already established his office at 515 American National Bank building.

Mr. Mackesy was not visibly affected yesterday by the action of the governor in sending the name of another for the solicitorship here and the confirmation by the senate, but seems rather inclined to accept the whole matter as a part of the program of politics under the existing administration of state affairs.

FROCKS OF FIGURED VOILE

are among the smartest
for this summer's wear.

New Frocks

of fancy figured and plaid Voiles, trimmed with contrasting materials. Handsome Organdie collars and Cuffs that add to their beauty—priced very specially for tomorrow's selling at

\$6.95 \$9.85 \$12.95

BLOUSES THE NEWEST OF THE NEW

\$4.95 to \$19.75

—And such delectable charm as they manifest—all in flesh or white or bique Georgette, with filet lace and tucks and a bit of embroidery and a bit of this or that, all add to their beauty—the sweetest blouses imaginable at the EVERLASTING.

Standing, sitting and walking correctly are the first essentials to good health and that elusive charm we call style

ALL women wish to be well; but all women do not appreciate the vital importance of correct corsetry as an essential to good health. The well-known medical authority, Alice S. Cutler, M.D., warns us: "As a physician who knows that if it were not for ill-fitting and the wrong kind of corsets we would have very few female in-

valids, I am naturally determined to do everything in my power to educate the American woman in the proper fitting of corsets. Most learned physicians now recognize the modern corset as a hygienically healthful garment and one that is often the best means of providing corrective support for many bodily ailments."

GOSSARD CORSETS

The Original-Unequaled Front Lacing Corsets

have attained their unquestioned superiority by assisting nature to perfect expression.

Every Gossard is hygienically correct. Properly fitted to the figure for which it was designed it will give scientific support to abdominal and back muscles, with no chance of undue pressure at the waistline; the organs of nutrition will be free from pressure; the erect posture which is induced will encourage deep breathing and the diaphragmatic mus-

cles become strong with use. A woman so corseted will have the undeniable beauty of health and that grace of body, standing, sitting, or walking, which is best expressed in the one word, style.

We unreservedly recommend Gossard Corsets as the complete expression of modern corsetry. Our highly specialized corset service is maintained with a full appreciation of the exacting needs of the modern, active woman.

Gossards are priced at \$2.50 \$2.75 \$3.00 \$3.50 \$4.00 \$5.00 \$5.50 and more
