DAILY THOUGHT.

The Victory is not in verdicts, but in the spirit of your fight.

THE VIKINGS OF THE AIR.

Like Norsemen bold who launched their sturdy craft
On seas that stretched beyond their farthest ken
And drank deep draughts of ocean's briny air
With keen delight and sailed they know not where,
So stand ye at the Atlantic's mist-bound shore,
Ready to leap into the buoyant air,
Ready to span with wings outstretched on high
The ocean turbulent 'neath the wind-swept sky.
Knights of the air, on high adventure bound,
Our hearts with yours in unison do beat,
Faint not, nor fear to risk the uncharted way
And taste the glories of the risen day
Like you, we, too, into the unknown launch—
Each morn a misty vista doth unfold;
Dark clouds above and ocean waves alight,
But all our paths are in the Pilot's sight.

INTERESTING ADDRESS BY MRS. CRENSHAW AT MEETING WOMAN'S AUXILIARY FIRST PRESBYTERIAN CHURCH.

At their regular meeting last week the Woman's Auxiliary of the First Presbyterian church and representatives from the other churches of the city listened to a most interesting talk on China by Mrs. Crawford, who has spent eight years as a missionary in that country.
After speaking generally of the language, laws and customs of the country Mrs. Crawford gave illustrations of the lives of the Chinese men and women who had accepted Christianity. In the course of her remarks she said: "It is not true that since China has become a Republic that foot binding has been stopped. Such a law is on the statute books but the authorities have never been able to enforce it. The mothers still bind the feet of their little girls between the ages of five and ten years, according to whether the child is of wealthy or poor parentage. If the latter the feet are allowed to grow naturally until the child is eight

To Keep the Face Fresh, Clear, Youthful

More important than the cosmetic care of the complexion is the physical care. To keep the face clean, fresh, youthful, there's nothing better than common mercurized wax. It absorbs the soiled or faded worn-out skin particles. Cosmetics simply add unwholesomeness to the complexion. That's the difference. By all means, acquire the mercurized wax habit. It's so easy to get an ounce of the wax at the drugist's, apply at night like cold cream and wash it off next morning. There's no detention indoors, the old skin coming off so gradually no one suspects you're using anything. When in a week or two the alluringly youthful, rose-like under-skin is fully in view—all you want, or need, a make-up complexion after that. It must be apparent that this process means complete ridance of all cutaneous blemishes, like freckles, pimples, blotches and blackheads.

or even ten as she is obliged to use them in working.

In closing Mrs. Crenshaw made a strong plea for American women to be as loyal to their Christ as they had been to their country in its recent crisis. Following her talk she called on her father, Dr. A. S. Moffett for prayer and the meeting closed with the Mizpah benediction.

LIFT OFF CORNS WITH FINGERS

Doesn't hurt a bit and costs only few cents

Drop a little Freezone on an aching corn, instantly that corn stops hurting, then you lift it right out. Yes, magic! A tiny bottle of Freezone costs but a few cents at any drug store, but is sufficient to remove every hard corn, soft corn, or corn between the toes, and the calluses, without soreness or irritation. Freezone is the sensational discovery of a Cincinnati genius. It is wonderful.
