

THE DEMAND FOR 666 CHILL AND FEVER TONIC IS FAR GREATER THAN THE SUPPLY

For the Past Twelve Months the Demand for 666 Has Been Far Greater Than the Supply, But We Have Increased Our Plants and From Now on We Hope to Fill Orders More Promptly.

666 has proven it will cure Malaria, Chills and Fever, Bilious Fever, Colds, and LaGrippe. It kills the parasite that causes the fever.

666 is a fine tonic for pale people. It builds up the blood corpuscles to a red, healthy condition, giving a natural, healthy complexion.

HALF MILLION TO BE RAISED YET IN DRIVE

THIS IS AMOUNT NEEDED TO COMPLETE QUOTA OF THE SOUTHERN DIVISION, IT IS ANNOUNCED.

To bring the Salvation Army Home Service Campaign to a successful finish in the south, approximately \$500,000 must be raised between Sunday morning and midnight of Monday night.

There have been many disappointments in the campaign that started out with a "bang." Over-confidence was in the air and enthusiasm ran high, but, in spite of this, the campaign lagged from Monday night on.

cost hundreds of thousands of dollars to the great campaign. Then, again, the workers did not show up in forces as large as was expected.

The people of the south have given, but their donations have been in small amounts, and, in this manner, almost everyone is represented in the total amount collected, but the quota is at least 50 per cent short, because the people did not dig deep enough.

Late Saturday night, Edward Young Clarke, director of the Southern division of the Salvation Army Home Service Fund Campaign, issued the following statement:

"Monday is the last day of the Salvation Army Home Service Fund Campaign, and, if the south is to go over the top, Monday will have to be the biggest day of the entire week of the drive. It is very necessary for every

666 has proven it will cure Malaria, Chills and Fever, Bilious Fever, Colds and LaGrippe. It kills the parasite that causes the fever. It is a splendid laxative and general Tonic.—adv.

chairman and every committee to do their limit on Monday and roll up for the Salvation Army in the south not less than \$500,000 on the last day of the drive.

"I have great confidence in the people of the south, and believe that they will make an Herculean effort on Monday to push the campaign over the top." The south has not failed to measure up in any of the campaigns of the war and I am sure it will not fail to deliver the goods to the Salvation Army. In order, however, to do it, a mighty effort will have to be made on Monday, the last day of the drive."

666 has more imitations than any other Chill and Fever Tonic in the market, but no one wants imitations. They are dangerous things in the medicine line.—adv.

STATE HOTEL BILL IS NOW UP TO HOUSE

MEASURE AS PASSED BY SENATE PLACES INSPECTION IN CHARGE OF HEALTH AUTHORITIES.

BY HERBERT FELKEL.

Tallahassee, May 26.—The bill abolishing the state hotel commission and putting the hostleries, restaurants and boarding houses in charge of the state board of health, to be looked after and inspected by the local health officer in each city and town, passed and is now up to the house.

It was Senator Singletary's substitute bill for the measure already on the calendar. Senator Roland offered his substitute to the substitute as an amendment to the substitute, but the senate declined to accept it. This provided for perpetuating the hotel commissioner, but for no increase in salary or fees to be collected from the hotels, he said, but broadened the scope of the present law so as to raise more revenue. He further stated that it was endorsed by the traveling men

Desperate Days in Old Virginia

"Dear Father:—You will be in a pother about my long delay. I arrived here late Tuesday night after an encounter with wolves in the woods about 7 miles west of the river. I have fortunately secured four pounds of choice seeds of tobacco, but I cannot fetch them until the mare is recovered from the cruel work of the wolves."

—A Virginia letter of 1647

VIRGINIA tobacco makes the best-tasting cigarette

Virginia cigarettes have a zest, a relish and an appetizing freshness that smokers of other cigarettes never get at all.

But, to enjoy Virginia tobacco at its best, smoke it *straight*—not mixed with other tobaccos. Only then do you get Virginia's full flavor and all of that keen relish that makes a cigarette a *smoke*.

Just try this out for yourself in a Piedmont.

Liggett & Myers Tobacco Co.

The Virginia Cigarette

Piedmont

NOTE—Virginia tobacco is grown here in the U. S. A. Unlike foreign-grown tobaccos it carries no import duty. Import duty doesn't make a cigarette any better—it merely adds to its cost. Piedmonts give you better value because all your money buys tobacco quality.

20 for 18 cents (2 packages—40 cigarettes—35 cents)

Schlitz

FAMO A Builder of Health

Aside from the essential compounds necessary to life that are present in Schlitz Famo—protein and carbohydrates—the organic acids, aromatic compounds of the hop content and carbonic acid gas, exert a very beneficial action.

They have a specific antiseptic property to suppress the development of harmful bacteria that may be lodged in the intestinal tract.

They stimulate—refresh—and assist digestion by replacing to a certain extent the hydrochloric acid of the stomach—cause it to flow more freely—increasing the secretion of the digestive juices.

Drink Schlitz Famo freely—it is a worth-while cereal beverage, non-intoxicating, healthful and satisfying. Good and good for you.

On sale wherever soft drinks are sold. Order a case from

Made Milwaukee Famous

and contained a provision that no moneys not collected under the hotel commission act be used to maintain that department.

Speaking against the Roland amendment and for his substitute, which was finally passed without a dissenting vote in the senate, Mr. Singletary declared that the bill creating the hotel commission was passed to give "people jobs to run around over the state," and that the general improvement in Florida hotels was not due to the hotel inspector, but to the general march of progress in this state as in other states where there are no hotel commissions. He admitted that the office had done some good, but declared that hardly any one now would attempt to build a hotel without fire escapes and screens.

Senator Russell said he hoped the amendment would not be adopted, declaring it his opinion that the traveling men knew little and cared less

about the hotel commission. He told of a case in his town (Palatka) where a small hotel owned by a poor man was forced to put up a fire escape while the wealthy hostelry there was permitted to go without such appliance until he (Russell) after two years waiting "called attention to the fact that the hotel inspector was not doing his duty." He stated that the hotels should be inspected as to sanitary conditions, but "if the linens are not kept clean and the food is not good the traveling men will avoid them, and the hotels know that." Senator Russell also referred to the fact that the hotel commission was not self-sustaining.

Senator Johnson said he favored a law permitting cities and towns to make and enforce their own regulations of hotels, and he was opposed to this amendment perpetuating the

Beauty More Than Skin Deep. There is an old saying that beauty is only skin deep. That may be so with those who get their beauty out of a box but not the genuine sort. Beauty is really only another word for good health and no woman who is bilious and constipated can reasonably hope to be beautiful. Chamberlain's Tablets will correct these disorders, then with proper diet and exercise there is no reason why any young woman with regular features may not hope to be beautiful.—Adv.

present system. The best feature about the Singletary substitute, he said, was the provision that one-half of the fees collected go into the general fund and the other half for the hotel inspection.

Senator Roland replied that the traveling men had stated that a hotel inspection law could not be enforced by the local authorities.

After his amendment was lost Sen-

ator Roland said he thought the administration of the law by the hotel commission at all, and declared that he would vote for the Singletary substitute.

The Singletary substitute was adopted, put on third reading and passed by waiver of the rules.

Nelson's Hair Dressing

which has improved the hair of thousands of colored people all over the United States. Nelson's is fine for the scalp and roots of the hair, and will make it soft and glossy. That is why you find Nelson's used by particular people and sold and recommended by drug stores everywhere.

EULA LEE colored girl of Houston, Tex. uses Nelson's regularly and says it makes her hair long, glossy, and easy to manage. Send us your photograph if you use NELSON'S.
