HOLDOVER SENATORS CAUCUS CONCERNING PATRONAGE DIVIDE

BY HERBERT FELKEL.
Tallahassee, May 31.—At the adjournment of the afternoon session of the senate today the senators who will be hold-overs in 1921 caucused for the purpose of dividing up the patronage for the next legislative session so far as attaches of the senate are concerned. They drew lots, one receiving a clerk, another a stenographer, another a page, etc., according to the custom of years. They will bring with them to Tallahassee the applicants for these positions at the beginning of the 1921 session. The senators, themselves, do not know now who the attaches will be. The secretary and reading clerks are not included in this patronage, being elected each session by all the senators. All of the senators—the sixteen hold-overs as well as the new members—caucused at the same time and agreed upon a rule that will keep the senate calendar cleared from now till the end of the session. All bills that have a chance of becoming law will be passed or killed and the others rapidly disposed of. "We want to have the skirts of the senate clear," said Senator Mac Williams, announcing this determination of the caucus.

CHIPLEY TRIMS L. & N. SHOP CLUB BY 7 TO 6 SCORE

Manager Mack Lewis and His L. & N. shop team were handed a trimming by Chipley high school at Chipley, Decoration Day, the score being 7 to 6. The Railroaders knocked Daniels out of the box in the seventh frame. Until the seventh, Brown held Chipley hitless, but in that session two bad errors and a double by Les Olford, formerly of the Detroit Tigers, gave Chipley a start. A wonderful stop of a hot line drive by Bond featured the game. C. Geist, the local catcher, was knocked out in the eighth inning and was replaced by Wentworth. Brown struck out 15 men; Daniels, 3, and Meyers, 6. A return game will be played here and the shop boys expect to win easily. The score by innings: R. H. E. Chipley000 000 204 1-7 6 3 L. & N.120 021 000 0-6 9 5 Batteries—Daniels, Meyers and Fanlor; Brown and Geist, Wentworth. Umpires: Thorpe and Kelley, of Chipley.

DRAG IS PROVIDED IN CASE ACCIDENT AT BAYVIEW PARK

Mayor Sanders has caused the firm of Acosta & Anderson to construct a drag which may be used at Bayview park in future cases of drowning there. The new drag is made to be trailed behind a launch. Six or eight chains with stout grappling hooks at the end are fastened from a piece of two-inch piping which will skid along the bottom of the bayou, and it is thought that these hooks in their movements will stir up all objects which may be resting on the bottom. The occasion of securing this equipment for the park was the unfortunate drowning accident there last Sunday. While it is the hope of all that there will be no further occasion for dragging the bayou, it is a satisfaction to know that additional preparation for tragedies has been made.
