Wonderful Hair In Great Abundance

is a rare gift of Nature. But beautiful hair, full of life, snap and vigor, is a result, that is within the reach of almost everyone.

Newbro's Herpicide

offers the one actually proven opportunity for noticeable results in hair culture. Anyone with dull, brittle or lusterless hair, can prove this at small cost. Just begin the use of Newbro's Herpicide in secret and see how soon your friends will note the improvement.

About Influenza

This disease usually plays havoc with the hair. The inflammation in the hair follicles is usually self-limiting, but occasionally it persists, causing alarming hair loss.

There is no bottled magic for this condition, but the intelligent use of Herpicide with patience, will greatly minimize the harm. We have very encouraging reports.

Herpicide should be in every home—It is the most dependable hair saver and the most exquisite and dainty hair dressing—Does not stain or dye the hair.

Sold by all drug and department stores. Applications at barber shops.
