Squeezing and pinching out blackheads make the pores large and cause irritation—then, too, after they have become hard you cannot get all of them out. Blackheads are caused by accumulations of dust and dirt and secretions from the skin and there is only one safe and sure way and one that never fails to get rid of them—a simple way, too—that is to dissolve them. Just get from any drug store about two ounces of powdered neroxin, 25 cents worth—sprinkle a little on a hot wet sponge—rub over the blackheads briskly for a few seconds—wash off and you'll be surprised to see that every blackhead has disappeared, and the skin will be left soft and the pores in their natural condition—system trouble, with these unsightly blemishes should try this simple method.

ALL OUT—I do not wonder that you are disgusted with the hair tonics commonly sold. Did it ever occur to you that you need a real hair grower instead of a hair tonic? Here is a formula which has a wonderful effect upon the cell growth of hair, and results can be quickly seen in the sprouting of new hairs, in the vigorous growth and brightening of hair, and its added lustre and fullness. Here is the formula: To half a pint of oay rum add half pint of water (or else you may use a full pint of witchhazel if you wish) and to this add one ounce of beta-quinol, which will cost no more than fifty cents at the drug store.

MRS. T. C. G.—Cheer up! You'll be one of the happiest women in the world in a few days. I can promise you that, because your cream of a beautiful complexion will surely come true if you do as I say. Thousands have done it; you can do it. It never fails. Stop using all the prepared complexion creams sold in the stores and make your own this way in a few moments: Mix one ounce of salicylic acid, 50 cents worth, and two tablespoonful of glycerine in a pint of water. It's simple and wonderful. Every spot will vanish and leave your skin like that of the fairest you've read about. You can be sure of it.

Cut this Out—It's Worth Money. DON'T MISS THIS. Cut out this slip, enclose with 5c and mail to Foley & Co., 2835 Sheffield Ave., Chicago, Ill., writing your name and address clearly. Tells How to Darken Gray Hair with a Home-Made Mixture.

Joicey Williams, the well-known actress, who was recently playing at the Imperial Theatre in St. Louis, made the following statement about gray hair and how to darken it: "Anyone can prepare a simple mixture at home that will darken gray, streaked or faded hair, and make it soft and glossy. To a half-pint of water add 1 ounce of bay rum, a small box of Barbo Compound, and 1-4 ounce of glycerine. "These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray-haired person look twenty years younger.
