New Orleans, Nov. 6.—Cotton futures opened weak. December, 37.60; January, 36.59; March, 35.60; May, 34.906 July, 34.72.

New Orleans, Nov. 6.—A wave of liquidation struck the cotton market on the opening today, prices dropping under it to the extent of 101 to 160 points in a few minutes of trading. A very poor Liverpool and private estimates on ginning of rather larger figures than expected stimulated the selling. As the market dropped it met new buying of consequence and at the end of the first half hour of trading reacted 50 to 90 points from the lowest. The tone held fairly steady after the first flurry of trading was over, but only partial recoveries from the initial decline were made. Toward noon prices were 50 to 80 points under the close of yesterday.

Somewhat lower quotations at interior spot points increased offerings of contracts and at 1 o'clock prices were at net declines of 60 to 95 points.

New York, Nov. 6.—The cotton market lost almost all of yesterday's big gains at the opening this morning.

A sharp break in the Liverpool market with the advance in the British discount rate, an unsettled tone in the stock market, high call money and less bullish private crop figures, led to heavy general selling. First prices were 67 to 70 points lower on the more active positions, and 125 points on September, with January selling at 36.52 and March at 36.18 during the first few minutes. Wall street and heavy trade interests were heavy buyers.

About half the big opening break was recovered later in the morning on trade buying accompanied by reports of spinners calling and continued support from Wall street sources. January sold up to 37.05 and March to 36.50 or about 32 to 50 points from the early low level after which business tapered off with later fluctuations irregular.

Liverpool Nov. 6.—Spot cotton in active demand. Prices lower. Good middling, 26.98; fully middling, 26.28; middling, 25.49; low middling, 23.23; good ordinary, 21.08; ordinary, 20.08; sales, 12,000 bales, including 10,200 American. No receipts. Futures closed irregular and unsettled. November, 24.98; December, 24.53; January, 23.78; March, 22.75; May, 2.13; July, 21.68; October, 19.85.

MORRIS Supreme Peaches

HOW DOCTORS TREAT COLDS AND THE FLU

First Step in Treatment is a Brick Purgative With Calomel, the Purified and Refined Calomel Tablets That Are Nauseless, Safe and Sure.

Doctors have found by experience that no medicine for colds and influenza can be depended upon for full effectiveness until the liver is made thoroughly active. That is why the first step in the treatment is the new, nausealess calomel tablet called Calotabs, and which are free from the sickening and weakening effects of the old style calomel. Doctors also point out the fact that an active liver may go a long way towards preventing influenza and is one of the most important factors in enabling the patient to successfully withstand an attack and ward off pneumonia.

One Calotab on the tongue at bed time, with a swallow of water—that's all. No salts, no nausea nor the slightest interference with your eating, pleasure or work. Next morning your cold has vanished, your liver is active, your system is purified, and you are feeling fine, with a hearty appetite for breakfast. Druggists sell Calotabs only in original sealed packages, price thirty-five cents. Your money will be cheerfully refunded if you do not find them delightful—adv.

For Sore Throat

Rub the chest vigorously with Yel-O-Pine Croup and Pneumonia Salve, then saturate a piece of flannel with the Salve. Warm it before the fire and press it firmly over the chest and throat.

Take a chunk of the salve about the size of a pea and spread it inside the throat. If the case is obstinate melt a bit in a spoon and breathe it through the mouth and nose. The next morning the head, throat and lungs will be cleared and the soreness gone. Ask your dealer for Yel-O-Pine Salve.
