**Try Making Your Own Cough Remedy**

You can save about \$2. and have a better remedy than the ready-made kind. Easily done.

If you combined the curative properties of every known "ready-made" cough remedy, you probably could not get as much real curative power as there is in this simple home-made cough syrup, which is easily prepared in a few minutes.

Get from any druggist 2 1/2 ounces of Pinex, pour it into a pint bottle and fill the bottle with syrup, using either plain granulated sugar syrup, clarified molasses, honey, or corn syrup, as desired. The result is a full pint of really better cough syrup than you could buy ready-made for three times the money. Tastes pleasant and never spoils.

This Pinex and Syrup preparation gets right at the cause of a cough and gives almost immediate relief. It loosens the phlegm, stops the nasty throat tickle and heals the sore, irritated membranes so gently and easily that it is really astonishing.

A day's use will usually overcome the ordinary cough and for bronchitis, croup, hoarseness and bronchial asthma, there is nothing better.

Pinex is a most valuable concentrated compound of genuine Norway pine extract, and has been used for generations to break up severe coughs.

To avoid disappointment, ask your druggist for "2 1/2 ounces of Pinex" with full directions, and don't accept anything else. Guaranteed to give absolute satisfaction or money promptly refunded. The Pinex Co., Ft. Worth, Ind.

**GOLD MEDAL HARLEM OIL CAPSULES**

The world's standard remedy for these disorders, will often ward off these diseases and strengthen the body against further attacks. Three sizes, all druggists. Look for the name Gold Medal on every box and accept no imitation.

**ADENOIDS AND ENLARGED TONSILS DUE TO NEGLECT**

Timely Attention Would Avoid Much Trouble and Danger. If mothers and nurses would only learn that children's colds and sore throats are "acute catarrh" and leads to adenoids and enlarged tonsils, many surgical operations would be spared their children.

Mothers should know, if they would only think, that infants and young children do not and cannot clear the phlegm from their air passages. The secretions accumulate, harden, become impure, unsanitary and irritating. Chronic inflammation (catarrh), ensues and produces adenoids, enlarged tonsils, pigeon chest (weak lungs) and predisposes to pneumonia and tuberculosis.

With a little attention all of this may be avoided, for the mother's problem of keeping the child's nose and throat in a sanitary condition and free from germs is now perfectly solved. Simply telephone the drug store for a family jar of Eucapsine Salve, costing fifty cents, enough for a winter's supply. Eucapsine is a mild and most agreeable salve, especially prepared to keep the child's nose and throat in a sanitary condition and free from germs and secretions. Your druggist is familiar with the prescription, which consists of eucalyptus, wintergreen, menthol, camphor and pinus sylvestria, made into a soothing, cleansing, healing, and antiseptic salve which even the babies find most agreeable.

Rub Eucapsine Salve up the nostrils for colds, and if the throat and tonsils are inflamed put a little of it on the back of the tongue from which it will spread to the tonsils and throat. Eucapsine relieves croup in a few moments and is an indispensable aid to every intelligent mother. Even the little tots soon learn to use it for themselves and to ask for it when their air passages are irritated. The grown ups find it equally agreeable and effective in all catarrhal troubles of the nose and throat. Eucapsine Salve may be had at any drug store.

**AUTO DEALERS ARE ORGANIZED**

Automobile dealers of Pensacola formed a permanent organization by adopting a constitution and by-laws under which they elected officers at a meeting held at the Chamber of Commerce rooms last night. Officers for the ensuing year are: P. D. Tabault, president; H. E. Root, vice-president; C. P. Rowan, secretary; P. H. Brock, treasurer. The following board of directors: H. E. Quina, D. de R. M. Searritt, C. E. Abbott and J. E. Daniels.

The name of the association is the "Pensacola Automobile Dealers Association." Any automobile or accessory dealer, garage man or automobile insurance man in Pensacola is eligible to membership. The initiation fee is \$10.00 and the annual dues are \$15.00 payable semi-annually. P. H. Brock, D. de R. M. Searritt and H. E. Quina were appointed on the membership committee with instruction to work hard and have every eligible dealer join the association within the next week. On next Wednesday night a dinner will be given at the San Carlos hotel and it is hoped to have a representative attendance from all classes of the automobile industry.

At the call to order, T. H. Lacy, chairman of the committee on constitution and by-laws presented a report which was adopted without amendment. A vote of thanks was extended the committee consisting of T. H. Lacy, D. de R. M. Searritt and H. E. Quina.

It was determined to provide printed copies of the constitution and by-laws as well as membership blanks. This will be done by Secretary Rowan.

T. H. Lacy was made an honorary member of the association with full privileges and was given a vote of thanks for his efforts in organizing the Pensacola Automobile Dealers Association. The matter of an automobile show for Pensacola will be determined by the officers and board of directors.

**Don't Experiment with Catarrh It Often Leads to Dread Consumption**

**You Will Never Be Cured By Local Treatment With Sprays.**

Catarrh is a condition of the blood and can not be cured by local applications of sprays and douches; this has been proven by the thousands who have vainly resorted to this method of treatment.

Catarrh should not be neglected or experimented with. The wrong treatment is valuable time lost, during which the disease is getting a firmer hold upon its victim, and making it more difficult for even the proper treatment to accomplish results.

Though Catarrh makes its first appearance in the nostrils, throat and air passages, the disease becomes more and more aggravated and finally reaches down into the lungs, and everyone recognizes the alarming conditions that result when the lungs are affected. Thus Catarrh may be the forerunner of that most dreaded and hopeless of all diseases, consumption.
