

In Methuselah's Home Town You couldn't find any better remedy for keeping young than the Spring Suits that we have ready for Easter.

Even the most conservative model doesn't look a minute over 41 and if you dare risk a young man's style, we can bring back those delicious days when you dabbled in ice cream sodas and sent lacy valentines.

Every one young or old is going to try their hardest to look their nicest this Spring.

It isn't too early to plan now—Easter Sunday is April 4th.

No woman who is opposed to buying new clothes at today's high prices need ever look dowdy while our service is so available and so efficient in restoring old clothes to new brightness and cleanliness. Just try us. You'll like the service and the economy.

PRESTON FOR COUNTY BOARD

NATIVE YOUNG PENSACOLIAN ANNOUNCES THIS MORNING TO REPRESENT DISTRICT NO. 2.

The Journal this morning announces the candidacy of Edward P. Preston for County Commission from district No. 2. Mr. Preston makes the following statement relative to his candidacy:

"In making my announcement soliciting the votes and support of my friends and fellow citizens in district No. 2, I have two reasons to offer for doing so.

"First I want the office for every legitimate dollar of salary there is in it.

"Second, I believe that I can give the taxpayers of the county value received for every dollar of salary they pay me.

"I was born at Warrington, in 1882. I am a newspaperman and have worked on the papers of our city for the past twenty years. I am a conservative union man, being a member in continuous good standing of the Pensacola Typographical Union. I believe in a good day's work for a good day's pay. I have been honored by the members of my own organization by being twice elected as president of that body and was for five years its secretary-treasurer. I also was president of the Central Trades Council for two terms.

"Under the old aldermanic administration I was honored by the voters of the city by being elected to a position on the Board of Public Safety which I held for two years.

"I believe in a system of permanent roads and bridges which will put this county on an equal footing with some of the other counties of the state which have such good roads. I believe that this county should as soon as possible put in a permanent road to the Lillian bridge and also one to the east by the way of Ferry Pass connecting up with Santa Rosa county and that Pensacola and Escambia county would benefit greatly by so doing.

"While the Board of County Commissioners I understand has no direct control over the building of public schools, I favor the building of a high school that will at least equal the construction and appearance of our beautiful county jail building, and I think the children of our community are at least entitled to as much comfort as the criminals, which they have not today."—Paid Political Adv.

CITY POUND IS HOLDING STEER

The city is holding a dark brown steer which was picked up on the streets several days ago and will sell it at auction unless the owners claim the animal. It is being held in the city pound until the sale.

YOUR HAIR IS GROWING GRAY

Don't Neglect the First Streaks. Hurry Apply Q-Ban Hair Color Restorer. Stops Dandruff and Falling Hair. Darkens Gray Hair.

When you see the first white streak or your hair is lifeless then apply Q-Ban Hair Color Restorer on all your hair and scalp. If your hair is tinged with gray, streaked, wispy, or your hair is entirely gray, Q-Ban Hair Color Restorer will easily restore the even, dark luster of a young girl, making your entire head of hair soft, fluffy, long, thick and evenly dark. Q-Ban Hair Color Restorer is not a dye, but a clean, clear liquid as safe to handle as pure water. It does not cost much to try. You can easily apply it in the privacy of your own room and stop that first sign of gray so no one can tell. Get a bottle of Q-Ban Hair Color Restorer. Full directions on each bottle. Mail orders 75 cents. Address Q-Ban, Memphis, Tenn.—Adv.

DIVERT CROWDS S. A. GATHERS TO PENSACOLA WASTE PAPER

CITY IS BEING ADVERTISED TO THOUSANDS OF TOURISTS BY CHARLES HERVEY.

Advertising the city and calling attention to the advantages of Pensacola to the many tourists in the southern part of the state, Charles and Mrs. Hervey are making a tour of the state by automobile. They are also working up interest in the coming newspapermen's convention to be held in this state in June.

Mr. and Mrs. Hervey will reach Tampa for the district convention of Rotary to be held there March 18 and 19. They left Pensacola last week and plan to make a complete tour of the state by way of the East coast and returning by way of the west coast.

The party will distribute advertising literature in all the cities on their route. The advertising is from the Pensacola Chamber of Commerce and local civic organizations as well as from the San Carlos hotel.

Mr. Hervey states, in a letter received from him yesterday, that the southern part of the state is overcrowded with tourists and more people are down there than ever before in the history of the state. He says that he is advertising this city as a good place to stop over on their way to their home states.

METHODISTS SPEND HALF MILLION FOR WAR RELIEF

Nashville, Tenn., March 11.—The Methodist Episcopal church, South, this week appropriated \$250,000 for immediate relief work in Poland. A similar sum has also been set aside for Belgian relief.

This fund will be used in religious and social reconstruction work in the devastated regions. Centers have already been established at Brussels, Ypres, Lille and Menin in Belgium and a staff of nine workers have sailed. Others will soon follow.

The money appropriated comes from the funds of the Centenary Commission, which has \$50,000,000 available for missionary work at home and abroad. Czechoslovakia, Russia, Portugal and Serbia will be helped from the Centenary funds. A clinic has been opened at Belgrade and an orphanage established at Paversham, England, to care for Serbian orphans.

SAND KEY PASSINGS.

Sand Key, Mar. 11.—Passed west, 10th—J. M. Guffey, Kewanee, Quitticus. 11th—San Patricio, Br.; Lake Gavella.

INDUSTRIAL AND SALVAGE DIVISION HAS SAVED MORE THAN THREE-QUARTERS OF A MILLION TONS IN TEN YEARS.

Atlanta, Ga., Mar. 11.—To assist in relieving the acute shortage of news print paper which is seriously hampering the publication of newspapers and magazines throughout the country the Salvation Army urges all firms and individuals to save their waste paper of whatever description.

The wagons of the Salvation Army visit every street in every city where a Salvation Army corps is located at least once every two weeks and gather up this waste paper after which it is baled and returned to the mills to be worked over into news print paper.

About 50,000 tons of waste paper have been turned back to the mills in the last twelve months by the Salvation Army according to computations made by the national headquarters in New York City.

In five southern cities alone, according to Captain C. C. Lever, manager of the industrial department in Atlanta, more than six million pounds were returned to the mills last year, and this does not include the thousands of pounds that were saved for further use in the dozens of other cities and smaller towns in the South where the Salvation Army operates.

"Had the Salvationists not gathered up this enormous volume of waste paper—a small mountain in size," says Captain Lever, baled it and returned it to the mills to be remanufactured, the paper would have been burned by householders and stores, or otherwise destroyed and lost to the publishing industry. And at the same time the Salvation Army was giving jobs as 'wastepaper harvesters' to hundreds of unemployed men.

"Money raised with the sale of baled waste paper maintains our eighty-five industrial homes in various parts of the country where men not able to support themselves are given such light work as they are able to perform and those who can't work at all are maintained without charge.

"The Salvation Army practices common sense salvage as well as salvation. It not only saved for publishers of the United States more than three-quarters of a million tons of paper in the last ten years, but in the process it put thousands of human delinquents on their feet."

Troop 3, Boy Scouts, will meet at the Y. M. C. A. at 3 o'clock this afternoon. This meeting will take the place of the Friday night session which has been called off on account of the basketball game at Century.

GILCHRIST WOULD BE DELEGATE

Funta Gorda, Mar. 11.—(Special).—Ex-Governor Albert W. Gilchrist is at home here for a few days, after having been occupied for some time with business affairs in Waycross, Ga., and it is a matter of considerable public interest that he announces as a candidate for delegate from the state at large to the Democratic national convention to be held in San Francisco, commencing June 28.

Ex-Governor Gilchrist enjoys a popularity all over Florida, which will insure him a large vote in the coming primary election, and, as delegate to the national convention of the Democratic party, he will represent Florida democracy with fidelity and loyalty, upholding every good and sound principle and supporting men and measures acceptable to his constituency and insuring the success of the party in the coming presidential election.

Being fully conversant with the questions of the day, he is prepared to act intelligently on any issue that may arise, and may be depended upon to do the right thing at the right time.

COUNTY BOARD TO MEET SATURDAY

The County Commissioners will meet Saturday morning in joint session with the board from Santa Rosa county to discuss ways and means of completing the approaches to Molino bridge. Santa Rosa county has made arrangements to do the work on their end and are asking that Escambia carry out its part of the agreement. An amicable understanding is expected to be reached.

DODSON SOUNDS CALOMEL'S DOOM

The "Liver Tone" Man Warns Folks Against the Sickening Salivating Drug.

Ugh! Calomel makes you sick. It's horrible! Take a dose of the dangerous drug tonight and tomorrow you lose a day.

Calomel is mercury! When it comes into contact with sour bile, it crashes into it, breaking it up. Then is when you feel that awful nausea and cramping. If you are sluggish, if liver is torpid and bowels constipated or you have headache, dizziness, coated tongue, if breath is bad or stomach sour, just try a spoonful of harmless Dodson's Liver Tone tonight.

Here's my guarantee—Go to any drug store and get a bottle of Dodson's Liver Tone for a few cents. Take a spoonful and if it doesn't straighten you right up and make you feel fine and vigorous, go back to the store and get your money. Dodson's Liver Tone is destroying the sale of calomel because it can not salivate or make you sick.—Adv.
