

COTTON MARKET LOWER FOR WEEK

Political Situation in Europe Was Main Factor Against Values.

NEW ORLEANS, March 6.—Price changes in the cotton market last week were narrower than usual and the net results were losses of 35 to 41 points in the contract department.

This week the market, according to all indications, will be obliged to follow political maneuvers abroad very closely.

Aside from politics the trade will watch the weather over the belt more closely, for considerable cotton is being planted in the earlier sections in Texas and preparations for planting are being pushed in more southern portions of other states.

FURTHER DETAILS WOOLSEY SINKING

(By The Associated Press.)

SAN DIEGO, Cal., March 6.—Part of the story of the collision which resulted in the sinking of the U. S. destroyer Woolsey near Coiba Island, off the coast of Panama, a week ago last Saturday, was given today by officers of the destroyer Stoddard, which has arrived from southern waters with the advance guard of the returning Pacific fleet.

Several bluejackets sleeping on deck were washed overboard and were rescued by the destroyer Wicks, Phillip, Aaron Ward and Buchanan, searchlights being used to locate the men.

When the Steel Inventor backed clear, the Woolsey's prow shot skyward. Her stern was awash as far forward as the after-smokestack and she was reeling in the heavy swells when the searchlights of the other destroyers were turned on the scene.

A few seconds later the freighter and destroyer were in collision, the freighter hitting the destroyer on the starboard quarter and smashing in her side, cutting her in two.

GRAND JURY WILL PROBE MAIL THEFT

DANVILLE, ILL., March 6.—Steps to clear up one of the largest mail robberies of recent years will be considered by the grand jury that meets here tomorrow. It involves principally Guy Kyle, of Mt. Vernon, Ill., formerly a minister, in whose home \$100,000 in cash was found and who confessed. Another lot of \$85,000, mostly cash, was found stuffed in auto parts and other places in a garage in Mt. Vernon jointly owned by Mr. Kyle and Loren Williamson. Williamson has denied any connection with the robbery.

Beyond admitting that he participated in the robbery, Mr. Kyle has refused information for publication. There have been stories that a band of expert robbers was involved and others that Kyle was alone. Mr. Kyle formerly was a minister in the Free Methodist church. His connection with that church was severed in 1918. The Rev. G. W. Griffith,

BATTLE WITH NIGHT RIDERS Attempt Made to Take Fellow Members From Alabama Jail.

(By The Associated Press.) SCOTTSBORO, Ala., March 6.—What is believed to be the climax of the northern Alabama night rider activities occurred this afternoon when a band of about 15 members of the farm tenants' union undertook to take four of their fellow unionists from the Stevenson jail and engaged in a gun battle with about 150 citizens and officers on the streets of Stevenson.

No one was killed or injured in the battle but five of the rescuing party were captured and, together with the four original prisoners, are now locked up in the jail at Scottsboro. Officers who took part in the street battle recognized the majority of the attacking forces and will tomorrow organize a posse for the purpose of invading the Fabius settlement, just across the river from Stevenson, which is said to be the stronghold of the night riders. The farm tenants' union has called a meeting for tomorrow at Scottsboro and will assist the officers in the capture and conviction of the radical element which has been responsible for the outrages upon farmers who have refused to join the organization.

The town of Stevenson is in a high state of excitement and citizens were armed tonight in preparation for a possible raid of night riders. Following the battle the officers in charge of the prisoners decided that the Stevenson jail was inadequate to withhold in such a force and the nine men were taken to Scottsboro and placed in the county jail. A heavy guard was summoned and the officers were said to be ready for anything which might occur.

With the nine men brought to Scottsboro today, the total number of prisoners taken to date is 11. Of this

of Chicago, who presided as acting bishop over the Central Illinois conference at which the severance took place, said that Mr. Kyle was present and requested a certificate of standing. On investigation it was found that Mr. Kyle already had united with another church and that his credentials had been recognized by that other church. In view of the fact that Mr. Kyle had taken this step while still posing as a minister of the Free Methodist church, Rev. Griffith said his request for a certificate was denied, and by vote of the conference he was declared withdrawn from the conference and the church.

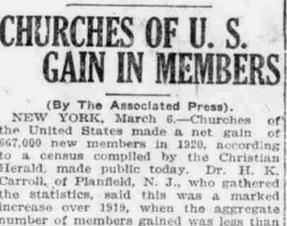

Dr. Carroll said in 1919 decreases were shown in the most of the churches. He compared figures of some of the larger groups showing that in 1919 the Methodist group lost 75,951; Presbyterian group lost 46,450, and the Baptist group lost 11,108. In 1920, these groups gained respectively 237,127, 43,021 and 129,283. The three large Baptist bodies, he said, have not yet completed their statistics and it is believed that the actual figures will show a gain of more than 129,000 in the year. Baptisms in the Southern Baptist have reached the unprecedented figures of 165,000 with churches yet to be heard from.

IN BED EIGHT MONTHS

Cause—Change of Life. How Lydia E. Pinkham's Vegetable Compound Got Me Up

Afton, Tenn.—"I want other suffering women to know what Lydia E. Pinkham's Vegetable Compound has done for me. During the Change of Life I was in bed for eight months and had two good doctors treating me but they did me no good. A friend advised me to take Lydia E. Pinkham's Vegetable Compound, which I did and in a short time I felt better. I had all kinds of bad spells, but they all left me. Now when I feel weak and nervous I take the Vegetable Compound and it always does me good. I wish all women would try it during the Change of Life for I know it will do them good. If you think it will induce some one to try the Vegetable Compound you may publish this letter." —Mrs. A. KELLER, Afton, Tennessee.

Women from forty-five to fifty years of age should take warning from such symptoms as heat flashes, palpitation of the heart, smothering or fainting spells, or spots before the eyes, and prepare their system for this perfectly natural change by taking Lydia E. Pinkham's Vegetable Compound. It has helped many, many women through this trying period, just as it did Mrs. Keller.
