The Tallahassee True Democrat came to us last week without a line of editorial matter upon its usually well-filled editorial page. The editor gave as an excuse "a sudden and unexpected rush of advertising" Good excuse, friend Smith, but why couldn't you have cut out several columns of pot metal to make room for your editorials?

The Jefferson County Fair was a splendid success and just goes to show what can be accomplished by a few determined men when they put their heads together and put their hands to work. Too much credit for the success of the fair cannot be given to brother Atkinson, editor of the Monticello News, who toiled early and late and hammered at the people week in and week out through the columns of his paper. That the fair was an unqualified success must, we presume, be his only compensation, but like all good newspaper men it is not his own benefit that he worked for but the good of the people of his county.

A SPECIAL TERM OF COURT NEEDED

In the county jail there are now confined no less than four persons against each of whom there hangs a charge of murder. These alleged murders have all been committed in the county within a period of a few weeks—everyone since the adjournment of the Circuit Court in October Of these prisoners one is a negro and the other three are white men. The negro is in jail for the killing of his wife, the tragedy occurring at the negro camp meeting at Hanson on a Sunday afternoon a few weeks ago. Two white men are charged with the killing of an inoffensive aged negro man in the eastern part of the county a little longer than a week ago and the third white man will have to answer for the killing of Col. C. B. Ashley in this city last Thursday afternoon.

It seems to us that there exists a necessity for a special term of our Circuit Court for the speedy trial of these cases. We believe that justice and the enforcement of law and order demand that these cases have speedy attention. A petition, numerously signed by the citizens of the county, has been prepared and will be forwarded to the authorities asking for the convening of a special term of the Circuit Court for the trial of these several cases. We hope that the prayer of the petitioners will be heard and granted, and that the court will be shortly convened and the alleged murderers put upon trial for their misdeeds.

The Standard Oil Co., of New Jersey is an illegal corporation and must be dissolved, is the effect of a decision handed down by the United States Circuit Court of the Eastern District of Missouri on last Saturday. This was the unanimous opinion of each of the several judges who tried the case. The order of dissolution takes effect in thirty days but of course an appeal has been taken to the Supreme Court of the United States and it is safe to say that the "giant octopus" of corporations will continue to do business as before until that tribunal reviews the decision of the lower court and either confirms the decision or reverses it.
