

WANTS HER LETTER PUBLISHED

For Benefit of Women who Suffer from Female Ills

Minneapolis, Minn.—"I was a great sufferer from female troubles which caused a weakness and broken down condition of the system. I read so much of what Lydia E. Pinkham's Vegetable Compound had done for other suffering women I felt sure it would help me, and I must say it did help me wonderfully. My pains all left me, I grew stronger, and within three months I was a perfectly well woman."

"I want this letter made public to show the benefit women may derive from Lydia E. Pinkham's Vegetable Compound."—Mrs. JOHN G. MORDAN, 2115 Second St., North, Minneapolis, Minn.

Thousands of unsolicited and genuine testimonials like the above prove the efficiency of Lydia E. Pinkham's Vegetable Compound, which is made exclusively from roots and herbs.

Women who suffer from those distressing ills peculiar to their sex should not lose sight of these facts or doubt the ability of Lydia E. Pinkham's Vegetable Compound to restore their health.

If you want special advice write to Mrs. Pinkham, at Lynn, Mass. She will treat your letter as strictly confidential. For 20 years she has been helping sick women in this way, free of charge. Don't hesitate—write at once.

Don't chase a lost opportunity.

THE COLE PLANTER

MAKES BIGGER CROPS

Because it mixes the guano with the soil close under the seed so that the cotton is nourished from the time it sprouts and grows off strong and thrifty. A farmer says: "100 pounds of guano applied with the Cole Planter is equal to 200 pounds put out in the usual way."

IT INCREASES THE YIELD A HALF OR MORE TO EACH ONE-HORSE CROP.

SAVES TIME AND MONEY

One man and one horse at one trip, prepares the seed-bed, puts in the guano, opens a furrow, drops and covers the seed, all in just the right way for either Corn, Cotton, Peas, Sorghum, Potatoes, Etc. The COLE PLANTER beats the world in getting a quick, even stand. It puts one seed after another in a straight line, thick or thin, so that it saves seed, costs less to run, and less to cultivate.

Mr. Hearn of Georgia writes: "I WOULD NOT WISH PLANTING MY CROP WITH THE COLE PLANTER FOR \$2000."

IT MEANS MONEY TO YOU. Write at once for FREE catalogue and name of merchant who sells and guarantees Cole Planters.

PANAMA CANAL'S COST IS NOW INCREASED TO \$375,201,000

HOW CANAL COST HAS INCREASED \$235,495,800.

Original estimate of cost of Isthmian (lock) canal.....	\$139,705,200
Estimate in annual report last year of Isthmian (lock) canal..	250,000,000
Estimate in annual report this year of Isthmian (lock) canal..	375,201,000
Original estimate of Isthmian sea level canal.....	247,021,000
Advance over original estimate of lock canal.....	235,495,800
Advance over estimate of last year's report.....	125,201,000

LIEUTENANT-COLONEL GEO. W. GOETHALS, To Whom Has Been Entrusted the Task of Digging the Panama Canal.

In one bound the estimated cost of the construction of the Isthmian canal has jumped more than \$125,000,000 above last year's report of Lieutenant-Colonel George W. Goethals, which placed the figure at about \$250,000,000.

The total estimated cost of the construction of the Isthmian (lock) canal is now placed at \$375,201,000, an advance of \$235,495,800 over the original estimate of \$139,705,200, upon which Congress authorized the construction of the canal.

In his report to the Secretary of War, Lieutenant-Colonel George W. Goethals adopts as official the figures submitted to a sub-committee of the House Appropriations Committee, as a rough draft, but gives no assurance that they are final. In his figures of the total cost, however, he adds the \$50,000,000 purchase price paid to the French company for the canal, fixing the actual cost of construction at \$297,766,000. The balance of the total cost is made up by the estimated cost for sanitation and civil government.

The prophecy of Senator Teller that, if the lock canal was built across the Panama Isthmus at a cost of not more than \$500,000,000, it would surprise the best engineers in the world, bids fair to be fulfilled in the opinion of Government officials who have studied Colonel Goethals' latest report.

Colonel Goethals' own estimate of the cost of a sea-level canal is \$477,601,000. He makes no reference to a sea-level canal in his report, however. The figures were furnished to Congress at his own request.

Mechanical Zither.

A novel musical instrument from the home of music is the mechanical zither invented by a German. This

Instrument consists of a zither with an attachment at one end for a disk like a phonograph record. The record has little projections on the underside by means of which a device connected with the strings picks out tunes as if the zither was played by hand. The disk is revolved by means of a handle at one end of the zither box, a strange feature in these days of self-playing instruments. Operating mechanically, as it does, the mu-

sic of this zither is more nearly correct than if the wires were plucked by hand. There is no possibility of striking the wrong string, for only those wires whose spurs are struck by the projections on the record will respond and the tone thus given out is clear and entirely free from the blur so often caused by the striking of two wires at once when the instrument is played by hand.—Washington Star.

How to Drill Through Brick and Soft Stone.

The accompanying illustration represents a very good drill for brick walls and soft stone. The stone is made of an ordinary gas pipe and the end is serrated, which can be done with an ordinary half-round or three-cornered file. In bor-

Drill For Brick Walls and Soft Stone.

In making a hole, the end of the drill is tapped lightly with a hammer and turned slightly after every blow.—B. A. Johns, in the Scientific American.

Gain has oft with treacherous hopes led men to ruin.—Sophocles.

FAMILY IN THE DESERT OF SAHARA, AND THEIR RUDE HOME.—H. Quimby, New York, in Leslie's.

Pleasant, Refreshing, Beneficial.

Syrup of Figs and Elixir of Senna appeals to the cultured and the well-informed and the healthy because its component parts are simple and wholesome and because it acts without disturbing the natural functions, as it is wholly free from every objectionable quality or substance. In its production a pleasant and refreshing syrup of the figs of California is united with the laxative and carminative properties of certain plants known to act most beneficially, on the human system, when its gentle cleansing is desired. To get its beneficial effects, always buy the genuine, for sale by all reputable druggists; one size only, price fifty cents a bottle. The name of the company—California Fig Syrup Co.—is always plainly printed upon the front of every package of the genuine.
