The first issue will be on sale in a few weeks.

## Congress Adjourned on Last Monday.

At four-thirty o'clock Monday afternoon, the second session of the sixty-second congress passed into history. It had been expected that Congress would adjourn on last Saturday, but a difference was manifest between the House and the Senate on certain State claims and a proposed extra month's pay for congressional employees, and then Senator La Follette was conducting a filibuster in the Senate to secure action on the Penrose campaign fund resolution. The session lasted remarkably long. Numbers of matters of legislation were enacted into law. Revised tariff bills were passed by the House and the Senate, only to meet the President's veto. Congress was also unique in its complexion, the House being decidedly Democratic, the Senate nominally Republican, although a coalition of the Democrats and insurgent Republicans was often effected, thereby securing the majority, and the President, with his veto power, old-line Republican.

The third session of the sixty-second congress will convene in December.

## Bass-Prather.

Pinetta, Aug. 29.—Among the events of interest the past week was the marriage at the home of the bride on last Sunday of Mr. J. A. Bass to Miss Admie Prather, of West Lake. Rev. Mr. and Mrs. Bass are at home this week amid congratulations of many friends.

## Bradford County Sheriff Killed Sunday.

On last Sunday afternoon John N. Langford, sheriff of Bradford county, was shot and killed in a room in the Duval hotel in Jacksonville by W. T. Andrews, also of that county. Langford was shot five times. The only eye-witness to the killing besides Johnson was John W. Hatcher, of Worthington Springs. The men had been quarreling before the fatal shots were fired although the three had gone to the city as friends. It is also stated that a feud had existed between the Langford and Andrews families for some time. Langford was killed with his own pistol.

## Bleasé Ahead in South Carolina.

Unofficial returns from Tuesday's election in South Carolina, with three counties missing, show Governor Bleasé to be the high man in the gubernatorial race, he lacking less than 100 votes of having a majority over both opponents. The incomplete figures are: Bleasé, 61,510; Jones, 59,394; Duncan, 1,600. Senator B. R. Tillman has been re-elected over both his opponents. All congressmen, except Ellerbe of the Sixth seem to have been re-nominated.

Later returns from the election give Bleasé a majority over both opponents, and while the votes are not all counted, it is safe to assure that he is elected. The latest figures are Bleasé, 79,300; Jones, 65,366; Duncan, 2,013.

## Death of Mrs. Harry S. DuVal.

The following notice of the death of Mrs. Harry S. DuVal, of Valdosta, is taken from the Sparta Ga. newspaper, and will be read with interest here, inasmuch as the bereaved husband is well known to a number of our readers.

"On Sunday morning, August 18, 1912, Mrs. Harry S. DuVal of Valdosta, Ga., died at Saluda, N. C., after a very brief illness, and was buried at Sparta, Ga., on Tuesday, August 20th. Rev. M. C. Britton conducted the burial service.

## Cheney Falls to Receive Confirmation.

John M. Cheney, of Orlando, who was recently appointed by President Taft as Judge of the southern district of Florida to succeed Judge E. O. Locke, failed to receive confirmation by the Senate before its adjournment. The confirmation of Cheney was held up by Senators Bryan and Fletcher, because the President had made the appointment without consulting either of them. The most Cheney can hope for now is a recess appointment, and the matter will then be again taken up at the next session of Congress.

## Troops Ordered to Nicaragua.

Washington, Aug. 28.—American soldiers—a regiment of infantry—will be landed in Nicaragua within the next 48 hours.

## Santa Rosa County to Remain "Dry."

Twenty-one out of twenty-seven precincts in Santa Rosa county so far heard from in Tuesday's election give the "drys" a lead of 277 and the indications are that the remaining precincts, which are considered to be in the "dry" column, will increase this lead to three hundred votes. A comparatively light vote was polled.
