WILSON ANNOUNCES FAITH IN COX

Has Watched the Governor's Campaign with Approval and Believes He Will Win

(Associated Press) Washington, Oct. 29.—President Wilson wrote Governor Cox today expressing his confidence in the election of the democratic presidential nominee. He expressed the hope that under Cox's leadership "we can carry the policy of national government forward along a path of liberal legislation and humane reform until the whole world again sees an illustration of the wholesome strength of democracy and the happy fruit of what the founders of the republic purposed when they set this great government up."

The president said he had followed Gov. Cox's course throughout the campaign with "admiration" and expressed the belief that the governor would receive the "emphatic endorsement" of the voters of the country.

COX WILL REPLY TO HARDING

BIG PROFITS REALIZED IN GERMAN TEXTILES

Berlin, Oct. 28.—Ten large German textile concerns earned larger profits for the year ended April, 1920, than in the best years before the war. One Bremen concern increased its profits as compared with last year from 4,400,000 marks to 16,800,000 marks. Including shares allotted gratis to the shareholders, the dividend paid is 62 per cent.

A cotton company increased its profits from 2,000,000 to 9,700,000 marks.

Of the other companies the minimum dividend is 16 per cent and there are several dividends exceeding 30 and one exceeding 40 per cent.

The profits are due to the big price rise of last winter. All finished goods put on the market during the winter were priced on the basis of the price of raw cotton at time of their sale, and as raw cotton rapidly advanced in price the public was charged several hundred per cent more than the actual production cost.

SOVIETS WILL OUST THE LOAFING CLASS

London, Oct. 13.—Advises from Moscow say that an appeal has been issued by the soviet government for overtime work, under the heading of "the war with loafers," in which the soviet government declares it cannot tolerate anyone living in the soviet republic at the expense of others. Loafers must be pursued mercilessly. In one village which refused to fulfill the compulsory labor order, 75 cows have been confiscated and will not be returned until the set task is completed.

LENINE'S ARMIES LACK LEADERS

Bolshevik Chief, However, Builds Hopes on Enver Pasha in Afghanistan and Beluchistan

(Associated Press) Geneva, Oct. 11.—Nikolai Lenine, the Russian premier, has written from Moscow to a close friend, a Russian professor named Lutinow, who is now recuperating here, that the bolshevik invasion of Poland failed owing to bad military leadership. The red army is composed of loyal fighters but the chiefs were not up to their jobs, says Lenine. He dwells with great hope on the propaganda of Enva Pasha in Afghanistan and Beluchistan, adding that India sooner or later will adopt bolshevism.

MARSHAL DOWNED A BAD MAN

The negro, Albert Hicks, who was shot by Marshal Thomas yesterday, was alive at noon today, and has a slight chance to recover.

Immediately after he fell, he was taken to the Marion county hospital, where he was operated upon with as much skill and care as a millionaire could have been. He was then taken to the colored hospital, where no effort to save his life will be spared.

It seems that this man has a criminal record of length for his years—he is about twenty-five. A watch stolen from Baird's store a few days ago was found on him, and he confessed to that robbery. He might have confessed to more, but was too weak and stunned to talk much. The marshal, hunting thru the man's quarters later in the day, found quite a quantity of stolen goods, among them some taken from Faussett's store. The pistol he carried was an upstate and expensive gun, and also probably stolen. It is likely that Marshal Thomas has cut short the career of a professional criminal.

The shooting occurred at the union station. Marshal Thomas was there a short time before noon, waiting for a train to come in. He noticed the negro and with the intuition that a veteran police officer generally has, suspected him of being a bad character. He went up to him and began passing his hands over him to see if he had any weapons. His right hand struck the gun in the negro's pocket, and immediately Hicks backed away, pulling the gun as he did so. The marshal drew his own gun and fired three times as fast as he could draw the trigger and the negro went down. The shooting was an act of self-defense as well as enforcing the law.

CONGREGATIONAL UNION OMITTS THE WORD "OBEY"

London, Oct. 9.—Congregationalist brides here no longer need promise in the marriage service to obey their husbands.

A committee of the Congregational Union of England and Wales, appointed to draw up a new form of service, has decided that modern ideas favor the omission of the word "obey," and this notwithstanding the fact that no woman sat on the committee; neither were any requests received from women to omit the fatal word.

"All the churches are becoming less strict in their insistence on the wording of the marriage service," said the secretary of the Women's Freedom League. "Even in Anglican churches the word 'obey' is sometimes omitted at the bride's desire, and a great number of leading nonconformist ministers have lately made a practice of cutting out the vow to obey."

Sky is the Limit to the Predictions of the Chairmen of the Two Parties

FOOTBALL BETWEEN TULANE AND FLORIDA

Tampa, Oct. 29.—Players of both the Tulane and the Florida teams will be numbered for their big grid classic here November 6, it has been announced, and programs distributed will enable the fans to follow each player with the ball attentively. Interest in this season's big football game is intense throughout the state and football fans in general will swell the throng of Florida and Tulane alumnus here for the battle for which a setting such as seldom seen in the South is anticipated.

It is going to be a big holiday. Boxes are being reserved for the throngs of society belles, while for those who desire there is going to be something extra—ringside seats. There will be 300 ringside seats offered for reservation Nov. 2. These seats will be right along one side line—something new. The occupants will have to stay seated, though, for they're going to be "fenced in" and will not be able to interfere with the boxes or stands.

Florida goes to Valdosta to play Mercer tomorrow, while Tulane jumps all the way to Ann Arbor to meet Michigan, Saturday. The noted New Orleans medical university has one of the best teams in history this year—as their record to date attests. Florida is ready though, for Coach Kline is building a real machine for the 'Gators.

SAMUEL SMILEY'S SAYINGS

He Gives Some Advice to Voters and Also Answers Pertinent Questions

Question—What is the best argument I can use in favor of Article X?
Answer—Put the X opposite the names of the Cox presidential electors.

Q.—What does the star mean on the ballot this year?
A.—As the democratic emblem, it accurately described the democratic candidate; it is also a star of peace—with the same significance as the Star of Bethlehem.

Q.—Do I think the reactionary republicans are justified in using the eagle as their emblem this year?
A.—They would have been if they had selected a different eagle—the Prussian one, with two heads, which seems to be two more than their candidate has.

Q.—What did I think of W. W.'s letter on the statement that France had sent a spokesman to the G. O. P. candidate?
A.—Which W. W. do you mean? Woodrow Wilson or Wiggle Wabble?

Q.—How can a republican with a conscience vote for Harding and the League of Nations?
A.—In two ways: Cut out partisanship and you won't want to vote for Harding; cut out your conscience and you won't want to vote for the league.

Q.—How do I think the ex-soldier vote will go?
A.—They have a plain choice between Comrade Cox and Kamerad Harding.

Q.—Do I think Harding will get all of the 6,000,000 German-American votes that George Sylvester Viereck has promised him?
A.—I will have to give you a Yankee answer: Do you know of anybody that has gotten rich by cashing Viereck's political promissory notes?

Q.—What do I think of the disaffection in the republican party?
A.—If republicans of intelligence, patriotism and independence continue to leave it until they are all out we may be able to save what's left of it by disinfection.

Q.—What advice would I give to first voters?
A.—I can only suggest that before they cast their ballots they ask themselves these questions:
If 100,000 young Americans gave their lives to found the League of Nations, how should other young Americans vote?
If the peace of the world is worth more than a political party victory, how should a first voter who favors peace vote?
If republican independents all over the country are for Governor Cox, how ought a republican first voter, who intends to keep his independence, vote?

If a man is known by the company he keeps, how ought a man who wants to keep good company vote?
I'll answer that last question myself. Put the X-mark on your right after the Co.—thus, COX.

Samuel Smiley.
