Rehopaste

A Sprain Need Not Be Long Cause of Pain

Mrs. S. C. Hunter of Bartow, Fla., says: "My little girl fell and sprained her knee, and for ten days had lain in bed from it, to walk was out of the question. A friend gave me a small bit of Rehopaste and one application put her on her feet, while the second one sent her about her business without a complaint. It is now our household remedy as it reaches far and quick."

Sprains and strains may last from a few days to weeks or months, even years, actually becoming chronic in many cases. Avoid the danger by using Rehopaste at once, reducing the time to a few days or perhaps hours. In these conditions Rehopaste possesses marked powers to reduce swelling, remove pain and restore normal conditions. It does not burn or blister even after vigorous rubbing. Apply Rehopaste for carbuncles and tonsillitis also. It is invaluable in the home.

Takes on a Different Color When Your Blood Is Rich and Free from Poison.

TRY TAKING PEPTO-MANGAN

If You Feel Listless and Depressed, Your Blood Is Clogged and Sluggish.

Without knowing why, you find yourself feeling unhappy. You go around day after day half asleep. Interest in what is going on around you lags and life becomes dull. The beauty of radiant sunshine, lovely flowers and the entrancing miracles of life you miss entirely. Living, eating, sleeping, become more or less of a bore.

That is what clogged, sluggish blood does to you. It poisons your thoughts. You are only half alive.

You need a good blood-enriching tonic. Take Pepto-Mangan for a few weeks and notice the big improvement. Pepto-Mangan is an agreeable tonic and is heartily endorsed by physicians.

Your druggist has Pepto-Mangan in both liquid and tablet form. Buy whichever you prefer; one has exactly the same effect as the other. Make sure you get genuine Pepto-Mangan. Ask for "Gude's" and look for the full name, "Gude's Pepto-Mangan," on the package.—adv.
