U. S. AND GERMANY AT WAR

Woman Member of Congress Sobs as the Resolution Passes House Passed War Measure by Vote of 373 to 50 on Good Friday Morning

GERMAN SHIPS ARE ALREADY SEIZED

Massive War Machinery of American Government in Operation

GERMAN SUBMARINES REPORTED ALREADY IN GULF OF MEXICO

WASHINGTON, April 6.—War between the United States and Germany becomes an actuality today, immediately President Wilson signs the war resolution, which the House of Representatives adopted by a vote of 373 to 50 shortly after 3:00 o'clock this, Good Friday, morning.

This action set in motion the government's newly planned machinery for mustering the military, naval and economic forces into an aggressive war against Germany.

The resolution passed the House in the same form as adopted by the Senate, and directs the President to employ all the resources of the United States to carry the war to a successful conclusion.

The final action of the House came after 17 hours' debate. Speaker Clark signed the measure immediately and after Vice-President Marshall signs it the resolution will go to the President.

Thirty-two Republicans, sixteen Democrats and one Socialist voted against the resolution. Jeanette Rankin, of Montana, the only woman representative, sobbed and said she wanted to support the country but could not vote for war.

Democratic Leader Kitchin and many others who voted negatively promised their unqualified support to the government. There was little acrimonious debate. The proponents of the resolution pleaded that Germany is actually warring against the United States. Opponents asserted that Germany's frightfulness was forced by the British blockade.

OTHER NATIONS MAY ENTER WAR.

Today's dispatches point to the probability that other American nations will join the United States in war with Germany. Brazil, according to advices from South America, is trembling on the brink of war. German submarines have sunk the Brazilian steamer Parana with the loss of three members of the crew. Anti-German feeling is reported intense in Rio de Janeiro.

Havana dispatches forecast Cuba's entry into the war and the placing in the hands of the United States of many thousand troops.

The French today made additional gains in the Landricourt region, capturing a number of positions which the Germans occupied yesterday near Rheims.

ENJOYED PLEASANT CRUISE

AMONG THE FLORIDA KEYS
Mr. and Mrs. F. W. Haskell and son, Benjamin, returned yesterday afternoon from a cruise of two weeks or longer on the yacht Sweetheart, of McCoy Brothers' fleet, and are again at home at the corner of Beach street and Loomis avenue where they are located for the season in the Pope residence. Mr. Haskell and family had a very enjoyable cruise as far as the Florida keys.

Dr. W. F. Davey returned yesterday afternoon from Hendersonville, N. C., to which city he had accompanied Mrs. Davey and their daughter, Miss Geraldine Davey, who will spend the summer in the pleasant mountain resort for the benefit to be derived by Miss Davey who is convalescing from an illness.

If you see it in the News, its so.

Death Claims Founder of Wilbur-by-the-Sea

W. F. Cobb, winter resident of Wilbur-by-the-Sea, received a telegram yesterday stating that J. W. Wilbur died yesterday morning at about 4:00

in failing health for some time and it was thought best that he be at his Brookline home.

Mr. Wilbur's death will be learned with regret by many friends and acquaintances here and elsewhere and their sympathy will be extended to the members of his family in their bereavement.

Mr. Wilbur, a large real estate dealer, of Boston, Mass., became interested in Florida in the winter of 1911, when he made an extensive tour of both the east and west coasts of the state and seeing the present site of Wilbur he decided to develop it.

When he returned north he found many of his friends and acquaintances anxious to join him and build winter homes on the site selected by him. He therefore added to his purchases on the peninsula and in December, 1912, came here with some of his friends and a party of engineers and commenced the development of the tract now occupied by the attractive settlement of Wilbur-by-the-Sea, with its numbers of winter homes and modern conveniences.

LARGE EMERGENCY APPROPRIATION PROPOSED.

WASHINGTON, April 6.—The appropriation of a hundred million dollars as an emergency war fund for use at the President's discretion was attached by the Senate Appropriations committee to the general deficiency bill today.

PRESIDENT WILSON SIGNS CONGRESSIONAL WAR RESOLUTION

WASHINGTON, April 6.—President Wilson signed the Congressional resolution declaring a state of war between the United States and Germany. All the naval militia and naval reserves are called to the colors. All warships and naval stations have been notified that the President has issued a proclamation declaring a state of war and urged American citizens to support all measures of the government. It is announced that German subjects will not be disturbed while their conduct is lawful. In approving plans for an army of a million men, the President said the world hopes when the European war is over arrangements will be made composing any differences, which hitherto seemed to require the arming of nations.

GERMAN SHIPS ALREADY SEIZED.

NEW YORK, April 6.—Port authorities have begun the seizure of all the 27 German vessels interned here. Press reports show that seizures are being made at all American ports. The crews are being taken into custody. No resistance is reported.

GERMAN MERCHANTMEN SEIZED FOR PROTECTION.

WASHINGTON, April 6.—It is officially announced that German merchantmen are being seized for the protection of the ships themselves and adjoining property. It is said the government may use the ships and pay for them at the end of the war or may confiscate them altogether. The first probable step will be to repair them.

NEXT STATE ENCAMPMENT

G. A. R. MAY COME HERE

Dr. F. H. Houghton returned yesterday afternoon from Kissimmee where he had been attending the state G. A. R. encampment, having gone to Kissimmee Tuesday in company with Dr. G. W. Holmes of Sharps, a friend of many years' standing. Dr. Houghton says it was a fine meeting of the veterans and he has strong hopes of their holding the encampment in Daytona next year, as his proposition to this effect seemed to meet with favor.
