"COUNTRY CLUB IS FOR WHOLE COUNTY"-HILTY

CHAIRMAN OF CAMPAIGN WRITES OPEN LETTER.

Wants Every Citizen in County to be Member and Know of Benefits to County.

Chairman George R. Hilty, of the campaign committee for membership to the Putnam County Country Club has addressed an open letter to all citizens of the county calling attention to the efforts that are being made to make the Putnam County Country Club a county institution, and not one entirely for Palatka, or for advertising Palatka.

Mr. Hilty's letter follows: "I have been informed that some of the citizens of Putnam County, not residing in Palatka, feel that we are emphasizing and advertising Palatka too strongly in connection with the Putnam County Country Club, and that the county is not receiving sufficient publicity, and it was for that reason that some of the leading citizens of the county have not yet participated in this new enterprise.

"While it is true that we have not received a hearty response from citizens outside of Palatka, with few exceptions, I am convinced that when the Putnam County Country Club proposition is properly presented that those who are interested in their home town and Putnam County as a whole, will become active members of this splendid institution.

"It so happens that Palatka is the county seat of Putnam County, and Nature has provided a deep water navigation while the Railroad Companies have constructed lines radiating from it in all directions over Florida, thus making Palatka the logical and natural distributing point of Florida. The cost of distributing material and supplies through Palatka can be made at a reduction from 30 to 40 per cent less than from Jacksonville, and saving of many hours in transportation. Palatka, therefore, has the foundation of a great city.

"Now by advertising the Putnam County Country Club as a great asset to your county seat, we will be able to attract men with capital to your county. Suppose you and I and the rest of us in Putnam County and surrounding territory could within the next ten years, by judicious advertising, increase the population of Palatka to 25,000 and make it what Nature and the Railroads intended it to be—the commercial, industrial and trading center of Florida, with commodious hotels, large apartment houses, department stores, don't you think that you and your section will make and save money by this enterprise? If we increase the population and wealth of Palatka, will it not increase the wealth and population of every town and hamlet adjacent to it as well as that of the county, which of course means better roads, better schools and a prosperous county and a prosperous contiguous territory.

FRUIT GROWING NEW HIGH PRICES RETAIL

APPLES AND BANANAS ARE FIVE CENTS EACH.

Citrus Growers Believe This Argues Well For Price of Their Products

Fruit, such as apples and banana are bringing record retail prices in Palatka markets, and elsewhere. Apples are five cents each, or sixty cents per dozen, while the lowly banana is quoted at the same price.

Dealers say this is not so much due to shortage of crops, as to the high cost of transportation and handling. Bananas are bringing no more to the growers in South America than formerly, but the transportation charges have increased enormously. It is intimated that prices will go higher.

Growers in Florida are hoping that this means that their citrus fruit will also command high prices, as there will be a great deal more of it consumed with other fruits so high.

Sugar Shortage Hurts.

But growers generally are not so optimistic about grapefruit unless there is an increase in sugar for sale. Already the shortage of sugar is reducing the consumption of grapefruit, and the price is receding accordingly. Growers were hopeful that after the hard experiences suffering during the war when sugar was rationed, that they would realize handsomely on their crops of grapefruit this year.

BIRTH.

Born to Mr. and Mrs. E. F. Tillis, a son, Oct. 28, at 8:40 p. m.

Mr. and Mrs. Con. B. Marvin are rejoicing over the birth of a son, who was born 8:45 a. m., Oct. 28th.

"Locket" Eyeglasses.

Eyeglasses for which a British patent has been granted can be folded when idle to resemble a locket and worn on a chain as an ornament.

"We ought to have a county seat that will reflect a greater county pride—a county seat second to none in Florida. Suppose we start out new with the slogan "PALATKA 1930 POPULATION OF 25,000" and unitedly direct our energies and some of our finances toward making this slogan a reality and see what we will have accomplished by 1930, just for the sport of it. The Putnam County Country Club is among the best advertising features we can obtain. It is called the PUTNAM COUNTY COUNTRY CLUB for the sole purpose of advertising the county, of which Palatka is the County seat. What Miami, Jacksonville and Tampa are to their counties and contiguous territory, Palatka can be to Putnam County and adjacent territory. Yours for a greater Palatka and Putnam County, GEO. R. HILTY, Chairman. Finance Committee, P. C. C. C.

ST. MARKS CHURCH CONFERENCE.

Rev. J. H. Webber-Thompson and his mother will be at home to St. Mark's congregation at the Rectory, Wednesday evening from 8 to 10 p. m. It is earnestly hoped that every member of the congregation will take advantage of this meeting and present, as everyone is needed to assist in deciding on definite working plans.
