Enthusiastic Meeting Ladies' Aid.

A large number of the members of the Ladies' Aid Societies of the Methodist church attended the general meeting held at Tilghman Hall yesterday afternoon, and an energetic year's work was enthusiastically planned. Officers were elected at this time, those going into office being: Mrs. C. B. Carwell, as president; Mrs. H. O. Hamm as vice-president; Mrs. E. F. White, as secretary; Miss Helen Tilghman, as treasurer; and Mrs. Julien de Nazarie, as press reporter. It was announced at the meeting yesterday afternoon that the proceeds of the bazaar held before Christmas, would probably run to \$225, and the encouraging fact lends impetus to the enthusiasm with which the members of this important church organization are beginning the new year's work. It was decided that a rummage sale would be held on Saturday afternoon and evening, but the place was not definitely chosen.

ACTION DELAYED AGAIN ON BORAH PLAN TO DISARM

(By United Press.)

Washington, Jan. 5.—Action on the Borah disarmament resolution again was postponed today by the Senate foreign relations committee. The committee adjourned after listening to a presentation of the whole disarmament question by Senator Walsh, of Montana, and Senator Borah of Idaho.

At the request of Senator Hitchcock the committee heard Senator Walsh author of the resolution requesting President Wilson to send an American representative to the league of nations disarmament convention, as he had been invited by the league.

The Borah resolution, however was the principal theme of today's meeting. A majority of the committee favors some resolution, but it is likely Borah's measure will be amended before a report is made. Determined opposition to any resolution from a few members may prevent action today.

In its present form the Borah resolution requests the president to advise the governments of Great Britain and Japan that this government is ready to take up with them directly, without waiting for the action of other nations, the question of reducing armaments within the next five years to 50 per cent of the present strength of estimates.

\$50,000 APPROPRIATED FOR THE INAUGURATION.

(By United Press.)

Washington, Jan. 5.—The Senate today adopted the Knox resolution appropriating \$50,000 for expenses of the official ceremonies at the capitol incident to the inauguration of President Harding.

BANK CALL ISSUED.

(By United Press.)

Washington, Jan. 5.—The controller of the currency today issued a call for the condition of national banks on Wednesday December 29.

Privacy.

"Living without privacy," said an observant woman the other day, "as one must in an apartment or boarding house, leads us to nervous shipwreck. We feel the strain of too close contact with the other members of our family and with our neighbors. But we do not know what the trouble is. We feel that something is wrong with the place we are living and we move. We simply move from one box to another. What we need is more room—room enough for privacy—room enough to be alone."

states that herself and family will move to Palatka in the near future.

—H. S. Wells, of Federal Point, was attending to business matters here today.

—Miss Mabel Smith o, Peniel is a shopping visitor here today.

—Mrs. Ed Meyers, of St. Petersburg, arrived here this morning for a visit with relatives.

BAPTIST REVIVAL LARGELY ATTENDED

The revival services at the First Baptist Church are being well attended, the crowd last night overflowing the main auditorium. Monday night the evangelist spoke on "Sign Boards on the Road to Heaven" and last night on "Sign Boards to Hell." In these revival addresses the old truths are presented in a new and convincing manner.

S. J. Spencer, of Marion, Ill., is in charge of the music. He is a gifted leader in song and an effective soloist. A "Boosters' Sunshine Chorus" made up of boys and girls under sixteen years of age, has been organized. The services are not long and everyone who attends is sure to be "entertained as long as he is detained."

Dr. C. A. Owens, the evangelist is no stranger in Florida, having served as pastor at Lake City and later in DeLand. He has conducted many successful revivals throughout the state.

The subject tonight will be "The Father's Pity."

Time.

Time is a mystery which we have arbitrarily divided into a past and a future, that we may understand something of it. In itself we may be almost certain that it is but an immense, eternal motionless present, in which all that has taken place immutably, in which tomorrow, save in the ephemeral mind of man, is indistinguishable from yesterday and today.—From "The Double Garden," by Maurice Maeterlinck.

Shows Blood Circulating.

By fitting a powerful microscope to a motion-picture camera a Michigan physician has succeeded in throwing on the screen detailed pictures of the circulation of the blood. The complete film presents a view of a chicken's heart in action, demonstrates the reaction, depicts the causes and results of obstructed flow, and makes clear the operation of the electrocardiograph in studying the heart.

Fordson TRADE MARK The Ford Motor Company have just issued a book called "The Fordson at Work." This book is given free. Call in and get one. If you cannot call, write and we will mail you one without charge. It is not what the Ford Motor Company says about the Fordson Tractor but what the army of users have to say. This book voices the hardest kind of practical experience. It shows in illustration the Fordson Tractor at actual work along some ninety different lines of activity. It shows in these illustrations the wonderful versatility and utility of the Fordson Tractor. Shows it to be, beyond all question, the one bit of machinery that is a necessity, not only on the farm but along many lines of commercial business; especially does it show up the Fordson as a valuable servant on the farm. With it the farmer is relieved of the hard work, because he can take advantage of the weather in preparing his seed bed; he can do it at the right time; the same is true when it comes to harvesting. It solves, to a great extent, the problem of scarcity of labor. With its wonderful, reliable power, it brings to the farm home all the conveniences, in the way of running water in the house, electric lights, operation of the washing machine, churning, separating the cream from the milk; it assumes and takes to itself the drudgery of farm life both in the field and in the house and it is only a matter of a few years until it will be as universal in its service on the farm as is the farmer himself. It will become a part of farm life; a beneficial part; a profitable part. Get order in for there's a rush coming. PHILIPS BROS. Distributors
