

## REED PROTESTS A TRANSFER OF ALL CONGRESS POWER

(By Associated Press)  
Washington, June 4. — Discussion of the Capper-Pincher bill to regulate grain exchanges before the senate agricultural committee today developed into a snarl on the subject of delegation of congressional authority to administrative officials. It culminated in the declaration of Senator, democrat of Missouri, that he could not differentiate between government by an individual board or commission as between the government William II. of Prussia.

The Missouri senator delivered a broadside against provisions of the grain bill, the packer control measure and others which contemplate reposing broad powers to make rules and regulations in the department heads or commissions. It was nothing short of socialistic, he said.

Mr. Reed added that all regulations drafted under delegated power in the past had been written "by doctors of something or other". They always refused to alter them he said "holding on to the first draft in the tenacity of their own ignorance."

### Grand, Monday

Besides having one of the finest casts ever assembled for a Goldwyn picture, "Buntz Pulls the Strings," which comes to the Grand tomorrow cost a fortune in costuming alone.

Director Reginald Barker ordered several hundred costumes of an obsolete Scotch period to be ready inside of 24 hours and the Goldwyn studio modiste set ten of her workers to cutting and fitting immediately. Rolls of crinoline, queer old fashioned silks and gingham, calicoes long out of style, and elaborate embroideries for the pantaloons were unpacked and spread with colored illustrations of the desired fashions on long work tables. Less than 24 hours later the finished costumes were ready for every actor and actress taking part.

Don't forget we clean Palm Beach Suits the way they should be cleaned for 75c.

## DIET PLANNED TO GET EFFICIENCY OUT OF STUDENTS

(By Associated Press)  
Hanover, N. H., June 4.—A study of the health of members of the freshman class, to be used as the basis of regulating their diet and activities, will be inaugurated by Dartmouth College next fall. The plan will be associated with the freshman compulsory athletic course. One of its aims will be to work out a proper balance between the height and weight of each man in order that he may do best possible work in studies and athletics.

Harry Hillman, track coach and head of the department of recreational athletics for freshmen, will direct the study and its application. He has formulated a nutrition scheme by which he plans to keep a check on every freshman's health and habits and advise him how best to regulate them.

The plan is still incomplete, but the general outline has been adopted. A rigid examination will precede assignment of students to athletic groups. Men who are normal will be allowed to engage in the regular activities. Others will be watched and advised how to modify habits and diet in order to obtain a proportionate relation of weight to height. Once the requirement of condition is reached they will be free to elect their sports.

### CHECKER FANS TO PLAY GAMES TOMORROW NIGHT

All checker enthusiasts are reminded of the first meeting Monday night at eight-thirty in the fire house. About 15 men have signified their desire to play this fascinating game. Any others who are interested are urged to attend. This will be an organization meeting and officers will be elected, and plans for the summer outlined. There will also be some playing and boards will be provided for the evening's mates. This checker club is under the auspices of Palatka Community Service. Word has come from Jacksonville that there is a very successful checker club flourishing there. It is hoped that all enthusiasts will come out and make this activity a success. This is an excellent opportunity to brush up on the game.

And there are people who would rather see Germany making all the dyes than to see a wicked trust controlling the industry in America.

## CUBAN ABSCONDER STICKS CREDITORS FOR LARGE SUM

(By Associated Press)  
Havana, Cuba, June 4.—Creditors of Jose I. Lezama, the young planter and financier who failed some months ago after giving his liabilities at more than \$28,000,000, have combined and are administering the young promoter's property for their own protection.

It will be recalled Lezama disappeared shortly before April 14, when a draft for \$250,000, later alleged to have been forged, fell due. A special court which investigated the charges against him has ordered his apprehension on charges of falsification of documents and forgery, declaring him responsible before the civil courts for \$2,900,000.

Lezama's assets, according to an unofficial list, include lands along Havana harbor where he started to build a sugar refinery and a mortgage of \$2,400,000. The two mills owned by Lazama have an annual production of from 400,000 to 500,000 sacks of sugar.

Among his creditors, as listed, are the Banco Nacional de Cuba, \$7,000,000; L. R. Munoz and Co., \$7,000,000; Royal Bank of Canada, \$2,000,000; Banco Mercantil Americano, \$1,500,000; Armour and Company, \$900,000; Munson Steamship Line, \$300,000.

While the figures are large, it is stated that most of the missing financier's larger creditors are well protected.

### THIRD COMMUNITY SING TO BE HELD TOMORROW NIGHT

Everyone is again reminded of the third Community Sing to be held on the court house lawn tomorrow night at eight o'clock. J. E. Johnson, chairman of the music committee has not only arranged a very attractive program, but also promises special attractions and special lighting. The orchestra, which was unable to help with the last sing, promises to be there on Monday night. This will greatly assist the pianist as it is very difficult to accompany singing outdoors.

The Rotarians are silent about their "stunt" but have promised some unusual singing. They have admitted that

they are going to feature "I'm a little Prairie Flower." This song in itself is certainly worth coming to hear. The Girl Scouts are also on the program and have been practicing at their last two meetings.

The sing will begin promptly at eight o'clock. Everybody is cordially invited to come and help make this community-wide affair a huge success.

### BAPTIST AND METHODIST TO LOCK HORNS ON MONDAY

The game scheduled for Monday in the Sunday School baseball league is between the Baptists and Methodists. This will undoubtedly be a hot game as both teams are strong. The Methodists are leading the league and with the defeat of the Convent last Friday by the Baptists puts the latter team in a position to be a strong contender for first place. Hancock has shown some rare form for the Baptists and is ably backed by Shaw Buck, who is a stellar catcher. Captain Tom Stallings has worked hard in rounding his men into their present shape and is to be complimented. The Me-

thodists are counting on Captain George Stelte to bear the brunt of the pitching while Buster Snell, the heavy hitting catcher will be on the job. The game will be called promptly at two o'clock and will be played on

the north end grounds. As the Boy Scouts are going camping for a few days next week this will be the only game played until the week following.
