### NATURE OF CONFERENCE BETWEEN FACTIONS FOR IRISH PEACE A SECRET

Not Expected Round Table Discussion Will Take Place Monday

(By Associated Press) London, July 16.—Eamon DeValera's proposal and the nature of Sir James Craig's conversation with Premier Lloyd-George remain closely guarded secrets. There was no conference between the British prime minister and the Irish republican leader today. Mr. DeValera will visit Mr. Lloyd-George probably Monday afternoon and in some quarters it is predicted that a round table conference may be held Tuesday. This however, is only indicative of the hopeful feeling generally prevailing regarding the progress or the negotiations for an Irish settlement.

The Sinn Fein delegates were appointed today by Desmond Fitzgerald, Sinn Fein minister of propaganda, who has just been released from an internment camp. The delegates will remain in London for the week end exchanging visits with Irish sympathizers. The party motored to the outskirts of London this afternoon and took tea at St. Anthony's hospital at Sutton, where a son of the Lord Mayor of Dublin is resident surgeon.

Three members of the Ulster cabinet, H. M. Pollock, E. A. Archdale, and U. M. Andrews together with the secretary, Colonel Spender, also arrived in London this afternoon and joined the Marquis of Londonderry who holds the post of minister of education in north Ireland. They conferred with the Ulster premier tonight in preparation for the meeting of Sir James Craig with Premier Lloyd-George after the latter's return from Chequers court Monday.

### Tyral Government Revokes Bad Tax

(By Associated Press) Innsbruck, Austria, July 16.—The campaign of the hotel keepers and the cancellation of engaged quarters by summer visitors have proved too much for the Tyral government and it has revoked its "stranger's money" scheme.

This compelled all non-residents to buy the new money and pay in it for all things at a rate of exchange that would make them pay nearly ten times more than the native. A high head tax on visitors is substituted. Summer visitors had cancelled rooms by the hundred causing the hotel and inn keepers to hold mass meetings of protest against the scheme.

### STEAM ROLLER IS THROWN IN HIGH BY REPUBLICANS

Power of Interests Is Manifested in Every Roll Call

### DYE EMBARGO TO STICK

Proposal to Put Oils On Free List Starts a Big Row

(By Associated Press) Washington, July 16.—After refusing by a vote of 122 to 106 to eliminate the three year dye embargo from the Foreney tariff bill the house jumped suddenly today into a partisan fight over oil.

But it did not last long. Flaming fiercely at first the bill ended abruptly on a republican motion to adjourn until Monday. Although opposed solidly by democrats, who forced a roll call, the result was the same as yesterday when the republicans, standing together, voted to quit.

By breaking in unexpectedly Representative Garrett, Tennessee, in charge of the democratic minority, forced the oil issue to the front. His amendment to put crude petroleum and fuel oil back on the free list was thrown out on a point of order amid the greatest confusion and uproar. For a time the house did not seem able to tell its legislative head from its heels, a republican breaking in with a wild shout to "where we are at."

As the Garrett free oil amendment was not out, Representative Treadwa, of Massachusetts, a republican member of the ways and means committee, which at the eleventh hour imposed a duty of 35 cents a barrel on crude petroleum, and twenty-five cents a barrel on fuel oil, stepped to the front with an amendment to wipe out the proposed tax. Being a member of the committee he was permitted to present it but was stopped at the close of a five minute talk by objection of democrats, who announced they were prepared to shut off debate and vote.

### Wife Insists Body Without a Head Is That of Her Hubby

(By Associated Press) Roseburg, Ore., July 16.—Officers investigating the mystery of the headless body found beneath the wrecked automobile of Dr. R. M. Brumfield here Wednesday, widened their inquiry today and learned from Portland that a man believed to be the owner of the car had passed through there the evening after the body was found.

A garage man identified Dr. Brumfield's photo as that of a man who purchased gasoline from him and he said his customer appeared nervous.

An autopsy today disclosed that one bullet had severed the spinal cord and lodged in the stomach. A second wound, also in the back, was found. Although the body has been identified by his two brothers as that of Dennis Russell, local laborer, counsel for Mrs. Brumfield said they hoped to prove it was that of the missing Brumfield.

Thomson laid out beautiful parks on the farms and erected a dancing pavilion at an expense of \$30,000, with a dancing floor to accommodate 1,000 couples. A hotel with 50 rooms and a dining room to care for 75 dinners was built. Then he constructed a fire station and installed two

A ten acre playground for children was laid out and an artificial lake built.

On a farm north of Austin he spent thousands of dollars on buildings to house his \$300,000 herd of Holstein cows and his \$20,000 duroc hogs. His cows were cleaned with vacuum cleaners. Electric fans were installed in the barns and so arranged as to drive all flies to a room at one end of the building where they were destroyed by chemical gases. His hog barn was steam heated.

He erected a dormitory for his hired men, spending \$10,000 for rugs and draperies. There were a billiard, sun room and dance hall. No legal action had been taken tonight against Thomson and it is indicated none is planned until it is definitely known what the shortage is.

The liquor was seized by agents after it had been landed from small boats which were run up in a deep inlet near Wildwood. All of the cases of liquor were stamped "Nassau, Bahamas, via New York."

### Want Allied Debt Paid and Prohi Fakers Put Out of Office

(By Associated Press) Cleveland, July 16.—The Rainbow Division Veterans Association failed to endorse an immediate cash bonus for former service men at the closing session of their annual convention here today. They passed a resolution, however, recommending early collection of the accrued interest on the allied war debt to the United States and the use of the money to pay the adjusted compensation for ex-soldiers.

The resolution pointed out that the allied debt to the United States amounts to ten billion dollars and that one and a half billion dollars are now due as accrued interest.

The bonus resolution reported out of committee after two days of discussion took into consideration the fact that the treasury officials stated it would be impossible to pay a bonus without disruption of the financial organization of the government.

It condemned the "waste of millions of dollars each year in the employment of a vast army of unnecessary public officers and agents and indulgence in other forms of national extravagance by the federal government."

The latter clause was said to be intended as a condemnation of the amount of money being spent in the enforcement of the Volstead act.

Colonel George R. Leach, former commanding officer of the 151st Field Artillery, now mayor of Minneapolis was elected president for the ensuing year.

## MILLIONS TO BRITAIN BUT NOTHING FOR US ON DEBTS

With Billions Owing to U. S. Treasury Pays For Transport

### DOUGHTERY SAYS RIGHT

Payment For Current Expenses Not Affected by National Debt

(By Associated Press) Washington, July 16.—Despite Great Britain's debt of \$4,500,000,000 to this country, payment of \$32,688,352 has been made by the American government ministry of shipping in settlement of a claim against the war department, treasury officials said today. The payment was made officials added, pursuant to an opinion by Attorney General Dougherty.

The British claim was for transportation services arising out of the war with Germany and the payment, it was explained, constitutes a final settlement between the United States and England, exercises a broad discretion in determining what claims it will present against other nations.

Secretary Mellon asked Mr. Dougherty for a ruling as to whether the act of March 3, 1875, which required the secretary to withhold payment of any judgement against the United States where the claimant is indebted to this country in any matter applied to such a claim.

Mr. Dougherty held the act did not apply as it was not practice of sovereign nations to prosecute their claims against one another in the courts and obtain judgements, but adjust such matters through diplomatic channels.

The British claim was for what was regarded during the war as current expenses. Among the allies it was said there was a general understanding that all current expenses would be paid without awaiting the settlement of international debts.

### Uncle Sam Wants Japan to Settle Mind on Confabs

(By Associated Press) Washington, July 16.—Diplomatic preliminaries to the disarmament conference went into a period of quiescence today while Japan deliberated whether to consent to the broad discussion of far eastern problems considered essential by this government if a serious disarmament effort is to be attempted.

So far as could be learned no word had come to the state department in response to the informal explanation made to Japan yesterday relative to the probable scope of the conference. Officials, however made no secret of their continued confidence that Japan eventually would join Great Britain, France, Italy and China in accepting full participation in the discussion.

It was emphasized in official circles that no hasty decision was sought and that there was no desire here to have the Tokio government accept unreservedly until it had satisfied itself of the exact purposes and good faith of the United States in proposing the conference. The general expectation was that a delay of several days would ensue before the next important discussion.
