Johnson returned to Palatka yesterday noon from a trip to points in Georgia and Tennessee. ... Dr. L. W. Warren has returned after spending several weeks in his old home at Berlin, Md. He was preceded by Mrs. Warren, who made the trip from Columbia by train, Dr. Warren driving the remainder of the way in his car. ... W. B. Crawford, of Orlando, is a guest at the city for a few days. Mr. Crawford is a leading attorney of Orlando and Grand Chancellor of the Knights of Pythias for the Florida domain. ... P. R. Frost, of Orlando, was among the guests in Palatka yesterday. ... T. S. Hart, of Jacksonville, spent yesterday here on business.

MIAMI BANK TO REOPEN ITS DOORS SEPTEMBER 6 (By Associated Press) Miami, Sept. 2.—The Miami National Bank, which took over the assets and liabilities of the Fidelity Bank & Trust Co., following the closing of that institution by the state comptroller May 19, will open its doors for business Tuesday morning, September 6, President George E. Nolan announced today. The announcement followed receipts of a telegram from the United States comptroller of currency at Washington authorizing the bank to commence business. It has been announced that all depositors will receive dollar for dollar from the Miami National. The depositors are planning a celebration Tuesday. A few minor reports were heard and the convention adjourned to the annual dinner tonight, the concluding function of the convention.

Prehistoric Cave Yields Deposits of Phosphate Mixix, Austria.—One of the most comprehensive of the many finds of relics of prehistoric man in Austria has been discovered in a cave near this place. The cavern known as the "Dragon's Den" is being excavated for its enormous deposits of phosphate in the shape of bird lime. In a side cave some 1,000 yards from the opening the evidences of human occupation in ancient times were uncovered. Great quantities of quartz implements and other utensils and human bones have been taken out.

FRENCH GET PRIZES Rewarded for Efforts to Restore Farms to Prewar State.

Fifty Farmers Are Now Owners of Agricultural Implements Donated by Two American Women. Paris.—Fifty farmers from the cantons of Anzy and Coucy in the devastated area of the Aisne (northern France) are today the owners of agricultural implements given them as prizes by Miss Anne Morgan and Mrs. A. Murray Dike of the American committee for devastated France in recognition of efforts they have made to restore their farms to their prewar state. The prize winners were selected by a jury of French agriculturists from 110 entries in two agricultural competitions. The first prize, a seed planter from Louisville, Ky., was won by Albert Delan and his wife, sixty-eight and fifty-eight years old, respectively, peasants from Allement (Aisne) who, although their fields were classed as "irreclaimable" by the government, returned to their farm, lived in a dug-out and after two years of hard labor succeeded in putting their entire farm under cultivation. Cash prizes totaling 4,000 francs were also given by Miss Morgan and Mrs. Dike to the 30 farm hands in the cantons of Anzy and Coucy, who were most meritorious. The first prize of 300 francs was won by an aged couple named Thuillet, who served for 40 years on the same farm and who after the war, worked a year without wages because their mistress could not afford to pay them. Through the co-operation of the American committee with the farmers of the Aisne, 25,000 acres of land ravaged by the war have been reclaimed and are at present under cultivation. The committee has organized 32 agricultural syndicates among the farmers and has placed 40 tractors at their disposal. The two agricultural contests with prizes worth more than 20,000 francs is one of the ways in which the American committee is stimulating the farmers to do their utmost.

TELLS OF TERROR IN RUSSIA Wladimir Chessin and Wife at Copenhagen Describe Perilous Flight From Reds.

Copenhagen.—Wladimir Chessin, formerly consulting lawyer to the Danish and Swedish legations in Petrograd, with his wife, an ex-singer of the Imperial opera in Petrograd, recently arrived here after a perilous flight from Russia. Their last memory about Russia is a rifle shot sent after them while crossing the frontier. Chessin, in the course of an interview, said, "Lenin's regime is a rule of terror. This is proved by my own case. Since 1918 I have spent practically all my time in prison in a filthy cell, and but for my wife smuggling food into prison I would have starved to death. One hundred of my 125 fellow prisoners died from starvation. Russia today is a hell; that's the truth about Lenin's Russia. The population of the towns are dying out, and houses are demolished by the thousands, in order to obtain house timber as fuel."

DANUBE IS NOW FREE RIVER Great Water Highway Internationalized According to Treaty Provisions.

Paris.—Internationalization of the Danube river finally became a reality when representatives of the interested allied powers held their final meeting here and signed a convention to that effect. The international Danube commission immediately was notified that hereafter it would be in complete control of all matters pertaining to the river, as provided in the treaty of Versailles.

Burglar Eats, Drinks, Naps. St. Louis.—After drinking a quart of whiskey and eating seven crabs of salmon he found in the residence of C. E. Dodson, East St. Louis, a burglar, carried a mattress, bed clothing and an alarm clock into the cool basement for a nap, according to the East side police. The Dodsons are away for the summer. Neighbors saw that a hole had been sawed through the cellar door of the Dodson home and they notified the police.

Jax Kiwanians To 'Come Here in Boat' to See Local Club

Members of the local Kiwanis club are looking forward with a great deal of interest to the coming next Wednesday evening of the Jacksonville Kiwanis club, which will make the trip here to install the local club and to bestow its charter. Advices from Jacksonville are to the effect that a special boat will be chartered to bring the Kiwanians here, accompanied by their ladies, and also a brass band and a jazz orchestra. The Ki's believed in making a noise. It is believed that at least 200 persons will be present at the installation. The banquet and ceremonies will take place at the Elks Club, after which a dance will be enjoyed and the visitors will begin their return trip. There has been some discussion of trying to get them to tarry over until the following day, to avoid the night trip back home, but no definite plan to this effect has yet been made.

HELP THEM—HELP YOURSELF When you consider the steady, continuous never-interrupted work demanded of the kidneys, you do not wonder that they must have help occasionally to filter and cast out from the blood stream the waste matter that forms poisons and acids if permitted to remain, sore muscles, dizziness, floating specks, sallowess and irregular bladder action. Foley Kidney Pills give relief promptly.

Moving Pictures Now Made While Surgeons Operate

Berlin, Sept. 1.—An invention by which detailed, enlarged moving pictures of intricate surgical operations are taken without interfering with the operating physicians and without the presence of a camera operator has been perfected by Dr. A. von Rothe of Berlin, and now is being used in a number of German medical universities, for the benefit of students. It is claimed that the students secure better instruction from a study of the moving picture of the operation than from witnessing the operation itself. The "operation camera" is designed to hang directly above the operating physician's hands. The cinematographical lamps are in a room above, separated from the operating room by a glass roof. After the machine has been placed

in position an operating physician or a nurse can start it by pressing an electrical foot device which is all the attention necessary on the part of the doctor or the attendants.
