

CLEAN-UP SQUAD IN GAINESVILLE FOR PUTNAM BOYS

The Clean-Up Squad, sent out by government agencies, the Red Cross and the American Legion arrives in Gainesville on October 6, and will establish headquarters at the court house. The squad will remain there until October 10th, during which time, the members will work with one end in view and that end is to get in touch with every ex-service man who has a claim against the government, and set in motion the machinery to get quick and satisfactory adjustment of that claim.

The paramount idea of the Clean-Up Squad is to cut red tape that has prevented hundreds of disabled veterans and ex-service men in general from receiving the compensation that the government is glad to give. In this work the Red Cross and the Legion have every assurance from the government of complete and whole-hearted cooperation.

Under the plan of campaign, the Squad composed of experts who are thoroughly familiar with every detail of the workings of the War Risk Insurance Act and the Vocational Rehabilitation Act, will get in personal touch with every man who has a claim or who thinks he may have a claim, take up his case as an individual proposition, avoid lengthy and nerve wrecking correspondence—and get results.

To reduce trouble, delay, and expense to a minimum, the Squad will furnish each disabled veteran, who reports at squad headquarters, with transportation back and meals and lodging until his business is completed.

Fort Worth Champions
Fort Worth, Sept. 28.—The Fort Worth Panthers, twice victors in the Texas league, today won their second consecutive baseball championship of the south, defeating the Memphis team, pennant winners of the Southern Association, 3 to 0. Today's game gave the Fort Worth team the championship with four games out of six played. Score:
Memphis 000 000 000—0 6 2
Fort Worth 100 020 00x—3 6 0
Batteries: Turo and Hungling; Pate and Harwarth.

Head of Miners In Kansas Defies His Superior Officers

Indianapolis, Sept. 28.—Alexander Howatt, president of the Kansas Miners, was directed today by the vote of the convention of the United Mine Workers of America to order strikers at two Kansas mines back to work, but immediately after the convention decision he declared he would not carry out the order. No announcement was made by the union officials what steps, if any, would be taken to enforce the decision. In voting, the convention had before it, Howatt's assertion that he would be expelled from the union before he would obey such an order. By its vote the convention sustained President John L. Lewis and other international officers in ordering the resumption of work which had not been obeyed by Howatt.

League Pacifies Another Bellicose South American

Geneva, Sept. 28.—The League of Nations leaders breathed more freely today when the assembly passed all danger of the immediate defection of another South American state. Bolivia's acceptance of the opinion of the jurist's ruling her request for a revision of the treaty of 1904 has ended the matter, so far as this assembly is concerned.

It is learned in Bolivian circles that the conflict cannot be considered as entirely eliminated from the league as Bolivia will immediately set about revising her application to the assembly to make it conform to the provisions of the covenant; then she will renew her demand to the next assembly that it invite Chile to consider revision of the treaty which Bolivia holds is no longer applicable to the situation between the two countries.

NEWS OF THE STATE

By Associated Press

LIVESTOCK ROUNDUP PROGRAM

Gainesville, Sept. 28.—Dr. Wilmon Newell, director of the Cooperative Extension Work in Agriculture and Home Economics, has made public the preliminary program for the Sixth Annual Livestock Roundup to be held here October 6 to 7.

The initial session will include an address by Dr. Newell. W. C. Laster will discuss Pay-Day on the Farm, Dr. N. W. Sanborn, How to Get More Eggs, and a discussion of Florida against Western Conditions for Livestock will be conducted by Jesse M. Jones. An auction sale of dairy calves will be held in the afternoon and Dr. H. A. Morgan, president of the University of Tennessee, will speak in the evening.

The morning session, the last of the meeting, will be devoted to an address on poultry by Dr. Sanborn, while various phases of cattle and hog raising will be discussed by L. S. Harvard, L. M. Rhodes, of the State Marketing Bureau, and Dr. A. L. Shealey, C. A. Cobb, editor of the Southern Rurist will deliver an address on cooperative marketing. Speakers at the afternoon session will include Prof. C. H. Willoughby, J. M. Burgieres, J. M. Scott and S. W. Hiatt.

JAX CURBING LOAN SHARKS

Jacksonville, Sept. 28.—Passage of an ordinance designed as a curb to "loan sharks" has been recommended by the laws and rules committee of the city council. The measure fixes an annual license of \$100, a maximum interest rate of 3-1-2 per cent, and would require money lenders effected by it to execute a \$1,000 bond. The measure would apply only to persons and firms lending sums of \$100 or less.

STETSON HAS LIGHT

DeLand, Sept. 28.—Stetson University's football eleven will be somewhat light this season, according to those who have studied the prospects of the team. Practice is well underway under the direction of Coach Allen. More than two squads have come out so far, and leaders of the school are calling for a more general response. Many of the boys are holding back, it is said, because they consider themselves too light, and Leslie, one of the lightweight candidates, is being held out as a good reason why no one should fail to come out because of lack of weight. The team is developing speed, and this with a good morale is expected to go a great way in overcoming the handicap in weight.

Russian Bolshevik Government Sends Out More Warnings

London, Sept. 28.—What purports to be another warning issued at Moscow by the Third Internationale, has reached a number of European capitals. It is signed with the names of the President of the Internationale and eight of its members, including Karl Radek and Bela Kun. The document, which is addressed to "Our World Comrades," warns them to be on guard. It describes the Russian soviet government at the present moment as being "between the hammer and the anvil," and says the danger threatens "the entire world revolution."

Shrine Hospitals For Six Cities In America Selected

(By Associated Press.)
Atlanta, Sept. 28.—Locations of six of the nine free hospitals for crippled children which the nobles of the Mystic Shrine are to establish in various parts of North America, at a cost of \$2,000,000, have been decided upon by the trustees who met in St. Louis, it was announced by Atlanta Shriners tonight. A hospital to cost \$300,000 will be built in St. Louis and institutions costing \$200,000 each will be erected in Shreveport, La., San Francisco, Portland, Ore., the twin cities of St. Paul and Minneapolis, and Montreal, Canada. Locations of the other three, one of which is to be in Virginia, one in New England and one in Central Pennsylvania, according to present plans, will be determined upon at a meeting of the trustees next January.
