LAY YOUR CARDS ON THE TABLE, GENTLEMEN.

Committees from the Chamber of Commerce, the Rotary Club and the Kiwanis club have held two meetings to assemble information and to discuss plans to submit to the people of Putnam county for the construction of a complete good road system.

That a body of men assembled should have individual opinions about almost any proposition goes without saying, but the very purpose of conference is to assimilate the ideas of all and to evolve a general and acceptable working plan on any proposition under consideration.

Normal times: Those in which people don't talk about the times.

Some people believe everything they read, except the gas meter.

Table: Once there was a race that didn't think itself God's chosen people.

In a small town, an important citizen is any man who holds a few mortgages.

When people prayed for victory, they probably didn't realize that it would come collect.

One of the influences that cause one to desire higher and better things is a charge account.

Some people use correct English, and some use English that everybody understands.
