In Case of Fire Phone 5,000

Miss Verda Thompson left this morning for Lake City, where she goes to attend the State B. P. U. campment, which is now in session here.

Mr. Leland McMullen left today for Waynesville and other points in the mountains of North Carolina, where he will spend several weeks enjoying the mountain breezes.

Mr. and Mrs. J. E. Bussard have returned from a three months' trip having visited in western Maryland, where Mrs. Bussard's health was greatly improved. They both came back greatly rejuvenated and glad to see more in Lakeland.

Miss Ethel Rice, of Marshallville, Ga., is in the city, the charming guest of Miss Suella Groover. Miss Rice was Miss Groover's roommate at Brenau and the latter will make her two weeks' stay in Lakeland a most pleasant one.

Mr. Epps Tucker was taken suddenly ill Saturday afternoon and two physicians and a trained nurse are now attending him, as he is in quite a serious condition. It will probably be some time before he will be able to be out. His friends hope he will soon be on the road to recovery.

Mr. W. H. Strain is able to be about on crutches, after being laid up for four or five weeks by a sprained ankle, the result of an accident caused by contact with some of the machinery he uses in boring wells. Hence the "Well Man" will not be entirely well for some weeks yet.

Rev. J. B. Ley and family have as their guest the former's mother, who will spend the next three months here. Mrs. Ley is in very bad health and requires the constant attendance of a nurse, her advanced age making it difficult for her to gain strength and improve as she would probably do under other circumstances.

Mr. Hugh Larmon has gone on a trip through the West and Northwest in the interest of the Polk County Development Co. He will visit Chicago, St. Louis, Kansas City and probably other points, arranging for the exploitation of the interests of this high-class proposition.

Mr. and Mrs. C. F. Riedel, of Oskan, Ind., are guests for a week at the Country Club House. These excellent people have purchased property in this vicinity, and have joined the grand army of those who are enthusiastic over the charms and prospects of this section. They expect to return to Lakeland in the fall.

Among recent visitors to the Hallam Club House are Mr. Ira T. Eaton, of Chicago; Mr. W. R. Tucker, of Cincinnati; Mr. Lustina, of Dayton, Ky.; Mr. and Mrs. Fied, of Cincinnati; Mr. S. E. Hackethorn, of Indianapolis; Mr. Richardson, of Tampa; Mr. Louis Kleybolte, Cincinnati; Mr. Kyrloch, Cincinnati. Practically all these parties have invested in that section and were down looking over their rapidly developing interests.

BREWSTER PLAYS HERE TOMORROW A TERNOON

A crackerjack game of baseball will be witnessed at the Athletic Field tomorrow afternoon when Brewster plays Lakeland. Both teams are A 1 and there is much interest felt in the outcome of tomorrow's game. A big crowd should be on hand and doubtless will be to root for Lakeland.

Lakeland Ladies Contribute To Fourth's Celebration At Woman's College

During the Fourth of July celebration at the Woman's College came South Florida with a splendid, loudly-ringing yell, after which her students sang, to the tune of "Peg o' My Heart," the following words written by Misses Mary McRae, of Lakeland, Marguerite Seale, of Sarasota, Nance Richter and Rose Gardner of Miami:

"South Florida, we've loved you Since we were born,
We've loved your oranges and corn,
Each dewey morn;
There's where all people gather,
'Cause we have such pleasant weather.
South Florida, we love you;
You are our own; we love you.
We'll make our home forever more
in your heart.

South Florida, we love you,
Beautiful land we love you;
Oysters and pearls,
Such pretty girls;
Boating, fishing and canoeing,
Are the things we're always doing.
South Florida, we love you;
Our golden fruits, we love you
Come to our land,
You'll understand
We love you.

Not only the success of South Florida's part of the program, but that of the entire entertainment was the result of the ardent enthusiasm and untiring efforts of Miss Maud Schwalmeyer of the College for Women, Tallahassee, and Miss May Tomlinson of Lakeland. We do not wonder at this when we remember that both of these teachers are a source of inspiration to all whom they teach.

Reception in Honor Of Miss Hallie Ley

A very delightful reception was given this afternoon at the residence of Rev. and Mrs. Edward F. Ley, by Miss Ley, in honor of her house guest, her cousin, Miss Hallie Ley of Lakeland. The following guests were present: Misses Bessie Wood, Zoella King, Annie Davis, Mary Durance, Inez Carlton, Evelyn Odlin, Carrie and Dora Pelot, Lottie and Lola Lawler, Martha Rentz, Matthews, Hallie Ley, and Miss Ley, the host.

The afternoon was very pleasantly spent in conversation, music and choice readings. Before the young ladies finished the program delicious refreshments were served.

Miss Hallie Ley is the handsome and accomplished daughter of Rev. and Mrs. J. B. Ley, of Lakeland, and has met many young people of Arcadia, and has been the guest of honor at several delightful receptions.—Arcadia News.

Interesting Service at Presbyterian Church

Rev. W. S. Patterson preached a very interesting sermon at the First Presbyterian church yesterday. One

BAPTIST CHURCH CALLS REV. WALLACE WEAR

The First Baptist church of this city yesterday morning issued a call to Rev. Wallace Wear, of Louisville, Ky. This gentleman visited Lakeland three weeks ago and made a most favorable impression on both the members of this church and the public generally. He has been unusually successful in his work in Louisville and it is hoped that he

REV. WALLACE WEAR.

will decide to accept. The church here offered him a salary of \$1,800 a year, which is one of the best paying pastorates in Florida, and that he will measure up to all that has been said of him by those closely associated with him for years, the Telegram feels sure, and Lakeland, as a whole, assures Rev. Wear of a most hearty welcome should he decide to come among us.

ADDITIONAL PERSONALS

Mr. and Mrs. Virgil McRae have returned from their bridal trip, which included various points on the west coast.

Mr. Oscar M. Eaton, mayor of the growing city of Lakeland, was a business visitor to Ocala Friday. Mayor Eaton says that Lakeland is growing at a remarkably rapid rate, and all kinds of industries are prospering. This applies especially to newspaper and job printing establishments. He says that Editor Hetherington of the Telegram has one of the most complete printing establishments in any town of the size of Lakeland to be found anywhere, and that it simply grew on his hands. Editor Hether-

ington also has a very fine building. The Telegram and its prosperous career is only one index pointing to the upbuilding of Lakeland.—Ocala Banner.
