

SANTA ROSA COUNTY WILL REMAIN DRY

YESTERDAY'S ELECTION RESULT-ED IN VICTORY FOR THE PROHIBITIONISTS, ACCORDING TO INDICATIONS OF RETURNS.

Special to The Journal.
Milton, Aug. 27.—Indications tonight are that the county of Santa Rosa has gone "dry" by a good majority in the wet and dry election held today. Both this place and Bagdad went "dry" by good majorities, and all of the reports from country precincts indicate that the "drys" have received big majorities.

Milton went "dry" by 28 votes, while at Bagdad the vote was 89 "dry" to 84 "wet."
The campaign has been a heated one and there has been intense interest on both sides throughout the county.

FEDERAL TROOPS FIRE ON RAIDERS

Mexicans Had Raided a Ranch and Were Making Away With 100 Head of Horses.

By Associated Press.
El Paso, Tex., Aug. 27.—Twenty-five Mexican raiders and a troop of the third United States cavalry stationed at Hschita, N. M., exchanged shots last night after the invaders had raided the Culmeron ranch four miles from the border and thirty-five miles from Hschita and were making away with 100 head of horses.

This was the report received today by Gen. E. Z. Steever from Lieut. H. B. Johnson, commanding troop F, third cavalry. Gen. Steever announced additional troops will be rushed to the scene of the disturbance. The report did not state whether any of the raiders or cavalrymen were wounded.

CLARK BEAT HIS DESK TO PIECES

Speaker Used Gavel to Such Effect During Session of Congress That Top of Desk is Wrecked.

By Associated Press.
Washington, Aug. 27.—Repairmen today examining the furniture of the house discovered that Speaker Clark during the last nine months had used his gavel with such effect that virtually the entire top of the desk was wrecked.

One entire section had been pounded away, leaving a large hole concealed by the green felt that covers the desk. The speaker throughout the session made vigorous use of the gavel on all occasions. According to old members no speaker since Thomas B. Reed has employed the mallet with such freedom.

GUARDING NEGRO IS A COSTLY JOB

St. Louis is Spending \$15 a Day to Insure Peaceful Sleep and Prevent Attacks by Whites.

By Associated Press.
St. Louis, Aug. 27.—To insure peaceful sleep to B. A. Hudlin, a negro, and his family, this city is spending \$15 a day or \$450 a month to guard his home from possible attacks by whites who resent what they term a "negro invasion" in their residential district. The guarding by policemen began early in May and if it is continued until September 15 the city will have spent \$1,800.

Several times the sheds in the rear of the black's home have been fired and after that the police guard was established at the cost of the city. Five policemen are detailed to guard the premises. The whites have held several mass meetings to formulate plans to oust the negroes but without avail.

COMMITTEE HAS A "HEAP TO DO"

Chairman of Body to Investigate Campaign Contributions Reaches This Conclusion.

By Associated Press.
Washington, Aug. 27.—Senator Clapp, chairman of the senate committee to investigate campaign contributions, today tried to form an idea of the scope of the committee's work. After studying the Penrose resolution extending the inquiry to contributions to the presidential nomination of 1912 and transactions between John D. Archbold, George W. Perkins, Theodore Roosevelt and members of congress during the last decade, the senator concluded that the committee had a "heap to do."

Today Senator Clapp received a letter from Senator Pomerene, designated as a new member of the committee, saying that he would be ready to work on the investigation any time after September 11. Because of the absence of Senator Jones, Chairman Clapp reiterated that the committee probably would not be called together before September 30.

TAFT'S ECONOMIC COMMISSION WAS RUTHLESSLY TRIMMED

By Associated Press.
Washington, Aug. 27.—President Taft's economic commission, it was discovered today, was ruthlessly trimmed by the Democratic house and by the senate in the sundry civil appropriation and the legislative appropriation bills.

In addition to limiting the powers of the commission to "matters of transacting the public business of the government only in the several executive departments," the sundry civil bill re-

duced the salaries of its members. The chairman now gets \$10,000 a year, while the five other members receive \$6,000 each.

The law provides that not more than three persons may be paid not more than \$4,000 per annum and cuts to \$75,000 the amount designated with which to prosecute the work.

By Associated Press.
Juarez, Mex., Aug. 27.—Just as traffic was resumed on the Mexican railway between the city of Chihuahua and the border rebels today burned five railway bridges about one hundred miles southwest of Juarez. The presence of rebels in this vicinity came as a surprise to the federal headquarters here.

A work train has been sent from Juarez to repair the track and troops have been ordered to the scene from Pearson. A train bearing 500 passengers, mostly Americans going to work in the lumbering and mining settlements, returned here on hearing of the destruction of the track.

HELEN AND BOB TAFT HAVE HIGH TIME IN GLACIER PARK; HOBNOB WITH INDIANS WHO LIKE PALEFACES FROM WHITE HOUSE

At the top, Taft party doing squaw dance with Indians; middle left, Robert Taft holding levity pow wow with Big Top, Glacier Park Indian chief; other pictures show Helen Taft on horse back in Glacier National Park.

Helen and Bob Taft had the time of their lives on their recent visit to Glacier National Park. They spent three weeks there, and have numerous interesting tales to tell of their experiences. No doubt the president will forget politics and the cares of state when the young Tafts begin to tell about the times they had.

Perhaps their most interesting experience was at the United States reclamation camp on lower Two Medicine Lake. When they arrived at this point on their journey they found Louis W. Hill, chairman of the Great Northern railway board of directors, and a band of real Indians whom he had in waiting for them as a surprise. One of the accompanying photographs shows the party doing the squaw dance.

It is here that Robert Taft held a levity pow wow with Big Top, Glacier Park Indian chief. Big Top took a great liking to the son and daughter of the nation's "great paleface chief," and vowed he'd like to have another

visit with Bob, perhaps in the White House.

Some good friends of Bob Taft captured a bear cub and presented it to him. The animal was tied to a tree outside the camp, but during the night, so the story goes, the cub's mother came around and chewed the rope to two, thereby making possible her little one's escape.

Bob Taft took the matter philosophi-

cally. "Well," he said, "that cub might have been a Teddy bear, and if so dad never would have consented to his hanging around the White House."

In two of the accompanying photographs Helen Taft is seen astride her pony in Glacier Park. She loves the outdoor life, and is especially fond of horseback riding.

NEWELL SANDERS NOT A CANDIDATE

Does Not Desire to Succeed Himself and Withdrawal Adds Interest to Tennessee Campaign.

By Associated Press.
Nashville, Tenn., Aug. 27.—The announcement made last night by Newell Sanders that he was not a candidate to succeed himself as United States senator has added interest to the campaign in Tennessee, plans for which were considered at a meeting of the Republican state committee in session here today.

The announcement is construed by many as signifying that the administration Republicans will have no candidate for United States senator, but will center their efforts on the governorship and legislature. On the Republican state ticket one vacancy exists, no candidate for railroad commissioner having been named. The matter of entering a candidate is expected to be decided today.
