See Taylor. The regular meeting of the School Board—deferred from last week—was held last Tuesday. The official proceedings will be published next week. Russell Taylor, now resident at Ayrar, Fla. was a visitor to his home folks Sunday. Russell's many friends were delighted to see him and to know that he is well pleased and prosperous in his new home. The work of setting out the young and tender plants goes merrily on at the several tobacco farms about town notwithstanding the extremely dry weather. A good rain about now would be worth hundreds of dollars to the tobacco growers. Dr. R. G. Witherspoon left Tuesday for his home in Anderson, S. C. The doctor has been visiting his relatives and friends in town and county for several weeks to their great pleasure and delight. This was his first visit in a period of fourteen years. Russell Vann handles Arnold Bro's. shingles. Call at his store for prices. The young folks of the school are diligently preparing for the annual commencement exercises which will take place the latter part of May. A commencement play to be given at the opera house is in rehearsal and from all reports bids fair to be a tremendous success. Dr. Yates has received his new automobile—a Ford runabout—purchased from the manufacturers through R. S. Coleman local agent. The car is a good one and the doctor being an expert chauffeur derives great pleasure in driving it. This editor was favored with a delightful ride in it last Sunday. A cordial invitation is extended to the children of the town to come and hunt a lot of beautiful eggs Saturday afternoon at 4 o'clock. The usual place, Mrs. W. L. Parramore's, will be in readiness and all friends are urged to be present and enjoy not only the eggs but the bright faces of the dear children. Next Thursday, 27th inst., is the date set apart by the Episcopal ladies for the ice cream fete which will be given on the lawn surrounding the church. These ladies are preparing to give all citizens an afternoon of real enjoyment and their efforts should be appreciated and liberally patronized. Remember the date and be on hand. Mr. E. H. Booker left Monday for Moffitt, Fla., where he will make his home for the balance of his days with his daughter, Mrs. D. D. Whidden. Thus comes to an end 61 years of citizenship in Madison. Mr. Booker came to Madison that many years ago and has remained a citizen of the town all of that time with the exception of the three or four years that he spent as a soldier in the service of the Confederate States of America. He has been a good citizen and perhaps knows more of the past history of Madison and her people than any other citizen of the town or county. We are sorry to lose him and commend him to the good people of that section of the State where he is to take up his abode. We wish for him many years more of happy life.

It is the purpose of the membership of the lodge to make an attempt to revive interest in the lodge and attendance upon its regular meetings. It is a sad fact that the members do not attend the meetings with the regularity that they should and of late it has been almost impossible to hold a meeting because of lack of quorum. Every member of the lodge is earnestly urged to be present at the regular meeting next Monday night.

Letter to A. Livingston, Sr. MADISON, FLA. Dear Sir: A bank messenger lost a small coin. He set his bag down and looked for it. Found it, but somebody else had run-off with his bag. A man who is going to paint had better look out for his gallons. Devco is the least-gallons paint. It's gallons that cost; it isn't the price of a gallon. With one paint, 10 gallons is plenty; another, 11 or 12 or 13 and so on to 22 gallons; and every gallon has to be paid for and painted—\$2 to \$4 a day for painting paint stuffed out with some sort of whitewash. The less the price of a gallon, the more the gallons. Bank messengers better look-out for their bags and not stop to hunt for small coin; and property-owners better look-out for the gallons that make the expense, and not for the price which has nothing to do with it. Yours truly F. W. DEVCO & CO. P. S. D. G. Smith sells our paint

Walk Over Shoes last the longest. Albert Zipperer is the father of a bright and winsome little girl which came to his home last Wednesday. Isn't it about time to put into effect the early closing custom which prevails in Madison every summer? Give the tired clerks a chance. This week in town is "pie" for the candidates, and nearly all of them are present. The presence in town of many citizens from all parts of the county gives the candidate an opportunity for work which he is taking advantage of. Will Tedder came up from Fort Pierce to attend the funeral of his mother, Mrs. George H. Tedder, and remained in the city until Saturday. We were glad to see Will again though regretting the sad mission which called him to our town. Speaking of big-headed people, have you noticed Charlie Carroll lately? He has become so stuck up within the past few days that he scarcely can see ordinary mortals as he passes them on the street. The cause: a fine boy baby, Charlie Jr., arrived at his home Friday. Charlie says the young man is already an expert railroad agent and he will now have more time than ever to pursue his favorite sports, hunting and fishing. Hon. Park Trammell, candidate for Attorney General was in town Tuesday and met a large number of our citizens, to whom he made known his aspirations. Mr. Trammell is an unusually distinguished looking young man and has achieved a splendid reputation throughout the State as a lawyer and legislator. He is most sanguine of his nomination in the coming primary and if he has impressed the people in other parts of the State as he did the people here, we rather think he is right in his conclusions.

For a good straw hat see—Taylor. The friends of Mr. and Mrs. Mathew Thornton will be sorry to learn of an accident which happened to their little baby daughter, hurting her rather seriously. The baby had a severe fall, but is receiving the best of care from the Madison doctors. Mrs. Thornton, as Miss Katie Lines, was immensely popular here.—Times Union.
