## FAMO A Builder of Health

Aside from the essential compounds necessary to life that are present in Schlitz Famo — protein and carbohydrates—the organic acids, aromatic compounds of the hop content and carbonic acid gas, exert a very beneficial action.

They have a specific antiseptic property to suppress the development of harmful bacteria that may be lodged in the intestinal tract.

They stimulate — refresh — and assist digestion by replacing to a certain extent the hydrochloric acid of the stomach—cause it to flow more freely —increasing the secretion of the digestive juices.

Drink Schlitz Famo freely — it is a worth-while cereal beverage, non-intoxicating, healthful and satisfying. Good and good for you.

On sale wherever soft drinks are sold. Order a case from

## Made Milwaukee Famous

**FACTS ABOUT LAKE LAND**  
It has a population of about 10,000. The census of 1915 gave it 7,214, making it rank at that time the fifth city in the State.  
It has an altitude of 227 feet above sea level, is wonderfully healthful and free from malaria.  
It was incorporated in 1884, and is therefore a comparatively new town. It has municipal-owned light and water plants, which give splendid service at very reasonable rates.  
It has the best and purest water in the State, and there is no better anywhere. The supply is from artesian wells of great depth and volume.

It has two large citrus fruit packing houses with the most improved equipment.  
It is on the main line of the Atlantic Coast Line Railroad, 200 miles south (slightly south-west) of Jacksonville, and 32 miles east of Tampa.  
It has between 30 and 40 passenger trains a day.  
It has a pretty park in the center of the town around which the business section centers.  
It is in the heart of the orange and grapefruit section, and it is the shipping point of many thousands of boxes of citrus fruit every year.  
It has a large factory devoted to

the manufacture and bottling of grapefruit juice and other citrus products.  
It has an iron working plant, employing about 50 workmen, and at present engaged with government contracts.  
It has railroad shops which distribute a very large payroll, and it is the terminus of seven railroad divisions, making it the home of many railroad operatives.  
It has a modified commission form of government, and its municipal affairs are satisfactorily managed.  
It has an excellent fire department, with modern apparatus and equipment.

### WHAT DR. ANNA HOWARD SHAW SAID OF ALABAMA

The death of Dr. Anna Howard Shaw, honorary president of the National American Woman Suffrage Association, an acknowledged leader of all the hundreds and thousands of women in all parts of the country who who are working for equal suffrage, recalls the fact that she made a tour of Alabama some time ago.

In speaking of the outlook for suffrage in Alabama, Dr. Shaw said:

"The fact that every southern state is organized for suffrage, that southern women are recognized as leaders in the cause and that local southern organizations are increasing their membership by leaps and bounds is proof to the whole country that the South will not be left behind by the West or by those Eastern states which seem fairly sure of winning suffrage.

"There is never any pause in the onward march of woman suffrage, and this year the prospect of winning votes for women looks brighter to me than ever before.

"There is nothing more hopeful than a campaign for suffrage. Its educational work cannot be over-estimated.

"The influence of the elections of 1916 was felt especially in the southern states where suffrage sentiment is steadily gaining ground. Every southern state is now thoroughly organized and the statement so often made that the southern woman is against us is daily refuted.

"The cause of woman suffrage cannot stand still. Every year brings us some new gains and the best part of being a suffragist is the knowledge that you are fighting to win. Even our opponents admit it. Anti-suffragists are frank to say that woman suffrage is coming. When a great body of women get together to work for something which they believe to be right and just, and a step toward the democracy of which we talk 'a government of the people, for the people, and by the people' nothing can defeat them in their struggle. They are determined to win and they will win."

### THE NEW "PEACE HAT"

(By Associated Press.)  
London, July 9.—The "Peace Hat" is a new kind of headgear about to be offered to London men. Mystery veils its shape and material and hatters thus far have managed to keep the secret strictly guarded, but they have hinted enough about a revolution in men's head covering to stir up a lot of curiosity.  
"Men are tired of the time-honored

It has miles of brick and bitulithic paved streets of the highest type of construction.

It has a splendid telephone system, with about 1500 subscribers.

It has an automobile to every persons.

It has six beautiful fresh-water lakes lying either wholly within the city limits or bordering thereon.

It has an Elks' Club building, recently completed, at a cost of about \$75,000.

It has up-to-date stores and business houses, representing every line.

It has the following fraternal organizations: B. P. O. E., K. of P., W. O. W., Odd Fellows, Masons, Knights Templar, Modern Woodmen, Shriners, U. C. T. and others.

bowlers (derbies), toppers, straws and Homburgs," said one haberdasher, "and they want something new. The need is urgent for a new hat—the 'Peace Hat.'"

A London milliner said she favored an innovation.

"It's quite time," said she. "Men's hats at present are undoubtedly the dullest things in life."

Florida has some of the largest and most beautiful springs in the world. Several of them flow at the rate of 200,000 to 300,000 gallons a minute, large enough to float steamboats. Silver Springs, near Ocala, flows 375,000 gallons a minute. It is believed to be the largest spring on earth.

### SPECIAL NOTICE

There is no better place in Florida to stop than Shaw's Hotel, Lakeland, Fla. Open Day and Night to Ladies and Gentlemen. This Hotel is kept in order by a man of experience and the rooms are as neat and clean as a pin. Located on Florida avenue, opposite City Hall.

If you have Kidney Trouble, Liver Trouble, Indigestion, Weak and Aching Back, Pains in Stomach, Side or Back, or Rheumatism, get a bottle of Old Seminole Treatment, the kind Shaw puts up, at Shaw's Hotel. You can see that it is doing you good in twenty minutes after taking a dose.
