Irish girls are said to have the most beautiful hands. English girls are too plump and fleshy. The hands of the American girls are too long and narrow. The fingers of the German girls are too short and the palms too broad. The hands of the French, Italian and Spanish girls may be called indifferent. Next to the Irish girls, the daughters of Poland deserve the palm so far as the beauty of the hand is concerned.

NO APOLOGUS TO RUDYARD
If you can keep your "wad" while all about you
They're buying needless articles to show;
If you can keep your cash and no one doubt you
Nor swear you are contemptible and low;
If you're content to ride an ancient bicycle
While others pass you going like the devil
And give you looks as warm as any icicle
And you can smile—I'll say you're on the level.

Oscar Dugey, who used to pastime with the Braves and later with the Phillies, has returned to the big show as coach for the Braves.

Canadian boxing fans believe that Gene Brosseau, the Canadian middle-weight champion, will give Mike C'Dowd a real fight for the world's title at Montreal May 24.

Looks as if the baseball rule makers had caught up with the pitchers, for the time being at least. But the pitcher is an inventive cuss and will probably find some way to cross the batsman as of old.

"Worth," in proper names, as in Kenilworth, Edgeworth, etc., signifies that the town stands on a tongue of land.

Forty fives was part of a legacy left to an American soldier in a native potentate in the Philippines.

I've found the world, since I've been fooling 'round her,
Is very apt to style a man "a wop,"
Unless he spends his money like a bounder
And loosen up and don't know when to stop.
I think when this old world puts up a holler
Because a man prefers to be some slow—
That it puts the man way down below the dollar—
Which is really not where he belongs, you know.

I reckon while the world keeps up its paces
We might as well be smiling as we go;
We shouldn't pass along with grouchy faces
When we can smile so easily, you know.
If you can pay your keep, and do it squarely,
And do not have to bow when others beck,
You'll end your days most pleasantly and fairly—
For you'll be what I call A MAN, by heck!

LA LA LUCILLE

IN THREE TEMPTATIONS

Atlanta Journal of February 24 says:—"It is genuinely funny. Even a Sunday School Superintendent would be bound to laugh at Fanny, the Janitress, who agreed to act as co-respondent for not less than five dollars.
Fresh from five months' run at the Henry Miller Theater, New York, and positively the only company enroute.
