C.E. DOBSON IS BUSY WITH TWO FLA. SENATORS

MAINLY THROUGH HIS EFFORTS PENSACOLA MAY BE DESIGNATED BY UNITED STATES AS A PLACE FOR PERMANENT RIFLE PRACTICE.
A Washington staff special by Louis Ludlow to the Metropolis of Jacksonville says: Pensacola may be designated as a place for rifle practice. Senators Fletcher and Bryan called today on Secretary Daniels and presented the Pensacola claims with such eloquence and force that orders were issued directing Capt. Simms and Commander Harrison to make a report on Pensacola as a site for target practice. Mr. Dobson also presented the matter of using the Pensacola navy yard industrially for the repair of ships. He urged the advantages of establishing there a yard for general repair and building of ships. The matter was taken under advisement.

COLLECTOR OF OLD FIREARMS
CHARLES PUGSLEY OF NEW HAVEN SPENDS DAY IN PENSACOLA EN ROUTE TO WINTER HOME IN MONTICELLO—LIKES THE DEEP WATER CITY.

An interesting visitor in Pensacola yesterday was Charles Pugsley of New Haven, Conn., who spent the day here en route to his winter home in Monticello. Mr. Pugsley is a collector of old guns and pistols and he interviewed several citizens yesterday in an effort to secure some of these relics of colonial and civil war times. He now possesses, he says, some 800 guns and 700 pistols of various makes and styles going as far back as the year 1700, beyond which date Mr. Pugsley says it is difficult to secure many authentic specimens.
Mr. Pugsley has been coming to Florida for 27 years, but this was his first visit to Pensacola. "I am agreeably surprised at the appearance of your city," he said to a Journal representative yesterday. "It is clean and attractive and your hotel is a fine institution. I am going to Monticello now, but I hope to make another visit here."
