RULING MAY FREE MANY CONVICTS

BY ASSOCIATED PRESS.
Frankfort, Ky., Feb. 6.—Several hundred convicts in the Kentucky state prison may obtain their immediate release under a ruling today by the state court of appeals. The decision is based on the court's interpretation of the indeterminate sentence law and resulted from an appeal in the case of John Demoss, sentenced to a minimum of two years.

Demoss served two years and applied to the prison commission for parole. His plea was refused and he sued, the case finally reaching the court of appeals. The court decided that under the law Demoss was entitled to a parole after serving his minimum sentence without the necessity of going before the prison commission and if a parole was refused, the petitioner had the right to secure a mandamus for his release.

GREEN RETIRES AFTER 21 YEARS OF BANKING

BUSINESS ASSOCIATES PRESENT HIM WITH BEAUTIFUL LOVING CUP AS TESTIMONIAL OF ESTEEM AND GOOD WILL—RETAINS INTEREST IN BANK, BUT WILL DEVOTE TIME TO MILLING BUSINESS.

Twenty-one years a banker, enjoying the good will and esteem of his business associates and the confidence of the business public, L. Hilton Green yesterday retired from active business connection with the banking business which he established in Pensacola, February 4, 1893.

The retirement of Mr. Green was signified by the presentation to him from the directors of the bank of a beautiful loving cup engraved upon three sides with the following significant inscriptions:

Presented to
L. HILTON GREEN

the Directors
of
The Citizens and Peoples National Bank, Pensacola, Fla.
In Token of
Their Esteem and Best Wishes

Citizens and Peoples National Bank
J. S. Reese
R. M. Cary
William Fisher
T. E. Welles
J. J. Hooten
W. H. Watson
W. DeC. Kessler
Oscar E. Maura

The presentation was made at a luncheon at the San Carlos hotel tendered by Mr. Green to the directors yesterday and the gift came as a complete but happy surprise to the recipient. W. DeC. Kessler, one of the board of directors, made the presentation on behalf of the board, and the testimonial was received by Mr. Green in brief but feeling terms, expressive of his deep appreciation not only of the gift, but of the sentiment which prompted it.

It was twenty-one years ago, on February 4, 1893, that L. Hilton Green, William Fisher (now deceased) and T. E. Welles founded the Citizens National bank, with L. Hilton Green as president. Mr. Green continued as president until the consolidation of the Citizens National and the Peoples National bank in 1911, with J. S. Reese as president of the new organization and Mr. Green chairman of the board. During all these years he has been an active and guiding spirit in the affairs of this successful institution.

L. Hilton Green has never been known as an ambitious banker, but the banking and business world long since came to look upon him as a safe banker, and whenever in the history of Pensacola the financial seas rolled high, Mr. Green has loomed up as a tower of strength in times of stress, and he retires from active banking business now bearing honors commensurate with his long years of service.

His retirement from active business connection with the bank does not mean that he is severing his financial connection with or interest in it. He is still a stockholder in the Citizens and Peoples, but his time will hereafter be devoted to his extensive milling and timber interests and he will continue to be a citizen of Pensacola with whose business interests he has been so long identified.

BIG GALVESTON TUG IS IN PORT

STEAMER JOHN SELAY PUT IN AT PENSACOLA REPORTING HEAVY WEATHER DURING THE NIGHT IN THE GULF.

Putting in for orders, supplies and shelter, the big iron tug John Selay of Galveston arrived here yesterday morning and during the day was moored at the Alken wharf, where it was viewed by many along the waterfront during the rainy day. The vessel was supposed to have renewed her voyage last night, but her skipper decided to remain in port during the night to renew her voyage this morning if weather is favorable. Heavy weather was reported in the gulf during the night by the steamer. The tug has been moving very much of late. Coming from Tampa, where a large oil had been towed, the steamer is now en route to Morgan City, where two oil barges are to be taken in tow for Mexican ports. The steamer also was recently at Apalachicola in tow.

SENTENCE DAY FOR MR. MAURA SIXTEEN CASES IN CITY COURT

AGED EX-REGISTRATION OFFICER ADJUDGED GUILTY OF FALSIFYING RECORDS WILL HAVE PENALTY IMPOSED.

Appearing for sentence in the court of record this morning will be ex-Registration Officer Frank Maura, the aged defendant in the city election troubles which were tried a few days ago in the said court. Mr. Maura was told to appear for sentence this morning, but in the meantime has not been locked up, having been allowed to go on an approved bond. Friends who believe that he did no intentional wrong sympathize with him in his plight, and clemency of the court will be the hope of many of them. The penalty may be imprisonment or fine, or both, the court having exclusive discretion in the final disposition of the case. The old veteran's age is also in his favor, so far as clemency is expected.

With today's docket, the court of record will about have cleared up the business for the term, and upon the disposition of a case set for today, and the disposition of the Maura case, it is expected the court will be adjourned.

One case was docketed for yesterday, this being Caldwell vs. the Pensacola Electric Company. A compromise was effected outside the court and the case was wiped from the docket in this manner. This was a suit for damages.

STEAMER HERE TO LOAD FIRST G.F.&A. COTTON

BIG LEYLAND STEAMSHIP ARRIVES AND IS BERTHED AT NEW DOCK WHERE MISCELLANEOUS CARGO WILL BE TAKEN.

Arriving on time, the big steamship Nessian put into port yesterday and was soon moored at the east side of the new G. F. and A. dock, where, during the day the vessel remained idle on account of the inclement weather.

The steamer will be worked this morning, however, if good weather prevails, and lively times will prevail on the newly-built cotton shipping point. It is announced that several hundred bales of cotton will be placed on the Nessian at the wharf where the vessel is now moored, and a berth will be taken at some other dock. It was stated, to complete the Pensacola portion of a big cargo for Liverpool. The several hundred bales of cotton listed for the Nessian from the G. F. & A. railroad section is the initial consignment from a brand new cotton territory for Pensacola.

This cotton will be handled directly from cars to steamer on this occasion, but in the near future, it is hoped to handle hundreds and thousands of bales from this new outlet, all of which bids fair to largely increase the cotton exportation from Pensacola to foreign points. While there are no steamers due for some time for cotton from the new section, there will be several sailing vessels to moor at the wharf named as soon as a suitable berth is available, and all this will tend to greatly swell this port's export business.
