HERE IS A MACHINE THAT BUILDS TIRES

Each Machine in Federal Factory Turns Out 50 Tires Per Day

One of the interesting sights in the big plants where automobile tires are manufactured is the tire building machine. The above view taken in the big Milwaukee factory of the Federal Rubber Manufacturing Company gives a clear idea of the manufacture of a tire casing on one of these machines. Two expert tire builders can work at each machine, their output being Two expert tire builders can work at takes five strips, a four-and-one-half each machine, their output being inch tire 6 strips, and the big five-inch

He morning.

MISS LOUISE IDA BRUNET.

Look young! Nobody can tell if you use Grandmother's simple recipe of Sage Tea and Sulphur.

Almost everyone knows that Sage Tea and Sulphur, properly compounded, brings back the natural color and lustre to the hair when faded. streaked or gray; also ends dandruff, itching scalp and stops falling hair. Years ago the only way to get this mixture was to make it at home, which is mussy and troublesome. Nowadays, by asking at any drug store for "Wyeth's Sage and Sulphur Compound," you will get a large bottle of this famous old recipe for about 50 cents.

Don't stay gray! Try it! No one can possibly tell that you darkened your hair, as it does it so naturally and evenly. You dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, and after another application or two, your hair becomes beautifully dark, thick and

KIDNAPPED CHILD IS LOCATED St. Louis, Oct. 31.--Virginia Lee Gerhard, the four-year-old child who was taken from her home here last Monday by her nurse, Julia Erususky, is held with the nurse by the police at Muskogee. Okla.

THE USE OF CHRISTMAS CARDS

Never in the history of the development of social customs have Christmas Cards been so much used as they

The custom is almost universal and is extending each year; a fact that is natural, when it is remembered that this is the least expensive and most delicate means of conveying our share in the sum total of Christmas happi-

While ready made cards for this occasion are offered for sale at many places: these are not so much in derand now as those which are specially engraved. Cards for "Christmas Greeting" should express ones individual taste in as great a degree as a cordial personal greeting, and this can only be accomplished through the medium of a card engraved in ac-

rangement and artistic effect. . The most satisfactory results can be

SAFETY FIRST

Watch Your Step

What do those three words mean?

They warn you to be careful in boarding a car, that your foot is set firmly on the step, to prevent your slipping. They warn you to be careful in leaving a car, that the ground where you alight is solid and firm. They warn you that in boarding or leaving a car you might step on a lady's dress, causing her to fall. They warn you not to leave a car backward. They warn you after leaving a car not to go behind it across another track without looking for an approaching car.

to allow their use being liberal and nted, as it should be to produce reusually lacking in effect, because ingredients must be cheap, othernoments as follows, you will have arkable wrinkie eradicator, one works quickly and surely, and it st you far less than any prepared you can buy. Furthermore, you ream used every day will produce

ments, and cannot be surpassed. Use liberally. Any drug store can supply you with the beta-quinol.

MISS G. M. B.—Use the following and see how quickly and beautifully your complexion will change to one of exquisite beauty. It is difficult to explain the marked change which this cream produces. All freckles, muddiness and blemishes promptly disappear. Nothing can surpass it for this. Get at the drug store one ounce of zintone and mix with one tablespoonful of giveerine in a pint of hot water. This makes many times more cream than you would have to pay for by buying prepared creams which are ents. This is why pehraps you more cream than you would have to pay ents. This is why pehraps you for by buying prepared creams which are experienced but little improvement much weaker in results.

SORROWFUL—The bust can very often be developed. The following mixture is the best thing known for this, and it is safe, though of course no one can ever be sure of success in this regard. Mix two ounces of ruetone, obtainable at any drug store, with half a cup of sugar and dissolve in a pint of cold water. Take two teaspoonfuls after meals and at bed-time

EVA G. R.—You have probably never heard of the remarkable properties of eggol as a head-wash and dandruff remover. This dissolves away all fatty accumulations and dandruff, which nothing else, not even soap and hard scrubbing can do. A teaspoonful of eggol in half a cup of hot water makes the most exquisite shampoo you can ever set. It exquisite shampoo you can ever get. It cleans out all the pores wonderfully, and lets the hair "breathe" thus assisting very materially in making the hair healthy and vigorous. I would never use soap on hair. Eggol, besides, leaves the hair easy to do up. It is very economitain enough eggol for over a dozen of these extraordinary head-washes.

MRS. T. L. M .- Simple sulfo solution is

MISS X. O.—It is remarkable but true that you can get rid of blackheads in a few minutes. Sprinkle some neroxin on a sponse which you have wet with hot water, and rub this on the blackheads. In a few minutes they will be all sone. This holds true for even the tiniest blackheads which it is impossible to pinch out. Never pinch out blackheads.
