By virtue of a decree of foreclosure from the circuit court of Escambia County, Florida, in and against Louis Rogers Lake, Thos. J. D. 1913, to the highest cash bidder, the following described property in said city, to-wit:

First National Bank Building in Dayton Burning

(Continued From First Page.) Further danger from flood was pressing today but the apprehension of great loss of life from famine, exposure and sickness was growing hourly. The flood waters receded three feet during the night and it was expected before darkness most of those marooned in the down town districts would be liberated.

NOT A DAY'S SUPPLY. There is not a full day's food supply in the city and before night it is likely that 1,000 persons who have been held down town without food or water since Tuesday will be released and there will be no provisions for them nor places to care for them.

REPORT CAUSED EXCITEMENT. Needless suffering was caused by the announcement today of the breaking of the reservoir when men rushed through the uptown streets shouting a list for your lives, the reservoir has broken.

RAIN TURNS TO SNOW. The constant rain since Monday turned to snow in the night but the downtown ceased at daylight. The rain made its first appearance at the week at 11 o'clock today. Today, however, was considerably colder than the first days of the week. First alarms of the breaking of the reservoir today were spread by a policeman who posted on the edge of the flood district.

NUMEROUS FIRES OCCUR. Numerous fires have sprung up since the water of the burst reservoir pent in tons of thousands, but the worst blaze started yesterday afternoon at 4:30 and this morning still was claiming its toll of property and doubtless some lives.

BRIDGE GOES DOWN. Indianapolis, Ind., March 27.—The Vandavia railroad bridge over White river went down this morning with a crash, carrying with it ten cars put there to hold it in place.

YESTERDAY'S WEATHER. Furnished by the local office, weather bureau, U. S. department of agriculture, under the direction of Willis L. Moore, chief of bureau, Washington, D. C.

Pensacola's Temperature Data. Highest on record for March, 87 degrees. Lowest on record for March, 25 degrees. Average of the highest daily temperatures for March, 68 degrees.

Pensacola's Rainfall Data. Normal rainfall for the month of March, 5.26 inches. Total rainfall this March to 7 p. m., 10.07 inches.

Table with columns for Station, Temp, Highest yesterday, and Weather 7 p. m.

Cincinnati also sent some. Upon the arrival of these craft work of rescue went on rapidly. From what could be seen through a field glass from the top of a tall building, more than a mile away, it seemed as if the most serious blaze started in the Patterson Supply Company's plant. Early today it had consumed parts of three blocks.

150,000 HEMMED IN. Unlike conditions which cities heretofore have been overwhelmed by fire or flood, Dayton has no general representative citizens' committee to relieve victims of the flood and fire that have swept this city. It is impossible to communicate with the mayor or other city officials, as less than half of the population of 150,000 are hemmed in by the water.

Society women of St. Louis in order to battle more successfully with the sworn enemy of the idle rich, Ennui, are taking up the boxing game. And thus far it looks as if they will have Ennui against the ropes in about two more rounds. Ennui right now is groggy. The results achieved are most encouraging.

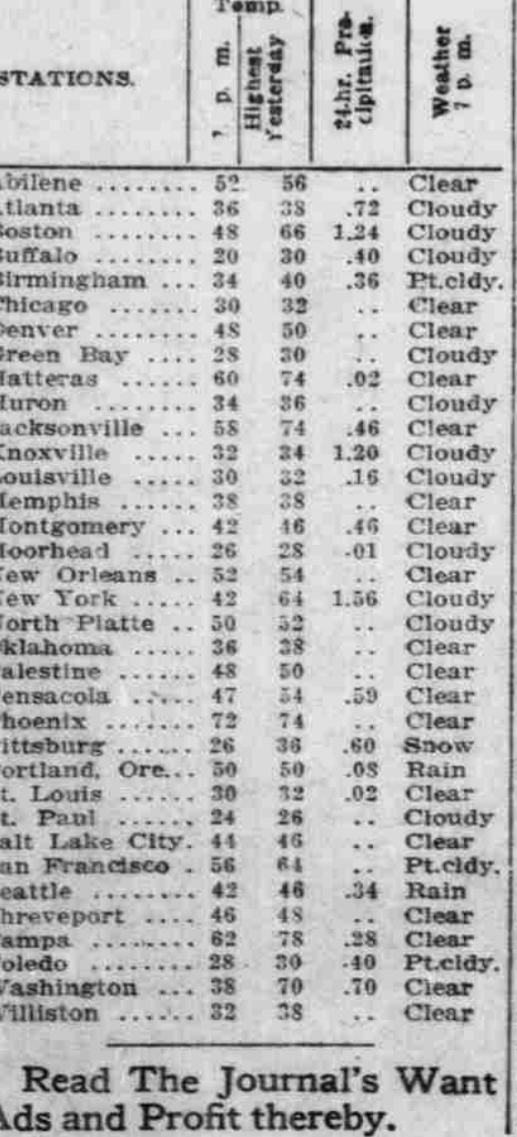

MANY MORE NAMES ARE SUGGESTED FOR CLUB. In regard to your offer asking for suggestions for a name for the local baseball team in the Cotton States league, I would like to suggest the name Baymen. As this city is the only one in the league located on a bay, I think Baymen would be an appropriate name. S. P. Cherberg.

HARBOR AND MARINE NEWS. Passed Sand Key. March 26.—7 p. m., steamer Monarch, bound east; 10 p. m., steamer Sigorch Castle, bound east; 11 p. m., steamer El Occidente, bound east; 8 a. m., steamer Ada, bound east; 11 a. m., steamers Gamma and Windemer, both bound east; 1 p. m., steamers Honduras and Kylestone, both bound east; 4 p. m., steamer Sally Maestrak, bound east; steamer Balance, bound west.

SPORTING NEWS OF INTEREST

WATCH OUT, THERE, YOU BRAWNY WHITE HOPES! ST. LOUIS FIGHTRESSES WILL BEAT YOU TO HEAVYWEIGHT CROWN

ambition among them to cop the heavyweight belt. Lots of road work and hard training is being done in an effort to be eligible for the lightweight and bantamweight classes. The business of making a certain weight is a matter of common interest with prizefighters and society dames. Both go at it with large avidity.

As Florida is the flower state and the best stage of the flower is the blossom a good name for our team in the Cotton States league would be Florida Blossoms. Some other names are: Deep Water Snappers, Florida Grays or Pensacola Trojans. A. E. Gilling, 605 West Strongs.

I would like to suggest the name Harbor team: Osceolas or Palafoxes. A. G. Burgmayer, Box 72.

I would suggest the name Winery Schads as an appropriate name for the new team, or the Ezywins. Mrs. Nessian, 4012, Hannaford, Tampa to Gulf Transit Co.

I have received my paper in due time as usual and the Journal's offer of ten dollars for the most appropriate name for the Pensacola baseball team which appears in the issue of the 20th instant appears very liberal, and if not too late I would appreciate consideration of the name Progressive, which is in perfect accord with the city, as I believe Pensacola is the most progressive in the South. There is no doubt but that there can be mustered together an aggregation that will do the trick in its full meaning. Therefore I suggest the name Pensacola Progressive baseball team. James F. Phillips, Keeper Galveston Life Saving Station.

I would suggest the name Pensacola Enterprise for the new baseball team, or Hercules is also a good name. The Mockingbirds would also be fine as they are lively birds and cause many lonely hours to pass quickly. Miss Audrey Ross, 638 East Government.

I suggest the name Rattlesnake or Mountain Sprout for the new baseball team. The whole state is noted for its fine water melons. Joseph E. Ross, 638 East Government.

Please let me suggest four names for the baseball team: Headhitters, Straight Arrow, Woodchucks or Big Six. Mamie Watson, Pace, Fla.
