Resolution adopted by the house of representatives April 14th, 1913. By Mr. Farris, of Duval. House Resolution No. 58: Whereas, there is a grave injustice in our law, in this: That if a tele- gram, advising of the serious illness of one's mother, wife, or child, be de- livered to and accepted by a telegraph company, for transmission and deliv- ery, and the charge of the company be prepaid, and the telegram be not sent or not delivered through the careles- sness or neglect of the company, and the loved one should die and be buried, without the knowledge of the person to whom the telegram was sent, although such person suffer the most poignant grief, the telegraph company cannot be held responsible in damages, for its neglect of duty, in failing to deliver such message; and Whereas, in a telegram related to the sale of a five dollar hog, and because of the telegraph company's neglect of duty, the sale of the hog was lost, the telegraph company could be held re- sponsible for such loss; and Whereas, it is apparent that telegraph companies in this state would serve their own interests and delay telegrams relating to matters held most sacred by man throughout the world, so that they can promptly transmit and deliver telegrams relat- ing to hogs and cattle; and Whereas, in the former class of cases they can neglect their duty with impunity, but in the latter class of cases they must pay the damages caused by their neglect of duty; and Whereas, the reason given by the courts for this unjust rule of law is that the damage sustained is so in- definite that the jury cannot estimate the damage with certainty; and Whereas, the same court permit re- covery of damages for physical and mental pain and suffering resulting from broken legs, mashed fingers, and the like, and also permit the recovery of damages for grief and wounded feelings, if a man refuses to marry a woman whom he has promised to marry, and the same courts permit re- covery of damages for wounded feel- ings and indignity if a railroad con- ductor wrongfully eject a passenger from a train in the presence of other passengers, and the same courts per- mit recovery of damages for indignity, humiliation and disgrace if a news- paper falsely publish that one has been guilty of crime, as well as in other cases where the damage is equally un- certain and difficult of ascertainment; and Whereas, in the States of Alabama, Arkansas, Iowa, Kentucky, Louisiana, Nevada, Texas, North Carolina, South Carolina and perhaps other states, re- covery of damages is permitted in the class of telegraph cases mentioned, but recovery of damages in such cases IS DENIED IN THIS STATE; and Whereas, the juries in those states mentioned, estimate the damages to be allowed in all suits for mental and physical pain and suffering in personal injury cases for humiliation, indignity and grief, in breach of promise to marry cases, libel and slander, wrong- ful ejection from railroad trains and street cars, and in other like cases; and Whereas, we believe that the juries in Florida are as intelligent and cap- able to estimate damages in the class of telegraph cases mentioned as juries in other states; and Whereas, the Honorable John P. Stokes, Senator from the second sena- torial district of Florida, has introduced and introduced a bill to remedy the de- fect in the law above pointed out, said measure having been introduced in the house by Representative Ion L. Farris, of the county of Duval; and Whereas, the said measure upon its introduction in the house was referred to the house committee on railroads and telegraph; and Whereas, the chairman of said com- mittee, the Honorable R. R. Tomlin, representative from Hillsboro county, gave public notice in the house on Fri- day, April 12th, 1913, that said commit- tee would hold a public meeting in committee room number — on Satur- day, April 12th 1913, at nine o'clock a. m., for the purpose of considering said measure, and hearing arguments for and against the same; and Whereas, said committee did meet at the time and place mentioned; and Whereas, Fred T. Myers, Esq., ap- peared before said committee and stated that he represented as attorney the Western Union Telegraph Com- pany, the "interests most vitally af- fected by said measure," and the said Fred T. Myers, Esq., asked that the consideration of the said measure be postponed until Monday afternoon, April 14th, for the reason that the said interests represented by him were en- titled to a fair hearing and that he has not had time to prepare an argu- ment which he intended to make against said measure; and Whereas, the Hon. John P. Stokes, replied to the said attorney for the said Telegraph Company calling attention to the fact that he, the said Senator Stokes, represented eight hundred thousand people in Florida, who were also vitally affected by this measure, and that in their behalf he urged the immediate consideration of said mea- sure by said committee on the ground that he, Senator Stokes, had mailed a printed copy of the substance of said measure to every member of the legis- lature a month before the convening of the legislature; that he had the same time given to the press of the state, copies of the substance of said measure, which were published gen- erally throughout the state, and fur- ther that he had given a copy of the substance of said measure to a Mr. Ward, lobbyist for the Western Union Telegraph Company, on the day after the convening of the legislature (the said Ward being present at said committee hearing and not denying said statement); and Whereas Senator John P. Stokes further directed the attention of the common and wellknown policy of the Western Union Telegraph Company and all other public service corpora- tions to delay the consideration of measures before committees of the leg-

A RED HOT RESOLUTION

the fairness of every member of said committee; and Whereas, if the representative of said paper had been present and pub- lished the facts, it would have been ap- parent to the public that the Western Union Telegraph Company sought to deceive said committee and to delay action by said committee and the house for a sinister purpose, their application for delay being a palpable subterfuge looking to the defeat of the bill by causing it to die on a congested calendar; now, therefore, Be it Resolved by the house of rep- resentatives of the state of Florida that this house resents the imputation made against the members of this house constituting the committee on railroads and telegraph, as published in the Times-Union of Jacksonville, Florida, a newspaper owned, controlled and dominated by the railroads and other corporation interests in Flor- ida as appears by the official records of the railroad commission of Flor- ida, and as further appears by the re- cords of the third assistant postmas- ter general, and we take this solemn, pub- lic and official opportunity to warn the people of Florida against the false, misleading reports of this poisonous sheet, which seeks to destroy the con- fidence of the people of Florida in their trusted and faithful representatives whenever such representatives do not obey the dictation of the special inter- ests; and Be it Further Resolved, That the representatives of the press are hereby warned that this house will not tol- erate false, garbled or misleading reports of the proceedings of this house, or its committees under penalty of expulsion from the floor of this house for the re- mainder of this session of the legisla- ture; and Be it Further Resolved, That the chairman of each committee of this house be instructed to cause a report of the proceedings of each committee to be kept; and Be it Further Resolved, That we hereby endorse the action of the com- mittee on railroads and telegraph in refusing to permit the representatives of the Western Union Telegraph Com- pany to delay action on the measure before mentioned for sinister purposes. Mr. Farris moved the adoption of the resolution. A roll call being ordered the vote was: Yeas—Mr. Speaker, Messrs. Acosta, Adkins, Andrews, Beauchamp, Bryant, Bussey, Brown, Clopton, Darnall, Dur- pre, Epperson, Feagin, Fenn, Floyd, Goldstein, Gornio, Hancock, Hamon, Harvill, Hatcher, High, Hosford, How- ell, Kite, Lacy, Lake, Lamb, Langford, Leslie Leonard, Light, MacWilliams, Maples, Martin, McHugh, McKinley, Middleton (Bradford), Middleton (Put- num), Mickler, Miller, Newlan, O'Neil, Rignlie, Parker, Prevatt, Register, Rhoden, Robinson, Russell, Sanders, Spencer, Stanford, Stevens, Stroon, Taylor (Gadsden), Taylor (Madison), Taylor (Pinellas), Terrell, Tomlin, Turnbull, Van Valzah, Williams, Wil- son (Manatee), Wilson (St. Johns), Worley, Yaeger—67. Nays—Mr. Hendry—1. Mr. Brown moved that a copy of the above resolution, house resolution No. 58, be sent to every newspaper in the state. Which was agreed to.

TRAVELLERS AID SOCIETY BE FORMED

PENSACOLA COMMERCIAL ASSO- CIATION WILL ENDEAVOR TO ORGANIZE ONE FROM VARIOUS PHILANTHROPICAL AND BENEVOLENT SOCIETIES.

The Pensacola Commercial Association, at a recent meeting decided to call a meeting of the representatives from various philanthropical and benevolent societies, to form a Travel- ers' Aid society. The commercial association is tak- ing the lead in the establishment of the Travelers' Aid society here. Believing that it will be of great bene- fit to the city. Such societies, are already in op- eration in the neighboring cities of New Orleans, Mobile, Montgomery, Birmingham, Memphis, Chattanooga, Atlanta, Jacksonville, and Tampa, as well as in most of the larger cities of the North and East. The organization of such a society here will make Pensacola a connecting link in a chain that is to reach from one end of the country to the other. There will be a meeting of delegates to a Travelers' Aid convention, in At- lanta, on April 28, at which plans for making the society, national will be discussed. A number of delegates will go from Pensacola, Mr. J. P. Hurley, chief clerk to Mr. E. O. Salt- marsh, has been appointed chairman of the Pensacola delegation. The Travelers' Aid society is a non- sectarian, protective organization, whose purpose is to protect, and safe- guard travelers, particularly women and girls, who, by reason of inex- perience, ignorance, or illness are in need of assistance. This society provides information, advice, guidance, and protection to all travelers. It furnishes railroad and boat schedule, gives information con- cerning all hotels, boarding houses, places of interest, and amusement in the city. This service, is free, and the agents are not allowed to receive gratuities or fees. The agents of the society meets trains to aid and conduct inexperienced or confused travelers, to their destina- tion in the city. This protection is continued by co-operation with other societies, or friends at terminal points, until the traveler is known to have reached safely her proper destination. The Travelers' Aid agent is known by the official badge. The Use of the Society. Every year hundreds of young women and girls, come to the city looking for a chance to make an honest living. Many are inexperienced and ignorant, and fall an easy prey to persons who are on the lookout for such travelers. Such things, do not occur frequently in a city like Pensacola, but such in- stances have been known, and one such in six months, is too much, be- sides we believe the kindly and help- ful advice offered by the agents of the society to every new comer will be much appreciated by the steady in- creased number of winter visitors to our city. The work is supported entirely by voluntary contributions and subscrip- tions from philanthropical persons and organizations. The societies partici- pating in the support of the Travelers' Aid are: Commercial Association, Board of Trades, charity organizations, Daugh- ters of the Confederacy, Daughters of Isabella, Jewish Council of Wom- en, Jewish L. O. E. F., Knights of Co- lumbus, Girls' Friendly Society, Y. M. C. A., W. C. A.; together with lodges, such as: The Masons, the Elks, the Odd Fellows and others.
