Complete line of "Bucking Bronchos"; Velocipedes, Doll Carriages, and Furniture, China and China Cabinets, Morris Chairs and Davenport, Dining Room and Parlor Suites, Etc.

H. M. Miller Furniture  
Company

## CHARLESTON TO SEND DELEGATION

THAT CITY PREPARING TO FIGHT  
HARD TO RETAIN LIGHT-  
HOUSE HEADQUARTERS.

That Charleston is preparing to put up a strong fight to retain the light-house headquarters of the Sixth district, is best indicated by the following from the Post, of that city:

At a fully attended and enthusiastic meeting of the rivers and harbors committee of the chamber of commerce held last night for the purpose of mapping out a policy to be pursued in a hearing before the department of commerce in Washington on Dec. 18, with reference to the location of the new depot of the Sixth lighthouse district. The situation was gone into thoroughly and a plan of action agreed upon, the following committee being appointed to appear before Assistant Secretary E. F. Sweet, of the department of commerce and present Charleston's case: W. G. Harvey, P. H. Gadsden, Capt. J. J. Igoe, N. B. Barnwell and Managing Secretary A. V. Snell.

The chamber of commerce has already placed before the department of commerce a great deal of data with reference to the advantages of this port as a site for the new depot of the Sixth district. This data will be supplemented, and the argument placed before the department in the form of a brief. The committee selected last night will go to Washington about Dec. 17 and present oral argument to the proper authorities.

It is understood that the hearing to be given Charleston interests will be on Dec. 18. Hearings will be given delegations from Savannah, Brunswick and Fernandina. It is understood that Jacksonville will not join the other cities in the movement to have the district headquarters removed from Charleston.

The committee from the chamber will present, among other data, maps of Charleston harbor showing available sites for the new lighthouse district depot. Options on sites located along the Ashley and Cooper rivers have been procured both by the chamber and representatives of the government. The chamber of commerce holds options on the Chisolm mill property, on Ashley river, and on property adjoining the West Point mills. This latter property is owned by the West Point mills. The government has options on property on both rivers, the location of which can not, for several reasons, be made known just now.

The entire membership of the rivers and harbor committee, department of traffic and transportation, of the chamber of commerce attended the meeting last night. The committee consists of W. D. Porcher, chairman; N. B. Barnwell, F. G. Davies, R. Lee Leiby, Edmund Rhett, H. D. King and Reid Whitford.

### CHRISTMAS SUGGESTIONS.

To Those Who Are Interested in Christmas Presents.

It is often the case where your friend would rather have your old jewelry and prize it higher than anything new, and if you have anything you want worked over and made new, get it to me at once before the holiday rush. I also have a fine line of the best and most up-to-date jewelry and before selecting your presents call and have a look at my line. I do special designing and manufacturing to order. I earnestly solicit your patronage. I am yours as ever and favorably I remain

## "GO TO CHURCH" DAY TO BE STATEWIDE

PLANNED TO MAKE THE OBSERVANCE OF THE DAY ANNUAL CUSTOM.

The plan for a "Go to Church" day, which was set this year for Dec. 14 by the originators in Atlanta, bids fair to become a general throughout the state by next year.

The plan is, in brief, that every church shall hold rally meetings on the same day, and that every minister shall do his utmost to have his church packed, and for one day in the year at least, to have the full membership of his church present. The inspiration of the thought that throughout the state simultaneously large congregations will raise their voices in prayer and song, it is hoped will bring lasting good.

Throughout the state the ministers of the smaller towns are taking hold of the idea, and the "Go to Church" day promises to become one of the most striking demonstrations ever made by any band or organization of churches in America.

Jackson is the latest town in the state to join in the movement. Dispatches from there say that the day will be observed Dec. 14 as it is in Atlanta. The ministers of the place have taken hold of the work and have aroused the whole town to an active interest. The movement also has the endorsement of a large number of business men and other members of the laity.

Each of the Atlanta churches will have committees to see that the effects of "Go to Church" day shall be lasting and that the persons who attend Dec. 14 are personally invited to attend on all of the succeeding Sundays.

In other cities where a movement of this sort has been undertaken the results have been of a permanent nature. It is the determination of the Atlanta pastors that the same shall be true in that city.

The negro churches are co-operating and will add thousands to the total attendance for the day.

## Last Day!

THIS IS THE LAST DAY TO HAVE  
YOUR EYES EXAMINED BY AN  
EXPERT, FREE.

The Atlanta eye specialist, Kennon Mott, cannot stay longer on this trip and will leave tonight for Atlanta, so don't delay, but call and see him today.

The correction of sight and the fitting of glasses is a special study of itself and takes years to master. Kennon Mott has five diplomas on the eye and is an expert of years' of experience in eye work and his diagnosis can be depended upon. Office over The Brunswick News, opposite Oglethorpe hotel.

## KIDNEYS NEED CARE

The kidneys should receive careful and constant attention—they are working constantly and demand it—night and day they are filtering the blood, preventing an accumulation of poisonous waste matter.

Assist the kidneys in their work, strengthen them and enable them to perform their duty without weakening.

Failure to do this will result in deposits of poisonous waste material—the circulation becomes clogged and the system slowly poisoned.

## Nyal's

STONE ROOT COMPOUND  
strengthens the kidneys,

cleanses the blood of all impurities, opens up the circulation and prevents the disease from becoming chronic.

We personally recommend this preparation. Fifty cents and One Dollar the bottle.

Whatever a good drug store ought to have—and many good things that other drug stores don't keep—you'll find here. Come to us first and you will get what you want.

## MERCHANTS PLAN FOR A GALA DAY

CELEBRATION ON COMPLETION  
OF THE G. C. & P. ROAD  
PLANNED.

The Retail Merchants and Business Men's association is planning to make a gala day on the completion of the G. C. & P. line into Brunswick.

At a meeting of the association yesterday morning tentative plans were laid for the celebration. According to these plans extension trains will be run from all points on the line of the road, and other special trains and boats will probably be run from neighboring cities to bring people into Brunswick for the celebration.

While the scheme for the aviation meet was turned down at the meeting yesterday morning, it is entirely possible that this and other features will be brought for the occasion.

The completion of the G. C. & P. railway will add another line to the three systems which now enter the city, and will inevitably mean much to its development.

Brunswick already has the best transportation facilities of any city in the state of its size, and ranks high among the cities along the South Atlantic coast in the matter of exports. The members of the association feel that some celebration in honor of the addition of still another link in the chain calls for official and popular notice.

In addition to the celebration per se it is hoped that the event will serve to attract people to Brunswick who will themselves help in the further development of the city.

The work on the new railroad is going on steadily, and although it is impossible to tell at this time just how soon it will be completed, unless some unexpected delay is met with it is hoped that the first train will be run into Brunswick over it some time during the month of February, 1913, and with good luck, possibly by January.
