**ECLIPSE**

**CHAMPAGNE!**

**EXTRA DRY.**

WE ARE NOW PLACING ON THE market the ECLIPSE CUVEES of 1879 and 1880, which for dryness and bouquet are unsurpassed, and are pleased to inform you that our efforts in producing a Champagne competing with the best Foreign Wines, have been appreciated, dispelling, in a great measure, the prejudice against pure native wines. The ECLIPSE will not only be found in every city in the Union, but has also found a market in the Republic of Mexico and on the Continent of Europe, where it is much appreciated by connoisseurs for its purity, lightness of alcoholic strength and exquisite bouquet and flavor.

**SPARKLING WINES**

As absolutely pure, and they are par excellence the SPARKLING JUICE OF THE GRAPE. They are produced precisely as the high-grade French Champagnes, by fermentation in the bottle, REQUIRING TWO YEARS' CURE AND RACKING TO PERFECT, but differing from their foreign competitors in being neither strengthened with spirit nor flavored in any manner. We claim, and can substantiate our claim, that our Champagnes are the purest Sparkling Wines in the world, and quote from the report to a comparative analysis made by the U. S. Department of Agriculture: "Of 200 samples of wines analyzed, nothing has been found on this continent equal to the ECLIPSE. Containing only the normal percentage of alcoholic strength in dry wines 10 1/2 per cent., and only 6.51 of Saccharine, and no fictitious flavorings." As a stimulant the ECLIPSE bears the highest recommendation of the leading faculty of the United States, and wherever exhibited for competition with any other Champagnes, either foreign or native, its merits are attested by the highest awards.

We caution you against the impositions of parties East and on the Coast, who are foisting on the market a "gas" or charged wine, under the name of California Champagne. Remember, none are genuine except those bearing our name and brand, on both cork and label, and which are sold with the guarantee of absolute purity.

HONOLULU, May 7, 1887.  
HAMILTON JOHNSON, Honolulu:  
Dear Sir—I have made a chemical examination of the sample of Haraszthy "Eclipse" Champagne taken by me from your store, and find that this wine contains no adulteration whatever, the acid present being the natural acid of the grape, while the "bouquet" and gas present are such as would result from the natural fermentation of the wines.  
Yours very truly,  
GEO. W. SMITH,  
Of Benson, Smith & Co., Druggist.
