**COMMERCIAL NEWS.**  
**Williams, Diamond & Co.'s Circular, per Australia.**  
SUGAR.—Prices of refined have declined since our last report. There were six changes in the price lists of our local Refineries up to the 20th ultimo, leaving prices on that date on the basis of 7½c. for granulated. On the 30th ultimo both Refineries made a reduction of ¼c per lb. all round; again on the 31st ultimo ½c., and on the 1st instant ¼c. On the 5th instant the California Refinery reduced prices again ¼c. per lb. The American Refinery have not followed this reduction, however, and prices of principal grades are quoted to-day as follows:

AM. REFINERY.		AL. REFINERY.	
Cube.....	7½c.	Cube.....	7½c.
D. Gran.....	6½c.	D. Gran.....	6½c.
Ex. C.....	5½c.	Ex. C.....	5½c.
Gol. C.....	5½c.	Gol. C.....	5½c.

Until recently the New York market has been above the parity of our market, consequently preventing any business in shipments very far East. With the above decline, we are now below the parity of the Eastern markets. Buyers exhibit considerable caution in purchasing even at the decline.  
The Pacific Coast Sugar Company of Alvarado has commenced marketing its product, and same is selling readily at ½c. below Refinery prices.  
The Refinery at Watsonville is also working full force, and sending raw sugar to this market daily. The outlook for these Refineries, at present prices, is favorable.  
The Cuba basis, for delivery of Island sugar under contract, declined to 6½c. for 96 test on the 15th ultimo, and 6c. on the 19th. Yesterday we were advised of a sale of Cubas in New York 95½ test at 6½c. on the 2d instant, but same has not yet been confirmed by the Refinery.

**EASTERN AND FOREIGN MARKETS.**  
Since our last report, the New York market has ruled dull. Our latest mail advices of the 27th ultimo state that refiners are indifferent, and appear to be sufficiently well supplied for their current requirements. In consequence, values have ruled easier.  
The marketing of the Louisiana crop offers a new source of supply, and checks the consumption of Eastern refined, the Brazil crop for forward delivery at prices below present values also has a weakening tendency, and the effect of the beet crop upon European markets is being closely watched. Under these circumstances buyers of both raw and refined sugar are inclined to operate cautiously. Holders of raws, however, still show a firm attitude. Nominal quotations are 5½c. for 89 test Muscovadoes, and 6c. for 96 test Centrifugals. Very little stock is left in Cuba for export.  
New crop Demerara is being offered for November shipment at 3½c., cost and freight for 96 test Centrifugals.  
Under date of October 25th, Mess. Willet and Hamlin state that it is quite apparent that the consumption of sugar in the world during the past six months was in excess of the production of the same time and that consuming countries, particularly the United States, are dependent upon new crop supplies much earlier this year than for many years, and as far as known, the new crop estimates for the coming twelve months are almost an absolute guarantee of a higher range of prices during most of that time.  
Total stocks in all the principal countries October 25th was 411,205 tons against 513,659 tons at same time last year. Stocks at four ports U. K. for the week ending October 27th, 3,500 tons under the previous week, or 152,923 tons against 174,089 tons last year. Receipts 13,500 tons; deliveries 17,000 tons.  
On the 20th ult. London beet 88 test were quoted at 14-3 and since that date the fluctuations in the market have been as follows: 22d 14-1½, 23d 14-3, 26th 13-1½, 27th 13-3, 31st 12-10½, 1st inst. 12-6, 3d 12-7½, and 5th 12-9.

Our latest telegraphic advices from New York of yesterday quote value of Cuba Centrif. 96 test at 6½c. Market unsettled, future doubtful. European and Foreign Markets strong again. All crop estimates unchanged. Refined in New York has declined to the basis of 7½c. for granulated.  
RICE—Sales have been made at 4½c. 60 days. Chances favor an advancing market as stock is concentrated.  
FLOUR—G. G. Ex. Fam. \$5.00 per bbl. f. o. b.; El Dorado, \$4.00; Crown, \$4.95.  
BARLEY—No. 1 Feed 85 and 87½ per ctl. f. o. b.; gro. or rolled \$18.75 per ton f. o. b.  
OATS—Good feed \$1.25 per ctl. f. o. b.  
BRAN—\$1.50 per ton.  
WHEAT—\$1.55 (feed), choice milling \$1.70 per ctl. f. o. b.  
HAY—Wheat comp. \$15.50; oat \$14.50; large bales of wheat \$16.50 @ \$17; large bales of oat \$15.  
LIME—\$1.40 and \$1.50 per bbl. f. o. b.  
CHARTERS—Since our last, transactions have been on a liberal scale with iron tonnage closed at 4½ orders and wood at corresponding reduction. At this writing considerable tonnage is due and with quiet advices from England we quote the market as fairly steady at above rate.  
EXCHANGE—London 60 days \$4.84½. N. Y. sight 12½c. premium.  
To sail soon for Honolulu, November 6th bknte. S. N. Castle; 8th, bknte. Discovery; 9th, bknte. W. G. Irwin. San Francisco, Nov 6, 1888.
